Jean Kwok, New York Times bestselling author of *Searching for Sylvie*. Lee, a missing child, two girls in search of their true identities, a stunning novel of mothers, daughters and best friends. In June 1998, Mimi Truong is on her way home to Vietnam when her toddler daughter vanishes in the Philadelphia airport. Seventeen years later, two best friends in Chestnut Hill, Pennsylvania, discuss their summer plans before college. Kit, with the support of her white adoptive parents, will travel to Tokyo to explore her Japanese roots. This dizzying adventure offers her a taste of first love and a new understanding of what it means to belong. Sabrina had hoped to take a similar trip to China, but money is tight. Her disappointment subsides, however, when she meets a bold, uncompromising new mentor who prompts Sabrina to ask questions she's avoided all her life. Meanwhile, Mimi purchases a plane ticket to Philadelphia. She finally has a lead in her search for her daughter. When Mimi, Kit and Sabrina come face to face, they will confront the people they truly are in this tremendously moving novel that is propelled to its astonishing climax in a way you will never forget.

Future-Ready Geography Danuta Pińóg, Agnieszka Świątek, 2025-03-27 This book presents research on how geography as a science, as a university degree and as a school subject can get ready for the future. Today's world is in a state of permanent and radical change which is affecting society, science and the economy in equal measure. The concurrent processes of globalisation, digitisation and integration

shape and constantly modify the development factors and generate multidirectional social changes Growing global issues related to climate change food security depletion of conventional energy sources conflicts and wars refugee crisis and pandemic open up new issues for geographic investigations as well as reinforce the need to examine old research topics covering a variety of subdisciplines That is why the term future ready is being more frequently used in discourses on geographic research In particular geographic education at schools should be subject to discussion and reflection as this is where our learners are primed to understand the world around them The chapters of this book spread the knowledge about the role of geography in preparing the society for the future The book responds to environmental socio economic and political issues of global regional and local impact It provides methods techniques and tools of data collection and analysis which efficiently support geographers in future oriented research and help in forecasting environmental and social changes Finally this volume also discusses how to reinforce the position of geography as science and school subject today and in the future
