Reddit Latest Sign In:

You Should Quit Reddit Jacob Desforges, 2023-02-21 In recent years countless books articles and documentaries have addressed the negative effects that social media platforms have wrought on their users and society However these former works are incomplete nearly no attention has been paid to Reddit one of the most popular websites in the world Reddit is certainly unique among social platforms but its potential for addiction and darker side of nefarious activity should absolutely not be understated Additionally nearly no actionable advice has been provided to users of these platforms The audience is told that these websites and apps are harming their mental health wasting their time and that they are addictive which would logically make the task of quitting rather difficult but then provided zero guidance on how to disconnect from them Over 200 000 users gather on Reddit s r NoSurf community to discuss reducing their internet use the forum is filled with reports of people who want to quit Reddit but find themselves psychologically compelled to return to the site over and over For moderate to heavy users of these platforms quitting is clearly not so simple You Should Quit Reddit is a paradigm shift in the genre Jacob Desforges was a Reddit user of over a decade and a self admitted Reddit addict who spent on average around three hours daily on the site Not only is this the first book investigating Reddit s flaws as a platform but it is also written from the perspective of someone who experienced firsthand the struggle that comes with quitting these addictive platforms This book therefore also provides readers with the practical advice tools and techniques needed to shatter the cycle of digital addiction enabling them to quit visiting Reddit and other time wasting websites for good so they can effectively reclaim their time to use in a more intentional manner

Gaming Democracy Adrienne L. Massanari, 2024-10-29 How play and gaming culture have mainstreamed far right ideology through social media platforms From Gamergate to the ongoing Big Lie the far right has gone mainstream In Gaming Democracy Adrienne Massanari tracks the flames of toxicity found in the far right and alt right movements as they increasingly take up oxygen in American and global society In this pathbreaking contribution to the fields of internet studies game studies and gender studies Massanari argues that Silicon Valley s emphasis on meritocracy and free speech absolutism has driven this rightward slide These ideologies have been coded into social media spaces that implicitly silence marginalized communities and subject them to rampant abuse by groups that have learned to game the ecology of platforms algorithms and attention economies While populist movements are not new phenomena such as QAnon parental rights activism and COVID denialism are uniquely of the internet with supporters demonstrating both technical acumen and an ability to use memes and play as a way of both building community and fomenting dissent Massanari explores the ways that the far right uses memetic humor and geek masculinity as tools both to create a sense of community within these leaderless groups and to obfuscate their intentions Using the lens of play and game studies as well as the concept of metagaming Gaming Democracy is a novel contribution to our understanding of online platforms and far right political activism

Communication Technology Update and Fundamentals August E. Grant, Jennifer H.

Meadows,2016-11-03 Communication Technology Update and Fundamentals has set the standard as the single best resource for students and professionals looking to brush up on how communication technologies have developed grown and converged as well as what s in store for the future The 15th edition is completely updated reflecting the changes that have swept the communication industries The first five chapters offer the communication technology fundamentals including the ecosystem the history and structure then delves into each of about two dozen technologies including mass media computers consumer electronics and networking technologies Each chapter is written by experts who provide snapshots of the state of each individual field Together these updates provide a broad overview of these industries as well as the role communication technologies play in our everyday lives In addition to substantial updates to each chapter the 15th edition includes First ever chapters on Big Data and the Internet of Things Updated user data in every chapter Projections of what each technology will become by 2031 Suggestions on how to get a job working with the technologies discussed The companion website www.tfi.com.ctu offers updated information on the technologies covered in this text as well as links to other resources

Rituals and Routines Julie Tinson,Pete Nuttall,2024-12-09 This contemporary book offers current perspectives on routines and rituals to extend an understanding of the scope of these concepts with a view to challenging conventional wisdom and to offer insight for practitioners Routines and rituals are part of everyday being Routines can be useful for individuals in structuring messiness in their lives while rituals are often more spectacular in nature and typically involve a collective event Routines and rituals can be traditional established new or reinvented as well as personal social and or emotional Traditionally rituals have been characterised by formality customs regularity and procedure conversely routines public or private have been considered less important in their significance and meaning Employing several research methods literature review ethnography netnography autoethnography and in depth interviews and examining a variety of contexts ranging from hen

parties clothing to collegiate tailgating and the Covid pandemic this edited volume reveals typologies and tactics for strategic practitioner use and policy makers as well as identifying avenues for further research The chapters in this book were originally published as a special issue of Journal of Marketing Management

