How to Price and Trade Options Al Sherbin, 2015-03-11 Select and execute the best trades and reduce risk Rather than teaching options from a financial perspective How to Price and Trade Options Identify Analyze and Execute the Best Trade Probabilities goes back to the Nobel Prize winning Black Scholes model Written by well known options expert Al Sherbin it looks at the basis for probability theory in option trading and explains how to put the odds in your favor when trading options Inside you ll discover how anyone can operate their own casino if they know how through proper option strategies Plus a supplemental website includes videos that walk you through various probability scenarios pre formatted spreadsheets and code All investors should have a portion of their portfolio set aside for option trades Not only do options provide great opportunities for leveraged plays they can also help you earn larger profits with a smaller amount of cash outlay With the help of this book traders active investors and self directed investors of all stripes will learn how simple it can be to deploy probability based trading strategies Teaches both defined and undefined risk strategies Utilizes simple cost basis reduction strategies to enhance investment returns Draws on unique research studies Discusses volatility to include both historical realized and implied volatility the interplay between the two is a key piece of information overlooked by option traders If you re a trader of any level and want to make the best trades possible this book has you covered **The Price** Carlos

Vasquez, 2023-03-07 Most people will experience trauma at some point after all life itself is traumatic Carlos history of trauma is a lengthy one he experienced homelessness drug addiction gang violence and witnessed murder and suicide which all led to a twenty year prison sentence by the age of nineteen A decade into his sentence in a solitary housing unit Carlos had made the decision to take his own life Before following through with his plan a prison chaplain entered his life and challenged him to battle through it and figure out what his purpose was This fleeting encounter would become one that altered the entire trajectory of Carlos life Stemming from that interaction Carlos became obsessed with understanding why over the course of his adolescence he had developed a callous mindset that had created so much destruction and failure in his life His self awareness gradually developed and ultimately altered his perception of how he viewed the world and his place in it That conversion acted as a catalyst for the concepts outlined in this book breaking him free from the bonds of his traumatic experiences In this book Carlos provides five practical principles for achieving personal success while counteracting the negative effects associated with trauma and substantiated by his own paradigm shift It is the hope of the author that this thought provoking work will serve as a useful guide for scholars practitioners and students alike

Beginning Investor & Traders Black Book Joe DiChristophoro, I wrote this Black book for all beginning aspiring investors and traders who are just getting their head around doing the investing and trading business Everyone has their own ideas of what they think investing and trading are and what it can do for them Beginning Investor Traders Black Book is the first book in my series of books for beginners I have coming out that will detail all of the things that a brand new trader must learn not

to do before they can become consistently profitable in the live markets Brand new traders all make the same mistakes over and over because they don't know any better They do what everyone else is doing and study what everyone else is studying thus they have the same results and failures as everyone else Don't be that trader If you can just take the time to read this information in this first book in the new upcoming series let it sink in and then continue on your educational journey you will have done yourself a huge favor and also begun to give yourself the needed edge to succeed in this business If you just think about what this book is telling you to do logically and what to study you can soon be driving your new Ferrari down the road paved of gold right to the front door of your bank to deposit all of your profits from the success from your new investing and trading business By the time you have read this entire book you will know just what it takes to become a consistently profitable investor and trader in today's financial markets You also will know the exact steps to take what to study and the order it should be learned in All of the information you need to get going and become successful is in this book for the brand new beginner so they begin to make money right away
