Urban Meyer vs. College Football Ben Axelrod, 2017-09-15 Urban Meyer is collecting national championships and he is not slowing down. Wherever he goes greatness immediately follows and you can always look for his teams to be highly ranked contenders when bowl season rolls around. But is Meyer the best college football coach of all time? In *Urban Meyer vs. College Football* author Ben Axelrod explains exactly what separates Meyer from his peers and compares his accomplishments to some of the all-time legends like Nick Saban, Bear Bryant, and Joe Paterno. From his playing days at University of Cincinnati to his first Buckeyes stint as an assistant under Earle Bruce to his victories at the helm of Florida and Ohio State, Meyer has a ferocious undeniable talent for coaching that may be unparalleled in football history. *Nick Saban vs. College Football* Christopher Walsh, 2014-09-01 When coach Nick Saban arrived in Tuscaloosa in 2007 he boldly proclaimed, "We want to be a champion in everything that we do." Since that time Alabama has won three national championships and become the nation's number one destination for recruits and the top source of NFL talent while simultaneously graduating its players. No other program has won more games, captured more awards, or come close to approaching the kind of consistent success as the Crimson Tide. In *Nick Saban vs. College Football* author Christopher Walsh not only explains what separates Saban from his peers and compares his accomplishments to some of the all-time legends but tells why if there were a Mount Rushmore of college football coaches Saban's face would already be on it. From his upbringing in West Virginia to his relationship with legendary coach Bill Belichick, the process has not only led to Saban having a statue along Alabama's Walk of Champions in front of Bryant Denny Stadium but the establishment of a new standard that may be unparalleled in college football history.

University Rankings Jung Cheol Shin, Robert K. Toutkoushian, Ulrich Teichler, 2011-06-06 This ground-breaking and exhaustive analysis of university ranking surveys scrutinizes their theoretical bases, methodological issues, societal impact, and policy implications, providing readers with a deep understanding of these controversial comparators. The authors propose that university rankings are misused by policymakers and institutional leaders alike. They assert that these interested parties overlook the highly problematic internal logic of ranking methodologies even as they obsess over the surveys' assessment of their status. The result is that institutions suffer from short-termism, realigning their resources to maximize their relative rankings. While rankings are widely used in policy and academic discussions, this is the first book to explore the theoretical and methodological issues of ranking itself. It is a welcome contribution to an often highly charged debate. Far from showing how to manipulate the system, this collection of work by key researchers aims to enlighten interested parties. *Michigan vs. Everybody* Angelique Chengelis, Jake Butt, 2024-10-08 The definitive chronicle of the Michigan Wolverines' 2023 championship season. In *Michigan vs. Everybody* The Detroit News' Angelique Chengelis expertly retraces an unforgettable championship season. Featuring in-depth reporting and an unforgettable cast of characters including Jim Harbaugh, J.J. McCarthy, Roman Wilson, and Junior Colson, this is the story of how the Wolverines rallied together amid adversity, silenced their critics, and
