Algorithms Michael Gates, 2020-10-06 The way brands communicate with their existing and target audience has undoubtedly transformed One of the main reasons for this transformation is the increase in the popularity of social

networking platforms These days an increasing number of brands are using visual media for communicating their brand s message Social media has certainly revolutionized our lives Instagram has stood the test of time and is now one of the most popular social networking platforms today So if your brand isn t already on Instagram then there is no time like the present to get started Instagram has been around for a while but not a lot of people know how to make the most of its features The creators of this platform keep introducing new features along with changes to the algorithm So it is quintessential that you stay on top of all the updates In this book you will learn about the things you need to increase your following on Instagram so you can maximize your profits You will be given information about the different benefits you can reap by using Instagram You will learn about various tips for choosing the perfect Instagram name and tricks to optimize your brand s Instagram profile Apart from this you will also learn about specific strategies for building your niche on Instagram and thoroughly engage your audience Marketing on Instagram and how you can increase your following are also discussed in detail in this book A combination of all these factors will ensure that your brand makes the most of all that Instagram has to offer You will want to make sure that whatever strategy you start to use on Instagram is going to keep the focus on the brand that you have built and how that brand sees the world Instagram is great for sharing videos and photos so make sure that when you connect the business with your followers make sure that it stays consistent with your brand rather than straying away or showing things that just don t go together Use your brand or company name in hashtags the hashtags that you pick don t have to be complicated If you already have a pretty good following on Instagram or your brand name is well known go ahead and use this as one of your hashtags This will make it easier for your followers to find you because they can just search the name and find some of your posts Make a follower famous it is not just about your followers checking out your posts it is about how you interact with your followers Take the time to look over the pages of your followers and then like and share some of their posts This helps to show the customers that you really appreciate them because you are acknowledging their cool posts and sharing them with others on your page Be careful with this one though because some may be personal and you should always ask for permission beforehand if you are unsure whether they would like it shared or not So if you are ready to learn more then let us get started immediately

Charity Holidays Theresa Walton,AI,2025-03-06 Charity Holidays explores the deep rooted connection between holidays and charitable giving across diverse cultures and religious traditions It reveals how philanthropy is not just an add on but an integral part of celebrations like Giving Tuesday and Ramadan shaping community values and fostering social responsibility The book highlights how these traditions have evolved to impact communities worldwide underlining the nuanced relationship between celebration and charitable action The book takes an interdisciplinary approach drawing from history religion and sociology to examine how holidays serve as powerful platforms for promoting social cohesion For example the tradition of Ramadan charity illustrates how religious observances can inspire widespread generosity and support for those in need It offers a comparative analysis of various charitable traditions identifying both their unique features and common threads Structured in three parts the book first lays the theoretical and historical groundwork then delves into specific case studies such as Giving Tuesday and Ramadan before synthesizing broader conclusions It considers the impact of commercialization on holiday giving and provides valuable insights for those interested in philanthropy cultural understanding and the nonprofit sector

MARKETING LESSONS Makarand Upadhyaya ,Binod Mishra,,Saveeta Pawar,2021-05-29 Solving a marketing case study doesn t only mean understanding one company You need to focus on the entire market associated with that company Without a market the company cannot have a business to focus on And that s why companies create market segments to categorize where the business would be more successful Why do companies make it to the top ranks Because of the stronger foundation and thorough understanding of the market When you choose a case to study you choose a whole bunch of related cases in it As mentioned in the first chapter there are six ways to write a case study Your objective should be clear and your research should be focused on the specified factors of the companies Marketing case studies are different Your focus is not only on the specifications of the case but rather on the promotional and marketing strategies applied by the case to gain recognition Today the market has changed a lot companies are evolving and naturally the marketing strategies are changing with time

Social media is making more impact than television or news marketing. However, traditional marketing ways are still alive and some companies are still using them. For example, Casper uses banners and posters in public areas yet plans social media campaigns. Spotify uses television ads in some countries to target different sets of audiences. *Google Certified Online Advertising Professional* Cybellium, Welcome to the forefront of knowledge with Cybellium your trusted partner in mastering the cutting edge fields of IT Artificial Intelligence Cyber Security Business Economics and Science.