Language and Mediated Masculinities Robert Lawson, 2023 From television shows to the manosphere and from alt right communities to fatherhood forums debates about masculinity have come to dominate the media landscape What does it mean to be a man in contemporary society How is masculinity constituted in different media spaces This growing cultural tension around masculinities has been discussed and analyzed both for general audiences and in burgeoning academic scholarship What has been typically overlooked however is the role that language plays in these mediated performances of masculinity In *Language and Mediated Masculinities* Robert Lawson draws on data from newspapers social media sites television programs and online forums to explore language and masculinities across a range of media contexts The book offers a critical evaluation of the intersection between language masculinities and identities in contemporary society and addresses three key questions How are masculinities constructed in both public and private spheres through linguistic and discursive strategies How does language about masculinity and men affect and recreate gender ideologies in different social political and historical contexts What might the language of men tell us about the state of contemporary gender relations in the twenty first century Lawson furthers our understanding of how language is implicated in re creating gender ideologies and how it shapes contemporary gender relations Against a cultural backdrop of rising neoliberalism ethnic nationalism online radicalization networked misogyny and fractious gender relations this book is an important contribution to charting how language is used to monitor evaluate and police masculinities in online and offline spaces

Update Culture and the Afterlife of Digital Writing John R Gallagher, 2020-02-03 *Update Culture and the Afterlife of Digital Writing* explores neglected circulatory writing processes to better understand why and how digital writers compose revise and deliver arguments that undergo sometimes constant revision John R Gallagher also looks at how digital writers respond to comments develop a brand and evolve their arguments all post publication With the advent of easy to use websites ordinary people have become internet writers disseminating their texts to large audiences Social media sites enable writers audiences to communicate back to the them instantly and often Even professional writers work within interfaces that place comments adjacent to their text privileging the audience s voice Thus writers face the prospect of attending to their writing after they deliver their initial arguments *Update Culture and the Afterlife of Digital Writing* describes the conditions that encourage published texts to be revisited It demonstrates through forty case studies of Amazon reviewers redditors and established journalists how writers consider the timing attention and management of their writing under these ever evolving conditions Online culture from social media to blog posts requires a responsiveness to readers that is rarely duplicated in print and requires writers to consistently reread edit and update texts a process often invisible to readers This book takes questions of circulation online and shows via interviews with both writers and participatory audience

members that writing studies must contend with writing's afterlife. It will be of interest to researchers, scholars, and students of writing studies and the fields of rhetoric, communication, education, technical communication, digital writing, and social media, as well as all content creators interested in learning how to create more effective posts, comments, replies, and reviews.

Music in Star Trek Jessica Getman, Brooke McCorkle Okazaki, Evan Ware, 2022-12-30 The tensions between utopian dreams and dystopian anxieties permeate science fiction as a genre, and nowhere is this tension more evident than in Star Trek. This book breaks new ground by exploring music and sound within the Star Trek franchise across decades and media, offering the first sustained look at the role of music in shaping this influential series. The chapters in this edited collection consider how the aural, visual, and narrative components of Star Trek combine as it constructs and deconstructs the utopian and dystopian, shedding new light on the series' political, cultural, and aesthetic impact. Considering how the music of Star Trek defines and interprets religion, ideology, artificial intelligence, and more, while also considering fan interactions with the show's audio, this book will be of interest to students and scholars of music, media studies, science fiction, and popular culture.

The Politics of Social Media Manipulation Richard Rogers, Sabine Niederer, 2025-10-01 Disinformation and so-called fake news are contemporary phenomena with rich histories. Disinformation, or the willful introduction of false information for the purposes of causing harm, recalls infamous foreign interference operations in national media systems. Outcries over fake news or dubious stories with the trappings of news have coincided with the introduction of new media technologies that disrupt the publication, distribution, and consumption of news from the so-called rumour-mongering broadsheets centuries ago to the blogosphere recently. Designating a news organization as fake or *der Lügengruppe* has a darker history associated with authoritarian regimes or populist bombast, diminishing the reputation of elite media and the value of inconvenient truths. In a series of empirical studies using digital methods and data journalism, the authors inquire into the extent to which social media have enabled the penetration of foreign disinformation operations, the widespread publication and spread of dubious content, as well as extreme commentators with considerable followings attacking mainstream media as fake. *Microsoft Copilot For Dummies* Chris Minnick, 2025-02-11 Straightforward guidance on the AI tool that's built into Windows. Microsoft 365 and more: Microsoft is enhancing all its most widely used productivity software, including Windows and apps like Word and Excel, with the power of AI. And now you can learn to make the most of this revolutionary new tool with Microsoft Copilot For Dummies. In the book, you'll find out how to use text or your voice to prompt reliable results from Microsoft Copilot. Customize Microsoft Copilot to respond to your unique needs and demands. Add plug-ins to the Microsoft Copilot service to extend its functionality even more. Learn to supercharge your efficiency with Microsoft Copilot For Dummies. This book is perfect for professional and home users of Windows, Microsoft 365, and other Microsoft products and software who want to increase their productivity. Grab a copy today.

