Minutes of Evidence... Great Britain. Parliament. House of Lords,1844

One America? Nathan Angelo,2019-05-01 Reveals how presidents deploy a rhetoric that attempts to attract many racial and ethnic groups but ultimately directs itself to an archetypal white Middle American swing voter Despite major advancements in civil rights in the United States since the 1960s racial inequality continues to persist in American society While it may appear that presidents do not address the topic of race it lurks in the background of presidential political speech across a range of issues including welfare crime and American identity Using a thorough approach that places textual analysis in a historical context One America asks what presidents say about race how often they say it and to whom they say it Nathan Angelo demonstrates how presidents attempt to use rhetoric to compose a message that will resonate with the many groups that comprise the modern party system but ultimately those alliances cause presidents to direct most of their speeches about race to an archetypal white Middle American swing voter thereby restricting the issues and solutions that they discuss While the American demographic profile is changing rhetoric that links American identity with racially coded concepts and appeals to white voters racial resentments has become ubiquitous Angelo warns us about the possible repercussions of such tactics noting that while they may allow presidents to craft winning coalitions their use continues to legitimate a system that ignores racial inequality

Populism and Professional Wrestling in the Sunbelt South Christopher L. Stacey,2023-12-06 Populism and Professional Wrestling in the Sunbelt South From Rasslin to Sports Entertainment traces the history of professional wrestling in the South within the Trans Mississippi Region between the 1950s 1990s Examining professional wrestling through the lens of kayfabe also known as the perception of the realism and the suspension of disbelief among fans this book discovers that the dissolution of kayfabe occurred simultaneously with significant political social and cultural events in Southern history including the Civil Rights Movement and technological and economic modernity Christopher L Stacey determines that the same political social economic and cultural forces of modernity in the Sunbelt South reflected a new form of southern and national populism embedded within the professional wrestling industry New forms of populism were reflected within characters storylines gimmicks and angles of several territories in the Trans Mississippi region Through autobiographies biographical information and shoot interviews Stacey provides a closer look into the business of professional wrestling during the mid twentieth century and how it connects to racial gender class and national identity

Gaming Democracy Adrienne L. Massanari, 2024-10-29 How play and gaming culture have mainstreamed far right ideology through social media platforms From Gamergate to the ongoing Big Lie the far right has gone mainstream In Gaming Democracy Adrienne Massanari tracks the flames of toxicity found in the far right and alt right movements as they increasingly take up oxygen in American and global society In this pathbreaking contribution to the fields of internet studies game studies and gender studies Massanari argues that Silicon Valley's emphasis on meritocracy and free speech absolutism has driven this rightward slide These ideologies have been coded into social media spaces that implicitly silence marginalized communities and subject them to rampant abuse by groups that have learned to game the ecology of platforms algorithms and attention economies While populist movements are not new phenomena such as QAnon parental rights activism and COVID denialism are uniquely of the internet with supporters demonstrating both technical acumen and an ability to use memes and play as a way of both building community and fomenting dissent Massanari explores the ways that the far right uses memetic humor and geek masculinity as tools both to create a sense of community within these leaderless groups and to obfuscate their intentions Using the lens of play and game studies as well as the concept of metagaming Gaming Democracy is a novel contribution to our understanding of online platforms and far right political activism

Glenn Beck argues that the American way of life will not survive the Great Reset and warns us to stop it before it's too late to reverse course *Theologiae moralis elementa ex S. Thoma aliisque probatis doctoribus* A.J.J.F. Haïne, 1889 **Folklore**

and Social Media Andrew Peck, Trevor J. Blank, 2020-12-07 Ten years after the publication of the foundational edited collection *Folklore and the Internet* Andrew Peck and Trevor J Blank bring an essential update of scholarship to the study of digital folklore *Folklore and Social Media* A unique virtual hybridized platform for human communication social media is more dynamic ubiquitous and nuanced than the internet ever was by itself and the majority of Americans use it to access and interact with digital source materials in more advanced and robust ways This book features twelve chapters ranging in topics from legend transmission and fake news to case studies of memes joke cycles and Twitter hashtag campaigns and offers fresh insights on digital heritage and web archiving The editors and contributors take both the digital and folklore elements seriously because social media fundamentally changes folk practices in new though often invisible ways Social media platforms encourage hybrid performances that appear informal and ordinary while also offering significant space to obfuscate backstage behaviors through editing and retakes The result is that expression online becomes increasingly reminiscent of traditional forms of face to face interaction while also hiding its fundamental differences *Folklore and Social Media* demonstrates various ways to refine methods and analyses in order to develop a better understanding of the informal and traditional dynamics that define an era of folklore and social media It is an invaluable addition to the literature on digital folklore scholarship that will be of interest to students and scholars alike Contributors Sheila Bock Peter M Broadwell Bill Ellis Jeana Jorgensen Liisi Laineste John Laudun Linda J Lee Lynne S McNeill Ryan M Milner Whitney Phillips Vwani Roychowdhury Timothy R Tangherlini Tok Thompson Elizabeth Tucker Kristiana Willsey
