Medical Law A Very Short Introduction Very Short Introductions:

Medical Law: A Very Short Introduction Charles Foster, 2013-02-28 Medical law is concerned with our bodies and what happens to them during and after our lives When things go wrong with our bodies we want to know what our rights are and what governs the conduct of the clinicians into whose hands we put our lives and limbs Dealing with matters of life and death it can therefore have a fundamental impact on medical practice Headlines in the media often involve the core issues of medical law organ transplantation abortion withdrawal of treatment euthanasia confidentiality research on humans these are topics that affect us all Headlines can misrepresent however In order to fully understand the issues and their relevance we have to delve into the cases and into the principles behind them In this highly readable Very Short Introduction Charles Foster explores different examples to illustrate the key problems and principles of medical law ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable **Medical Law: A Very Short Introduction**

Charles Foster, 2013-02-28 Medicine evolves fast and medical law tries to keep up It deals with some of the most fascinating fundamental and difficult questions about the human body and mind Charles Foster surveys the principles governing medical law *The Very Short Introductions Blog Book* Oxford University Press, 2014-09-01 In this free Very Short Introductions Blog Book we've gathered 30 of our VSI authors very best blog posts on topics including history politics science and more We hope you enjoy this glimpse into the passion insight and great writing that characterizes these authors and the Very Short Introductions series **Medical Ethics: A Very Short Introduction**

R. A. Hope, 2004-09-23 Issues in medical ethics are rarely out of the media and it is an area of ethics that has particular interest for the general public as well as the medical practitioner This short and accessible introduction deals with moral questions such as euthanasia as well as asking how health care resources can be distributed fairly *Medical Ethics: A Very Short Introduction* Tony Hope, 2004-09-23 Issues in medical ethics are rarely out of the media and it is an area of ethics that has particular interest for the general public as well as the medical practitioner This short and accessible introduction provides an invaluable tool with which to think about the ethical values that lie at the heart of medicine Tony Hope deals with the thorny moral questions such as euthanasia and the morality of killing and also explores political questions such as how should health care resources be distributed fairly Each chapter in this book considers a different issue genetics modern reproductive technologies resource allocation mental health medical research and discusses controversial questions such as Who should have access to reproductive technology Who should pay Is it right to fund expensive drug treatment for individuals Should active euthanasia be legalized Should treatment for mental illness be imposed on patients without their consent Who should have access to information from genetic testing Should we require consent for the use of dead bodies or organs in medical research ABOUT

THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

Galaxies: A Very Short Introduction John Gribbin, 2008-03-27 In this fascinating Very Short Introduction popular science writer John Gribben tells the story of our growing understanding of galaxies from the days before Galileo to our present day observations of our many hundreds of millions of galactic neighbors Not only are galaxies fascinating astronomical structures in themselves but their study has revealed much of what we know today about the cosmos providing a window on the Big Bang and the origins of the Universe Gribben looks at our own Milky Way Galaxy in detail from the different kinds of stars that are born within it to the origins of its magnificent spiral structure Perhaps most interesting Gribben describes the many exciting discoveries have been made about our own galaxy and about those beyond how a supermassive black hole lurks at the center of every galaxy how enormous forces are released when galaxies collide how distant galaxies provide a window on the early Universe and how the formation of young galaxies shed needed light on the mysteries of Cold Dark Matter John Gribbin is one of the best known current popular science writers His many books include the acclaimed *The Universe A Biography* *In Search of Schrodinger's Cat* and *Science A History* He has written for many newspapers and regularly contributes to radio and television documentaries and debates and also writes science fiction novels He formerly worked for *Nature* and *New Scientist* and is presently a Visiting Fellow in Astronomy at the University of Sussex 1 A Very Short Introduction 2 The Great Debate 3 Our Island 4 The Expanding Universe 5 Across the Universe 6 The Origin of Galaxies 7 The Universe at Large References Further Reading Index *Pandemics: A Very Short Introduction* Christian W. McMillen, 2016-11-01 The 2014 Ebola epidemic demonstrated the power of pandemics and their ability not only to destroy lives locally but also to capture the imagination and terrify the world Christian W McMillen provides a concise yet comprehensive account of pandemics throughout human history illustrating how pandemic disease has shaped history and at the same time social behavior has influenced pandemic disease Extremely interesting from a medical standpoint the study of pandemics also provides unexpected broader insights into culture and politics This Very Short Introduction describes history's major pandemics plague tuberculosis malaria smallpox cholera influenza and HIV AIDS highlighting how each disease's biological characteristics affected its pandemic development McMillen discusses state responses to pandemics such as quarantine isolation travel restrictions and other forms of social control and pays special attention to the rise of public health and the explosion of medical research in the wake of pandemics especially as the germ theory of disease emerged in the late nineteenth and early twentieth centuries Today medicine is able to control all of these diseases yet some of them are still devastating in much of the developing world By assessing the relationship between poverty and disease and the geography of epidemics McMillen offers an outspoken and thought provoking point of view on the necessity for global governments to