Digital World War Haroon K. Ullah, 2017-01-01 Over de invloed van het gebruik van social media op de machtsverhoudingen in de moslimwereld en het gebruik van social media en cybercriminaliteit in moslimextremistische kringen

New Power Jeremy Heimans, Henry Timms, 2018-04-19 For most of human history the rules of power were clear power was something to be seized and then jealously guarded Under this Old Power we lived in a world of rulers and subjects Now we all sense that something has changed From MeToo to Harvey Weinstein Corbyn to Trump from YouTube sensations to darker phenomena such as the emergence of ISIS in our new hyper connected world ideas and movements can spread and flourish with astonishing force and speed In New Power Jeremy Heimans and Henry Timms confront the biggest story of our age and trace how New Power is the key to understanding where we are and will prosper in the 21st Century Drawing on examples from business politics popular culture and social justice as well as case studies of organisations like LEGO and TED they explain the forces that are changing the course of our age In a world increasingly shaped by New Power this book will show you how to shape your future

Saints and Soldiers Rita Katz, 2022-10-11 Winner 2022 Nellie Bly Book Award Chanticleer International Book Awards More than a decade ago counterterrorism expert Rita Katz began browsing white supremacist and neo Nazi forums The hateful rhetoric and constant threats of violence immediately reminded her of the jihadist militants she spent her days monitoring but law enforcement and policy makers barely paid attention to the Far Right Now years of attacks committed by extremists radicalized online including mass murders at a synagogue in Pittsburgh and mosques in Christchurch New Zealand as well as the Capitol siege have brought home the danger How has the internet shaped today s threats and what do the online origins of these movements reveal about how to stop them In Saints and Soldiers Katz reveals a new generation of terrorist movements that don t just use the internet but exist almost entirely on it She provides a vivid view from the trenches spanning edgy video game chat groups to what ISIS and Far Right mass shooters in El Paso Orlando and elsewhere unwittingly reveal between the lines of their manifestos Katz shows how the online cultures of these movements far more than their ideologies and leaders create today s terrorists and shape how they commit real world violence From ISIS to QAnon Saints and Soldiers pinpoints the approaches needed for a new era in which arrests and military campaigns alone cannot stop these never before seen threats

Understanding Reddit Elliot T. Panek, 2021-12-24 This book offers a comprehensive scholarly overview of Reddit one of the most popular and least studied social platforms of the early 21st century The book inspires new ways of thinking about Reddit considering it from multiple perspectives through a historical lens as a site where identity is forged as a democracy as a community and as a news aggregator and distributor By bringing theories from computer mediated communication communication studies and sociology to bear on original large scale observational analyses of Reddit s communities this book provides a uniquely comprehensive overview of the platform s first 15 years Understanding Reddit will help us make sense of how rapidly growing communities function in an era of mass online anonymity Serving both as a primer on how social behavior on Reddit plays out and as a way of locating it within

multiple theoretical traditions the book will offer important insights to scholars and students in the disciplines of communication media studies information science internet and emerging media studies and sociology *Socialbots and Their Friends* Robert W. Gehl, Maria Bakardjieva, 2016-12-01 Many users of the Internet are aware of bots automated programs that work behind the scenes to come up with search suggestions check the weather filter emails or clean up Wikipedia entries More recently a new software robot has been making its presence felt in social media sites such as Facebook and Twitter the socialbot However unlike other bots socialbots are built to appear human While a weatherbot will tell you if it's sunny and a spambot will incessantly peddle Viagra socialbots will ask you questions have conversations like your posts retweet you and become your friend All the while if they're well programmed you won't know that you're tweeting and friending with a robot Who benefits from the use of software robots Who loses Does a bot deserve rights Who pulls the strings of these bots Who has the right to know what about them What does it mean to be intelligent What does it mean to be a friend *Socialbots and Their Friends* Digital Media and the Automation of Sociality is one of the first academic collections to critically consider the socialbot and tackle these pressing questions **The Cryptopians** Laura Shin, 2022-02-22 The story of the idealists technologists and opportunists fighting to bring cryptocurrency to the masses In their short history Bitcoin and other cryptocurrencies have gone through booms busts and internecine wars recently reaching a market valuation of more than 2 trillion The central promise of crypto endures vast fortunes made from decentralized networks not controlled by any single entity and not yet regulated by many governments The recent growth of crypto would have been all but impossible if not for a brilliant young man named Vitalik Buterin and his creation Ethereum In this book Laura Shin takes readers inside the founding of this novel cryptocurrency network which enabled users to launch their own new coins thus creating a new crypto fever She introduces readers to larger than life characters like Buterin the Web3 wunderkind his short lived CEO Charles Hoskinson and Joe Lubin a former Goldman Sachs VP who became one of crypto's most well known billionaires Sparks fly as these outsized personalities fight for their piece of a seemingly limitless new business opportunity This fascinating book shows the crypto market for what it really is a deeply personal struggle to influence the coming revolution in money culture and power Lean Analytics Alistair Croll, Benjamin Yoskovitz, 2024-02-23 Whether you're a startup founder trying to disrupt an industry or an entrepreneur trying to provoke change from within your biggest challenge is creating a product people actually want Lean Analytics steers you in the right direction This book shows you how to validate your initial idea find the right customers decide what to build how to monetize your business and how to spread the word Packed with more than thirty case studies and insights from over a hundred business experts Lean Analytics provides you with hard won real world information no entrepreneur can afford to go without Understand Lean Startup analytics fundamentals and the data driven mindset Look at six sample business models and how they map to new ventures of all sizes Find the One Metric That Matters to you Learn how to draw a line in the sand so you'll know it's time to move forward Apply Lean Analytics

