Instagram: How a Photo-Sharing App Achieved a \$1 Billion Facebook Buyout in 18 Months Sarita Harbour, 2012-07-30

ABOUT THE BOOK On April 5 2012 Instagram was valued at 500 million dollars as part of a new round of funding with investors Just a few days later Mark Zuckerberg CEO of Facebook negotiated to buy it for 1 billion 300 million cash and 700 million in Facebook shares CNN called it one of the biggest deals in recent business tech history not too shabby for a business only 18 months old and a great inspiration to small companies everywhere However Facebook's acquisition received mixed reviews and many raised eyebrows in the technology and business world As details emerge regarding the buyout and as analysts scramble to make sense of the deal there are many questions How did Zuckerberg and Kevin Systrom of Instagram arrive at a figure of 1 billion What implications does this deal have for Facebook when it goes public in an expected Initial Public Offering in May 2012 Why does Facebook want Instagram so badly What can businesses learn from this deal and how the heck did a tiny company without any revenue become so desirable in just 18 months While Instagram's buyout by Facebook was viewed by many as a surprise acquisition it illustrates the increasing importance of the image based social sharing platforms in today's technology business world Facebook already had a photo sharing mobile photo sharing program but it was slow to load and clumsy to use For the past several years a team had been working on developing a solution As recently as last summer rumours circulated about a Facebook iPhone photo sharing application that would make it easier for users to upload edit and share their photos With changes in team members and little to show for their work nothing more was heard of Facebook's progress until February 2012 when Business Insider magazine reported new product boss Dirk Stoop was working on a new solution to the problem Zuckerberg was reported in the New York Times piece With Instagram Deal Facebook Shows its Worth as saying We don't plan on doing many more of these if any at all but providing the best photo sharing experience is one reason why so many people love Facebook and we knew it would be worth bringing these two companies together It is safe to assume that Facebook's own product was not working out as hoped leading Zuckerberg to buy the best photo sharing experience instead of developing it In addition to examining details of the acquisition there are broader issues to address How can businesses use Instagram and Facebook to build their own brands What does this deal say about Facebook's predictions for the mobility market and photo sharing platforms While Zuckerberg's official statement is that Instagram will continue operating as a separate platform from Facebook and that people who have Instagram but aren't on Facebook can continue using their favorite app how will Instagram change now that it is owned by Facebook In this book we will address these questions and review a quick history of Instagram We'll examine the events of Easter weekend that led to the Instagram buyout and get a glimpse into the fast moving world of high tech business and multi billion dollar companies EXCERPT FROM THE BOOK Mark Zuckerberg and Facebook paid 1 billion for a business that doesn't have any revenue Why In a nutshell Facebook purchased Instagram to take custody of its users before Facebook

competitors did to strengthen its position in the mobile phone market and to get rid of a potentially difficult competitor As people in the tech world often say money follows the users The recent availability of Instagram for Android users had Zuckerberg concerned especially when the Instagram user population jumped by 10 million people in 10 days buy the book to continue reading

distance relay protection in ac microgrid matlab simulink - Jul 15 2023

web distance relay protection in ac microgrid this example shows how to model a distance relay in an ac microgrid the relay block comprises impedance relay characteristic and mho relay characteristic you can use this example to study the performance of impedance relay and mho relay in various fault conditions

[simulation of relay protection in simulink faultan ru](#) - Jun 02 2022

web the matlab simulink software package allows you to simulate not only electrical networks but also much more including relay protection and automation algorithms to implement relay protection algorithms simulink has a large number of libraries that allow you to simulate various relays time delays filters triggers and so on if any

