Kunze, Victoria Ford Smith, 2025-04-15 *Producing Children* imagines the possibility indeed the inevitability of a creative relation between children as producers and consumers by revising the long established hierarchical relation between adults and children The chapters in this collection reveal that studying child

produced culture complicates our received understandings of children's culture as culture by adults for children about children. They also underscore children's literature as a cultural phenomenon that moves across and beyond genres, forms, and media. As a whole, this collection reveals that attention to child-produced culture invites dialogue and collaboration across fields and disciplines invested in the critical understanding of children as embodied beings and childhood as both a stage of development and discursive construct with social, political, economic, and cultural dimensions and influence. With the ongoing vibrancy of childhood studies as a multidisciplinary area of inquiry, studies of child-produced culture provide scholars with an exciting opportunity to complicate, enrich, and expand theorization of childhood, creativity, children's culture, and even children themselves.

Protect Paisley Hope, 2025-12-01. A wildland firefighter reconnects in a second chance romance with his late best friend's sister, the one that got away in the scorching hot second book in the BookTok viral Sky Ridge Hotshots series. Let me be your twin flame love. I walk into the local bar with my hotshot crew, dirty and exhausted, only to slam into my biggest regret: The twin sister of my lost best friend and the one who got away, Violette Taylor. I haven't seen her in years, but I haven't forgotten her either. I used to be Rowan to her. Now I'm just King, the guy who broke her heart, but not for the reasons she thinks. Violette, a nurse and single mom, is back in town for good and working hard to avoid anyone who reminds her of the past, especially a career hotshot like me. But when I fall into her care after an injury lands me in her burn unit, it feels like maybe it's fate. I know something she doesn't: life rarely offers second chances. I need to protect those I love. So if this is my chance to make things right, I'm taking it. Tropes: Firefighter romance, Angst, Small town romance, Forced proximity, Second chance romance, Friend to Lovers, Hurt/Comfort, Workplace romance.