learn from past experiences and proactively cooperate to prevent any future epidemic

The New Testament as Literature: A Very Short Introduction Kyle Keefer, 2008-10-24 The words phrases and stories of the New Testament permeate the English language Indeed this relatively small group of twenty seven works written during the height of the Roman Empire not only helped create and sustain a vast world religion but also have been integral to the larger cultural dynamics of the West above and beyond particular religious expressions Looking at the New Testament through the lens of literary study Kyle Keefer offers an engrossing exploration of this revered religious text as a work of literature but also keeps in focus its theological ramifications Unique among books that examine the Bible as literature this brilliantly compact introduction offers an intriguing double edged look at this universal text a religiously informed literary analysis The book first explores the major sections of the New Testament the gospels Paul's letters and Revelation as individual literary documents Keefer shows how in such familiar stories as the parable of the Good Samaritan a literary analysis can uncover an unexpected complexity to what seems a simple straightforward tale At the conclusion of the book Keefer steps back and asks questions about the New Testament as a whole He reveals that whether read as a single document or as a collection of works the New Testament presents readers with a wide variety of forms and viewpoints and a literary exploration helps bring this richness to light A fascinating investigation of the New Testament as a classic literary work this Very Short Introduction uses a literary framework plot character narrative arc genre to illuminate the language structure and the crafting of this venerable text About the Series Combining authority with wit accessibility and style Very Short Introductions offer an introduction to some of life's most interesting topics Written by experts for the newcomer they demonstrate the finest contemporary thinking about the central problems and issues in hundreds of key topics from philosophy to Freud quantum theory to Islam

Science and Religion: A Very Short Introduction Thomas Dixon, 2008-07-24 The debate between science and religion is never out of the news emotions run high fuelled by polemical bestsellers like *The God Delusion* and at the other end of the spectrum high profile campaigns to teach Intelligent Design in schools Yet there is much more to the debate than the clash of these extremes As Thomas Dixon shows in this balanced and thought provoking introduction many have seen harmony rather than conflict between faith and science He explores not only the key philosophical questions that underlie the debate but also the social political and ethical contexts that have made science and religion such a fraught and interesting topic in the modern world offering perspectives from non Christian religions and examples from across the physical biological and social sciences Along the way he examines landmark historical episodes such as the trial of Galileo by the Inquisition in 1633 and the famous debate between Darwin's bulldog Thomas Huxley and Bishop Wilberforce in Oxford in 1860 The Scopes Monkey Trial in Tennessee in 1925 and the Dover Area School Board case of 2005 are explained with reference to the interaction between religion law and education in modern America ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way

to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

Social and Cultural Anthropology: A Very Short

Introduction John Monaghan,Peter Just,2000-02-24 This book on social and cultural anthropology combines an account of the discipline s guiding principles and methodology with examples of anthropologists at work The book ends with an assessment of its position and a look forward to its future

