Coupon Crazy Mary Potter Kenyon, 2013-06-18 A fascinating history of this marketing tactic and why some shoppers take it to extremes from a longtime expert couponer Coupon Crazy examines the phenomenon of avid coupon use and the socio cultural and socioeconomic factors that construct it By delving into the history of couponing refunding the science of shopping and the dark underbelly of a coupon world the average American doesn't even know about Mary Potter Kenyon manages to both fascinate and educate Readers will meet today's Coupon Queens and Kings and learn about an era when trash really was cash Not just an observer of this ethnographic research Mary lived it for over thirty years My favorite aspect of the entire book was the candid tone Kenyon takes in sharing her story and others As someone that both uses coupons and teaches couponing practices I found the book triggering self reflection at many points Do I purchase products just because they are on sale Do I devalue products I've gotten for free Do I allow coupons to inform my purchases or the other way around If you are a couponer it's quite possible you'll find yourself reflecting on your own

shopping habits as you read this book too Angela Russell The Coupon Project **Queer Technologies** Katherine Sender, Adrienne Shaw, 2017-06-26 Queer Technologies Affordances Affect Ambivalence presents new scholarship that addresses queer media and practices across a wide range of media including television music zines video games mobile applications and online spaces Contributors engage with critical contemporary concepts such as counterpublics affect temporality non binary practices queer technique and transmediation to productively explore intersections among communication and media studies and cutting edge queer and transgender theory This book was originally published as a special issue of Critical Studies in Media Communication Cyber Behavior: Concepts, Methodologies, Tools, and Applications Management Association, Information Resources, 2014-04-30 Following the migration of workflows data and communication to the Cloud and other Internet based frameworks interaction over the Web has become ever more commonplace As with any social situation there are rules and consequences to actions within a virtual environment Cyber Behavior Concepts Methodologies Tools and Applications explores the role of cyberspace in modern communication and interaction including considerations of ethics crime security and education With chapters on a variety of topics and concerns inherent to a contemporary networked society this multi volume work will be of particular interest to students and academicians as well as software developers computer scientists and specialists in the field of Information Technologies

Ephemeral Cinema Spaces Maria Vélez-Serna, 2020-06-05 With changing technologies and social habits the communal cinema experience would seem to be a legacy from another era However the last decade has seen a surge in interest for screening films in other temporary public settings This desire to turn pubs galleries parks and even boats into temporary cinema spaces is moved not only by a love for movies but also a search for ways of being and working together This book documents current practices of pop up and site specific cinema exhibition in the UK with a focus on Scotland tracing their links with historical forms of non theatrical exhibition such as public hall cinema and fairground bioscopes Through archival research observation and interviews the project asks how exhibitors create ephemeral social spaces and how the combination of film and venue reinvents cinema as device and as social practice **Reading Marx in the Information Age** Christian Fuchs, 2015-10-23 Renowned Marxist scholar and critical media theorist Christian Fuchs provides a thorough chapter by chapter introduction to Capital Volume 1 that assists readers in making sense of Karl Marx s most important and groundbreaking work in the information age exploring Marx s key concepts through the lens of media and communication studies via contemporary phenomena like the Internet digital labour social media the media industries and digital class struggles Through a range of international current day examples Fuchs emphasises the continued importance of Marx and his work in a time when transnational media companies like Amazon Google and Facebook play an increasingly important role in global capitalism Discussion questions and exercises at the end of each chapter help readers to further apply Marx s work to a modern day context **Too Big?: How To Tell and How To Get More Accountability** Bruce D.

Thatcher,2023-06-15 Too Big identifies accountability standards It examines five high profile historical and current cases where accountability was is flawed or missing Robert Clive of the British East India Company John D Rockefeller of Standard Oil Ralph Cordiner of General Electric J Edgar Hoover of the FBI Mark Zuckerberg of Facebook Meta It shows how such people are not subjected to effective accountability And it suggests remedies to improve accountability of those at the top of business governmental and other organizations **E-marketing** Raymond D. Frost,Judy Strauss,2016-06-03 For courses in Internet Marketing or E marketing This book teaches marketers how to engage and listen to buyers and how to use what they learn to improve their offerings in today s Internet and social media driven marketing environment It brings traditional marketing coverage up to date with a thorough incisive look at e marketing planning and marketing mix tactics from a strategic and tactical perspective The focus is on the Internet and other technologies that have had a profound effect on how marketing is approached today Included is coverage of marketing planning legal and global environments e marketing strategy and marketing mix and customer relationship management strategy and implementation issues A major revision this seventh edition reflects the disruption to the marketing field brought about by social media As such it covers many new topics that represent the changes in e marketing practice in the past two years Because of the ever changing landscape of the Internet the authors suggest reading this book studying the material and then going online to learn more about topics of interest Features Better understanding of new concepts in today s electronic marketplace is accomplished as the book puts that new terminology into traditional marketing frameworks Readers are encouraged to exercise critical thinking and attention to their own online behavior in order to better understanding the e marketer s perspective strategies and tactics to think like a marketer Although the focus is on e marketing in the United States readers also see a global perspective in the coverage of market developments in both emerging and developed nations An entire chapter devoted to law and ethics and contributed by a practicing attorney updates readers on the latest changes in this critical area Readers are guided in learning a number of e marketing concepts with the help of some outstanding pedagogical features Marketing concept grounding helps readers make the connection between tradition and today Material in each chapter is structured around a principle of marketing framework followed by a look at how the internet has changed the structure or practice providing an ideal bridge from previously learned material Learning objectives set the pace and the goals for the material in each chapter Best practices from real companies tell success stories including new examples of firms doing it right Graphical frameworks serve as unique e marketing visual models illustrating how each chapter fits among others Chapter summaries help readers review and refresh the material covered Key terms are identified in bold text within the chapter to alert readers to their importance Review and discussion questions are another device to be used for refreshing readers understanding of the material in the chapter Web activities at the end of each chapter help readers become further involved in the content This revision reflects the disruption to the marketing field based on social media A major revision from the sixth edition it includes

many new topics as dictated by changes in e marketing practice in the past two years Three important Appendices include internet adoption statistics a thorough glossary and book references NEW Students get a broader look at social media as it is now integrated throughout the book instead of confined to one chapter NEW A look at new business models continues and strengthens the approach of learning from real life examples Added and described in detail are such models as social commerce and Facebook commerce mobile commerce and mobile marketing social CRM crowdsourcing and many important be less pervasive models such as crowdfunding freemium and flash sales NEW Chapters 12 13 and 14 were completely rewritten to reflect the move from traditional marketing communication tools to the way practitioners current describe IMC online owned paid and earned media NEW Readers see examples of many new and interesting technologies that are today providing marketing opportunities both in the Web 2 0 and 3 0 sections NEW The chapter opening vignettes continue to play an important role in illustrating key points Two new vignettes and new discussion questions about each chapter opening vignette are included NEW Included are many new images in every chapter plus updated Let s Get Technical boxes NEW Other chapter specific additions that further enhance understanding of the concepts include More social media performance metrics Ch 2 Big data and social media content analysis Ch 6 New consumer behavior theory and online giving as a new exchange activity Ch 7 Social media for brand building Ch 9 App pricing and web page pricing tactics Ch 10
