In Conscience Incorporated Michael H Posner addresses what lies at the root of the challenges global corporations face in addressing human rights failures by drawing on his extensive personal experience as a human rights lawyer State Department official under President Obama chair of the Fair Labor Association and Director of the Center for Business and Human Rights at NYU Stern School of Business Drawing from research into the history of business ethics and anchoring his argument with examples of companies publically accused of human rights abuses Nike Coca Cola Apple and more Posner provides a blueprint for global business leaders to navigate human rights challenges and adopt sustainable corporate practices Conscience Incorporated highlights the dangers of outsourcing labor to faraway nations and enforcing unfair deals with local suppliers Posner argues that growing public awareness has not been enough to meaningfully alter the unethical practices of some global businesses In doing so he reveals how these businesses have failed to prioritize human rights time and again betraying their vows to protect workers and communities Posner offers concrete reforms and argues compellingly for why businesses need to devote greater time and resources to protecting basic human rights Conscience Incorporated is a powerful challenge to the status quo and advocates for a fundamental shift in the principles that govern global businesses
