

ENGLISH TEST

45 Minutes—75 Questions

DIRECTIONS: In the five passages that follow, certain words and phrases are underlined and numbered. In the right-hand column, you will find alternatives for the underlined part. In most cases, you are to choose the one that best expresses the idea, makes the statement appropriate for standard written English, or is worded most consistently with the style and tone of the passage as a whole. If you think the original version is best, choose "NO CHANGE." In some cases, you will find in the right-hand column a question about the underlined part. You are to choose the best answer to the question.

You will also find questions about a section of the passage, or about the passage as a whole. These questions do not refer to an underlined portion of the passage, but rather are identified by a number or numbers in a box.

For each question, choose the alternative you consider best and fill in the corresponding oval on your answer document. Read each passage through once before you begin to answer the questions that accompany it. For many of the questions, you must read several sentences beyond the question to determine the answer. Be sure that you have read far enough ahead each time you choose an alternative.

PASSAGE I

Mystery Paper Sculptor

Between March and November of 2011, an anonymous donor left intricately crafted paper sculptures at various cultural institutions in Edinburgh, Scotland.

Delighted, each sculpture was left secretly and was later discovered by staff. The delicate sculptures—streetscapes, plants, and animals—were carved exclusively from the pages and bindings of books. The tiny details in the pieces are awe-inspiring.

The first sculpture discovered—at the Scottish Poetry Library—was a tiny tree formed from a book of verse. Library staff dubbed it the "poetree." The tree sits atop a book. Beneath the tree are the halves of a golden paper egg, each half filled with words clipped from the poem "A Trace of Wings" by Edwin Morgan.

The 'New' Public Benefit Requirement Mary Synge, 2015-08-27 This book examines the public benefit requirement which provides that a charity's purposes must be for the public benefit. This requirement was given statutory force by the Charities Act 2006 which also provided that public benefit is to be construed in accordance with existing case law and not presumed. The author examines guidance published by the Charity Commission in 2008 and 2013 and measures its accuracy against principles extrapolated from case law with a focus on fee charging charities and independent schools in particular. She also considers the implementation of the Charity Commission's public benefit assessments of independent schools during 2008-10. The book offers a comparative study of the law relating to public benefit in Scotland and presents an analysis of the decision of the Upper Tribunal Tax and Chancery in proceedings brought by the Independent Schools Council and Attorney General in 2011. It also considers subsequent reviews of the 2006 Act by Lord Hodgson and the Public Administration Select Committee and the Government's response to those reviews in September 2013. The fact that the law automatically bestows certain privileges on charities including tax exemptions means that the charitable status of fee paying schools has proved particularly contentious and was described by Lord Campbell Savours as making an absolute nonsense of charity law. Here the author asks whether the public benefit requirement as enacted and interpreted has succeeded in bringing any sense to our law of charity in recent years.
