So You Want to Be a Superinvestor? Ashray Jha, 2023-12-29. It is human nature to make simple things more complicated than they actually are. Investing is no exception. From our early days in school, we are briefly taught about the stock market, given complex formulas to take a quantitative approach and use Greek letters to define terms in the stock market. The constant use of phrases like "smart money" by the media makes you believe you have to know everything about investing to have a chance to succeed. However, there are always two sides to every coin. *So You Want to Be a Superinvestor* examines what we were taught about investing from academia and then questions this conventional thinking. Do the greatest investors like Warren Buffett and other Superinvestors also use the conventional wisdom, or do they think about investing differently? Is this nonconventional investing approach accessible to all, or only ultrawealthy millionaires? In this easy-to-understand book, the author details his own journey into investing, from his early influences from his dad to what he learned in the realm of academia to researching other great Superinvestors. Across various books and media, these wildly successful investors have shared their teachings on evaluating companies, how to think about market cycles, investor mindsets, and how the macro economy affects investing. *So You Want to Be a Superinvestor* is a comprehensive book that takes the various lessons learned from the Superinvestors and illustrates these points by using examples from the author's own life. The author also makes observations on market-moving events, the changing psychology of investors, and provides research and examples from history to guide you in your investing journey. These principles can be used by beginners to intermediate investors to emulate the success of the greats.

The Trans Killer

Mr. Socially Awkward, 2022-12-02. A self-hating teen named Daniel who is conflicted about his identity. Daniel is aware that he is different from other teenage boys his age with his interest in women's clothing, nail polish, and male crushes. He acknowledges that he feels like a woman inside, but he is conflicted over whether these feelings are acceptable because he is the son of a pastor. On Daniel's eighteenth birthday, after years of sorrow, he embraces his identity and tells his family. To no surprise, he receives intense backlash: death threats, public teasing, family neglect, and even a family member committing suicide. Daniel reads the suicide note, and it seems to encourage Daniel to act out certain Bible scriptures. Reading the Bible passages sparks a fire in Daniel to turn his back on his identity and display ways of violence and hatred onto other LGBTQIA members as a calling from God. Unaware how this will come back to haunt him.