Climate Change: A Very Short Introduction Mark

Maslin,2014-10-23 Climate change is still arguably the most critical and controversial issue facing the world in the twenty first century Previously published as Global Warming A Very Short Introduction the new edition is now Climate Change A Very Short introduction reflecting an important change in the terminology of the last decade In the third edition Mark Maslin includes crucial updates from the last few years including the results of the 2013 IPCC Fifth Assessment Report the effects of ocean acidification and the impact of changes to global population and health Exploring all of the key topics in the debate Maslin makes sense of the complexities climate change involves from political and social issues to environmental and scientific Looking at its predicated impacts he explores all of the controversies and also explains the various proposed solutions

ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

Practical Applications of Medical Geology Malcolm Siegel,Olle Selinus,Robert Finkelman,2021-08-01 This edited volume provides a framework for integrating methods and information drawn from geological and medical sciences and provides case studies in medical geology to illustrate the usefulness of this framework for crafting environmental and public health policies related to natural materials The relevance of medical geology research to policy decisions is a topic rarely discussed and this volume attempts to be a unique source for researchers and policy makers in the field of medical geology in addressing this gap in practical medical geology applications The book s four sections establish this framework in detail using risk assessment case studies data analyses and specific medical geology techniques Following an introduction to medical geology in the context of risk assessment and risk management the second section discusses specific methods used in medical geology in the categories of geoscience biomedicine and data sources The third section discusses the medical geology of natural materials energy use and environmental and workplace impacts This section includes specific case studies in medical geology and describes how the methods and data from the previous section are used in a medical geology analysis The fourth section includes a guide to the medical geology literature and provides some examples of medical geology programs in Asia and Africa

Citizen Canine David Grimm,2014-04-08

Dogs are getting lawyers Cats are getting kidney transplants Could they one day be fellow citizens Cats and dogs were once wild animals Today they are family members and surrogate children A little over a century ago pets didn t warrant the meager legal status of property Now they have more

rights and protections than any other animal in the country Some say they re even on the verge of becoming legal persons How did we get here and what happens next In this fascinating exploration of the changing status of dogs and cats in society pet lover and award winning journalist David Grimm explores the rich and surprising history of our favorite companion animals He treks the long and often torturous path from their wild origins to their dark days in the middle ages to their current standing as the most valued animals on Earth As he travels across the country riding along with Los Angeles detectives as they investigate animal cruelty cases touring the devastation of New Orleans in search of the orphaned pets of Hurricane Katrina and coming face to face with wolves and feral cats Grimm reveals the changing social attitudes that have turned pets into family members and the remarkable laws and court cases that have elevated them to quasi citizens The journey to citizenship isn t a smooth one however As Grimm finds there s plenty of opposition to the rising status of cats and dogs From scientists and farmers worried that our affection for pets could spill over to livestock and lab rats to philosophers who say the only way to save society is to wipe cats and dogs from the face of the earth the battle lines are being drawn We are entering a new age of pets one that is fundamentally transforming our relationship with these animals and reshaping the very fabric of society For pet lovers or anyone interested in how we decide who gets to be a person in today s world *Citizen Canine* is a must read It is a pet book like no other

The Law and Regulation of Public Health Eric C. Ip, 2023-11-10 Public health law has been a subject of much controversy and contestation especially since the COVID 19 pandemic broke out This timely book inquires into the foundational principles of a form of public health law that takes seriously the inherent dignity of the human person Written from a multidisciplinary perspective this illuminating study makes the case that the rule of law just as much as population health is an essential determinant of human well being Choosing the case of the Hong Kong Special Administrative Region of the People s Republic of China where life expectancy is among the highest in the world yet whose well established rule of law tradition is oft perceived to be under strain in describing the central dilemmas of public health law it makes an original contribution to our knowledge of comparative public health law and public health ethics Situating Hong Kong s public health law in the context of global health *The Law and Regulation of Public Health* should appeal across the world to students and scholars of public health medical law public law comparative law and international law It accessibly explains the law to epidemiologists and public health policymakers and public health to jurists and legal practitioners This book lucidly urges professionals of public health and law to reflect on how the myriad legal instruments and legal institutions should best be used to promote and protect public health in ways that are at once ethical and lawful It is a must read for anyone who is interested in gaining insights into public health law and regulation in this highly internationalised Chinese Special Administrative Region

