Pease, 1997-01-01 Warnings of the death of the book and the degradation of literature have been prevalent for decades yet books survive and book publishing remains a viable and important force with the media mix At times it is hard to distinguish book publishing from the rest of the media enterprise since publishing houses are both independent entities and also part of newspaper magazine and electronic media empires The oldest of the mass media books were also the first to achieve a global presence crossing easily over national and political boundaries from earliest times and serving as a venue for debate and development of thought As testimony to their continued viability publishing houses have been briskly bought up in the international marketplace by global media conglomerates Publishing Books explores the current health and future prospects of books and the book publishing industry in the United States It contains perspectives ranging from an insider view of publishing executives to those of agents authors booksellers and readers Dan Lacy provides an overview of the structure and economic history of book publishing Jeremiah Kaplan predicts that books as we know them will disappear in the next century although writers and readers will not Gene D Lanier contends that one worsening threat to books and publishing is the incidence of censorship Other topics covered in Publishing Books include the importance of book reviews the histories of New York s greatest bookstores why there are so few book lovers among journalists and the decline in quality of the writings of U S presidents This volume also includes a section by Beth Luey reviewing six books on publishing Publishing Books is a pioneering study of the history current status and future of books and their impact It will be vital for publishers editors and librarians     *A Bone to Pick (A Canine Crew Mystery—Book 1)* Fiona Grace, 2025-03-21 A great story of murder romance new beginnings love friendships and a wonderful cascade of mystery Amazon reviewer regarding Murder in the Manor A BONE TO PICK A CANINE CREW COZY MYSTERY BOOK 1 is the first book in a new cozy mystery series by Fiona Grace 1 bestselling author of Murder in the Manor which has over 10 000 five star reviews When Evie Margo and Grace three best friends in their 50s find their nests empty and time on their hands they start up the Canine Crew a neighborhood dog walking service But none of them ever expected to have to solve a doggone murder It s walkies into the dark side for Evie and her pals as their peaceful pet parade turns perilous with the murder of a charming mailman A lost dog collar might be the key to unleashing the truth but can these spirited sidekicks fetch justice before suspicion buries them alive Take a paws first dive into the beguiling world of the Canine Crew where escapades are laced with wag worthy wit and delightful idiosyncrasies Em bark on a journey that fetches a perfect mix of chuckles warm fuzzy feelings and tail wagging surprises Get ready to befriend a trio of fetching heroines who are bound to collar your affection and have you howling for more until the break of dawn Future books in the series are also available Very entertaining I highly recommend this book to the permanent library of any reader that appreciates a very well written mystery with some twists and an intelligent plot You will not be disappointed Excellent way to spend a cold weekend Books
