The Author Training Manual Nina Amir,2014-02-18 If you want to write a book that s going to sell to both publishers and readers you need to know how to produce a marketable work and help it become successful It starts the moment you have an idea That s when you begin thinking about the first elements of the business plan that will make your project the best it can be The reality is that you don t want to spend time and energy writing a book that will never get read The way to avoid that is to create a business plan for your book and evaluate it and yourself through the same lens that an agent or acquisitions editor would The Author Training Manual will show you how to get more creative and start looking at your work with those high standards in mind Whether you re writing fiction or non fiction or intend to publish traditionally or self publish author Nina Amir will teach you how to conduct an effective competitive analysis for your work and do a better job at delivering the goods to readers than similar books that are already on the shelf Packed with step by step instructions idea evaluations sample business plans editor and agent commentaries and much more The Author Training Manual provides the information you need to transform from aspiring writer to career author

Managing Your Professional Identity Online Kathryn E. Linder,2023-07-03 In higher education professional online identities have become increasingly important A rightly worded tweet can cause an academic blog post to go viral A wrongly worded tweet can get a professor fired Regular news items in The Chronicle of Higher Education and Inside Higher Ed provide evidence that reputations are both built and crushed via online platforms Ironically given the importance of digital identities to job searches the promotion and distribution of scholarly work pedagogical innovation and many other components of an academic life higher education professionals receive little to no training about how to best represent themselves in a digital space Managing Your Professional Identity Online A Guide for Higher Education fills this gap by offering higher education professionals the information and guidance they need to craft strong online biographical statements for a range of platforms prioritize where and how they want to represent themselves online in a professional capacity intentionally and purposefully create an effective brand for their professional identity online develop online profiles that are consistent professional accurate organized of good quality and representative of their academic lives regularly update and maintain an online presence post appropriately in a range of online platforms and environments and successfully promote their professional accomplishments Managing Your Professional Identity Online is practical and action oriented In addition to offering a range of case studies demonstrating concrete examples of effective practices the book is built around

activities templates worksheets rubrics and bonus materials that walk readers through a step by step guide of how to design build and maintain professional online identities

Foundations of Library Services Hali R. Keeler, 2021-03-12 Trained library support staff play a critical role in assisting the user in locating and interpreting the resources available in libraries To do so requires the knowledge and practice of library missions and roles in different types of libraries and the delivery of that information to an increasingly diverse clientele The plethora of resources available today requires that support staff understand and implement the basic principles of information services as well as the responsibility and relationships among library departments and functional areas *Foundations of Library Services* is both a text for professors who teach in library support staff programs and an introductory reference manual for support staff who work in libraries As part of the Library Support Staff Series this updated edition will guide the LSS to be able to Understand the mission and role of the library in its community Be familiar with the ethics and values of the profession including those of the Library Bill of Rights the ALA Code of Ethics freedom of information confidentiality of library records and privacy issues Know the responsibility and relationships among library departments Practice the basic principles of circulation including interlibrary loan current cataloging and classification systems and acquisitions and collection development policies Understand how libraries are governed and funded within their organizations or government structures Realize the value of cooperation to enhance services Practice quality customer service Communicate and promote the library's values and services Recognize and respond to diversity in user needs
