Ronald Oakley, 1994 The place was post World War II America and baseball was entering its last Golden Age Fans flocked to the ballparks or tuned in on their television sets to catch the heroics of some of the greatest players the game has ever known Men like Joe DiMaggio Stan Musial Willie Mays and Mickey Mantle could be seen hitting pitching and catching their way to the Hall of Fame But just like the rest of post war America baseball was experiencing change The rise

of the specialized relief pitcher and the increased emphasis on the home run worked to alter the game on the field. Off the field the baseball players themselves were changing. Players were becoming better educated and more vocal and were demanding better pay. Many no longer played the game for fun. It was a time of social change as Jackie Robinson broke baseball's color barrier and opened the door for other black players to join what had previously been an all-white game. It was a time too when the national pastime was being transformed by television competition from football and other spectator sports. Dramatic declines in attendance and the first movement of franchises in fifty years. From dramatic pennant races to the spread of night games, this account covers every facet of baseball's last Golden Age. *The Cultural Encyclopedia of Baseball*, 2d ed. Jonathan Fraser Light, 2016-03-25. More than any other sport, baseball has developed its own niche in America's culture and psyche. Some researchers spend years on detailed statistical analyses of minute parts of the game while others wax poetic about its players and plays. Many trace the beginnings of the civil rights movement in part to the Major League's decision to integrate and the words and phrases of the game, for example, pinch hitter and out in left field, have become common in our everyday language. From AARON HENRY onward, this book covers all of what might be called the cultural aspects of baseball as opposed to the number-rich statistical information so widely available elsewhere. Biographical sketches of all Hall of Fame players, owners, executives, and umpires, as well as many of the sportswriters and broadcasters who have won the Spink and Frick awards, join entries for teams, owners, commissioners, and league presidents. Advertising agents, drafts, illegal substances, minor leagues, oldest players, perfect games, retired uniform numbers, superstitions, tripleheaders, and youngest players are among the thousands of entries herein. Most entries open with a topical quote and conclude with a brief bibliography of sources for further research. The whole work is exhaustively indexed and includes 119 photographs. *Independent Film Journal*, 1950. **Kiplinger's Personal Finance**, 1997-04. The most trustworthy source of information available today on savings and investments, taxes, money management, home ownership, and many other personal finance topics. The World Book Year Book, World Book, Inc. Staff, 1981. *Ten Thousand Miles on a Bicycle*, Lyman Hotchkiss Bagg, 1887. Railway Age, 1934.
