individuals with color blindness in clothing to analyzing the complex relationship between social media influences such as TikTok and consumption patterns on platforms such as Shein. Moreover, the discourse extends to the subtle use of non-woven fabric in the textile clothing and fashion industries, providing a comprehensive look at industry practices. The chapters also shed light on practical applications of theoretical knowledge as evidenced in the study detailing professional practices at Braz Fashion Company, particularly the curation of visual content for social media platforms, further highlighting the synergy between industry practices and academic research. Additionally, the book introduces intriguing concepts such as spatial production and the role of pop-up dynamics in urban interiors and culminates in an exploration of the multifaceted influence of central and regional governments on community behavior in Sangiran, a UNESCO heritage site. This collaborative effort, curated by expert participants, aims not only to expand knowledge horizons in relevant fields but also to serve as a catalyst for interdisciplinary dialogue and innovation. I would like to express my heartfelt gratitude to the valuable authors who enriched this book with their dedication. I sincerely hope that this book will illuminate uncharted paths for researchers and provide an inspiring guide.

The Fourth Intelligence Revolution Anthony Vinci, 2025-10-28. A former senior intelligence officer reveals how espionage is being transformed by a new global intelligence race driven by AI and competition with China, and how this impacts all of our lives. The new global intelligence competition has brought espionage into our workplaces and our living rooms. Adversaries like China, Iran, and Russia have realized that the human element is the weakest link in our industrial and political infrastructure. As a result, they target all of us, stealing our financial data and medical records, eavesdropping on our conversations, and using platforms like TikTok and Hollywood movies to influence our opinions. *The Fourth Intelligence Revolution* reveals how the undercover adventures of World War II, the spy versus spy confrontations of the Cold War, and the find, fix, and finish counterterrorism missions after 9/11 have given way to the most dangerous period of espionage yet. This eye-opening account exposes how intelligence now permeates every corner of society, from economic espionage and genetic data gathering to information operations targeting children through AI chatbots, even extending to reconnaissance on the far side of the moon. Both a warning and a call to

action The Fourth Intelligence Revolution suggests that we are all in essence becoming intelligence officers and that citizens have both the power and responsibility to reclaim intelligence to safeguard and strengthen our democracy **Build Demand Before You Deliver: Pre-Sale Blueprints That Work Every Time** Onyeka Godfrey,2025-08-04 Why build in the dark when you can build in public with profit This book shows you how to sell your product before it exists Not by tricking people but by building trust testing interest and proving demand upfront You ll master pre sale strategies that validate your idea and fund its creation Inside you ll find practical blueprints for email pre launches waitlists that convert value first messaging and urgency driven presales You ll learn how to build momentum before delivery and how to use feedback loops to sharpen your offer before release day If you re tired of guessing what people want and wasting time building things they don t this book gives you the shortcut to certainty sales and confidence