[matlab simulink based simulation for digital differential relay](#) - Jan 09 2023

web this article presents a matlab simulink based technology to simulate differential relay for determining behavior of it during transformer internal fault protection the results show that this simulation method can work properly and this design can be used for power system simulation in matlab simulink

fault analysis using overcurrent relay protection in matlab simulink - Aug 04 2022

web sep 21 2021 23k views 1 year ago matlab simulink tutorials for electrical and electronic engineering matlab simulink overcurrent relay protection simulation in power system link for overcurrent relay

simscape electrical matlab mathworks - Sep 05 2022

web scsimscape electrical formerly simpowersystems and simelectronics provides component libraries for modeling and simulating electronic mechatronic and electrical power systems it includes models of semiconductors motors and components for applications such as electromechanical actuation smart grids and renewable energy

modeling and simulation of power system protection relays in a - Dec 08 2022

web may 23 2021 the project focuses on protection system practices which are relevant to transmission level applications various implementations of differential phase distance and ground distance relays were investigated and ultimately modeled in the

pdf protection transformer and transmission line in - Jul 03 2022

web apr 12 2022 this paper represents the differential protection relay that used to protect the prototype terco power transformer matlab simulink is used to simulate the protection system

modeling and simulation of differential protection relay based on - Mar 31 2022

web aug 1 2018 the siemens 7ut6 differential protection relay is used for power transformer differential protection and is capable of protecting transformers of any vector group this paper covers the

simpowersystems user s guide matlab for engineers - Oct 06 2022

web what is simpowersystems starting with mathworks release 13 the power system blockset has been renamed to simpowersystems as a part of the physical modeling family simpowersystems and simmechanics work together with simulink to model electrical mechanical and control systems electrical power systems are combinations

model based design for power systems protection relays using matlab - Dec 28 2021

web apr 17 2008 this paper describes modelling and testing of a digital distance relay for transmission line protection using matlab simulink

model based design for power systems protection relays using matlab - Nov 07 2022

web mar 20 2008 in the world of power system relays there have been significant changes in the technology used to implement the protection electro mechanical relays static r model based design for power systems protection relays using matlab simulink iet conference publication ieee xplora

does any know if there is a power protection relay matlab simulink - Mar 11 2023

web aug 7 2022 does any know if there is a power protection relay library for simulink and simpower i came by a technical paper m kezunovic and b kasztenny texas uni indicating that there was a relay element library however my tool box has

model of a digital relay file exchange matlab central - Apr 12 2023

web jul 17 2021 a digital relay is a computer based system with software based protection algorithms for the detection of electrical faults this model simulates the working of a digital relay with the help of matlab simulink

simulation of reverse power relay for generator protection - May 13 2023

web apr 2 2013 this paper presents the modeling and simulation of digital reverse power relay on matlab simulink in this simulation the relay performance is tested on 11kv synchronous generator connected with 220kv through a step up transformer

is there a relay or and contactor blocks within matlab simulink - Feb 27 2022

web jun 27 2009 a built in block that models an electromagnetic relay is not available in simpowersystems 5 0 r2008b however there is a demo model under the Simscape 3 0 r2008b product that could be used as a reference model for building a relay

distance protection relay file exchange matlab central - May 01 2022

web jun 3 2022 the distance protection method is widely used for power system transmission line protection distance relays are one of the main protection devices in a transmission line distance protection relay approximates the impedance down the line to a fault using currents and voltage measurement units

implement protection relay with definite minimum time dmt trip - Aug 16 2023

web the protection relay block implements a protection relay for the hardware and the motor with definite minimum time dmt trip characteristics using the reference limit feedback and reset input signals in the event of a fault the block generates a latched fault signal that you can use to protect the hardware and the motor

power system relay protection simulation based on matlab - Jan 29 2022

web matlab based simulation technology can support the analysis and design of relay protection systems a simulation model is built for the study of power system relay protection as an example the power system fault simulation zero sequence current protection simulation and transformer differential protection simulation are

protection relay software models in interaction with power system - Jun 14 2023

web may 25 2012 protection relay software models in interaction with power system simulators abstract modelling and simulation software developed for analysing protective relaying applications and relay design concepts in power distribution is

design modeling and implementation of multi function protective relay - Feb 10 2023

web jun 17 2020 in this paper a digital multi function protective relay was designed and implemented on matlab simulink in

this study we also explore some current techniques ranging from the use of digital logic algorithms to system protection applications