principles to large enterprises and established products *Zeitschrift für Medienwissenschaft* 33 Gesellschaft für Medienwissenschaft e.V., 2025-10-09 Die Zeitschrift für Medienwissenschaft steht für eine kulturwissenschaftlich orientierte Medienwissenschaft die Untersuchungen zu Einzelmedien aufgreift und durchquert um nach politischen Krften und epistemischen Konstellationen zu fragen Sie stellt Verbindungen zu internationaler Forschung ebenso her wie zu verschiedenen Disziplinen und bringt unterschiedliche Schreibweisen und Textformate Bilder und Gespräche zusammen um der Vielfalt mit der geschrieben nachgedacht und experimentiert werden kann Raum zu geben Nicht erst seit den Debatten über cultural appropriation ist Aneignung ein wiederkehrendes und wichtiges Thema der Medienwissenschaft Hatten die Cultural Studies die aktive Rezeption als Form der Aneignung aufgefasst so hat sich mit den digitalen Partizipationskulturen das Versprechen der User innen Ermächtigung auf das Prosumieren verlagert Der Schwerpunkt schlägt vor am Beispiel von Meme Kulturen die Potentiale und Probleme von Aneignung neu zu bedenken und dabei die Kritik an kultureller Aneignung aber auch Ideen zum digitalen commoning aufzugreifen Wann kann Aneignung widerständig oder solidarisch sein und in welchen Fällen reproduziert sie herrschende Besitz und Machtverhältnisse The Dark Social Toija Cinque, Alexia Maddox, Robert W. Gehl, 2023-11-07 This book explores how people interact online through anonymous communication in encrypted hidden or otherwise obscured online spaces Beyond the Dark Web itself this book examines how the concept of dark social broadens the possibilities for examining notions of darkness and sociality in the age of digitality and datafied life The authors take into account technical moral ethical and pragmatic responses to ourselves and communities seeking to belong in of the dark Scholarship on the Darknet and Dark Social Spaces tends to focus on the uses of encryption and other privacy enhancing technologies to engender resistance acts Such understandings of the dark social are naturally in tension with social and political theories which argue that for politics and acts to matter they must appear in the public light They are also in tension with popular narratives of the dark recesses of the web which are disparaged by structural powers who seek to keep their subjects knowable and locatable on the clear web The binary of dark versus light is challenged in this book The authors provocation is that practices of dark resistance motility and power are enacted by emerging data cultures This book draws together scholarship activism and creativity to push past conceptual binary positions and create new approaches to darknet and dark social studies The Dark Social Online Practices of Resistance Motility and Power will be a key resource for academics researchers and advanced students of media studies cultural studies communication studies research methods and sociology This book was originally published as a special issue of Continuum Journal of Media Cultural Studies *Who Can You Trust?* Rachel Botsman, 2017-11-14 If you can't trust those in charge who can you trust From government to business banks to media trust in institutions is at an all time low But this isn't the age of distrust far from it In this revolutionary book world renowned trust expert Rachel Botsman reveals that we are at the tipping point of one of the biggest social transformations in human history with fundamental consequences for everyone A new world order is emerging we

might have lost faith in institutions and leaders but millions of people rent their homes to total strangers exchange digital currencies or find themselves trusting a bot This is the age of distributed trust a paradigm shift driven by innovative technologies that are rewriting the rules of an all too human relationship If we are to benefit from this radical shift we must understand the mechanics of how trust is built managed lost and repaired in the digital age In the first book to explain this new world Botsman provides a detailed map of this uncharted landscape and explores what s next for humanity