The Longest Struggle Norm Phelps, 2007 Tells the story of animal exploitation Follows the development of animal protection from the ancient world through the Enlightenment the anti vivisection battles of the Victorian Era and the birth of the modern animal rights movement with the publication of Peter

Singer's Animal Liberation *Disaster Makers* Terry Gibson, 2025-02-20 Drawing on decades of on the ground experience a strong body of existing research on the social construction of risk and his own academic research Terry Gibson demonstrates the transformative potential of current debates around de and re growth for disaster studies Some disasters are highly visible to us all such as the Covid 19 pandemic or the climate emergency Many more are hidden everyday disasters grinding down the lives of the poor and vulnerable Very few of these disasters just happen Most are caused by those who create risk faster than they can mop it up by those who pursue reckless unmanaged economic growth that demands ever increasing manufacture consumption building food production and energy consumption These are the disaster makers In this book Gibson provides a thorough sophisticated yet accessible account of who the disaster makers are what they do and how we can do things better Ultimately Gibson demonstrates the urgency of replacing growth based economics with a fundamentally different social and economic model This is more than a dream As Gibson shows it becomes a practical possibility the moment enough of us commit to building a movement

Reproductive Rights as Human Rights Zakiya Luna, 2020-09-01 Reveals both the promise and the pitfalls associated with a human rights approach to the women of color focused reproductive rights activism of SisterSong How did reproductive justice defined as the right to have children to not have children and to parent become recognized as a human rights issue In *Reproductive Rights as Human Rights* Zakiya Luna highlights the often forgotten activism of women of color who are largely responsible for creating what we now know as the modern day reproductive justice movement Focusing on SisterSong an intersectional reproductive justice organization Luna shows how and why women of color mobilized around reproductive rights in the domestic arena She examines their key role in re framing reproductive rights as human rights raising this set of issues as a priority in the United States a country hostile to the concept of human rights at home An indispensable read *Reproductive Rights as Human Rights* provides a much needed intersectional perspective on the modern day reproductive justice movement

Understanding International Diplomacy Corneliu Bjola, Markus Kornprobst, 2013-06-07 This book provides a comprehensive new introduction to the study of international diplomacy covering both theory and practice The text summarises and discusses the major trends in the field of diplomacy developing an innovative analytical toolbox for understanding diplomacy not as a collection of practices or a set of historical traditions but as a form of institutionalised communication through which authorised representatives produce manage and distribute public goods The book traces the evolution of diplomacy from its beginnings in ancient Egypt Greece and China to our current age of global diplomacy examines theoretical explanations about how diplomats take decisions make relations and shape the world discusses normative approaches to how diplomacy ought to adapt itself to the twenty first century help remake states and assist the peaceful evolution of international order In sum *Understanding International Diplomacy* provides an up to date accessible and authoritative overview of how diplomacy works and ought to work in a globalising world This new textbook is essential reading for students of international diplomacy and highly recommended for

students of crisis negotiation international organisations foreign policy and international relations in general Right-Wing Populism in Latin America and Beyond Anthony W. Pereira, 2023-06-02 With contributions from 22 scholars and empirical material from 29 countries within and beyond Latin America this book identifies subtypes of populism to further understand right wing populist movements parties leaders and governments It seeks to examine whether the term populism continues to have any validity and what relationship s it has to democracy Part 1 is an exploration of populism as an analytical concept It asks how populism can and should be defined whether populism can be broken down into subtypes and whether the use of the term within and beyond Latin America in recent scholarship has been consistent Part 2 focuses on political economy and specifically whether political economy explanations of both the causes and consequences of right wing populism fit recent cases in Latin America Europe and the Philippines Part 3 examines institutions and in particular institutions of coercion and digital communication It contains chapter studies on various aspects of populism in Brazil Spain India and Italy Part 4 concerns the coronavirus pandemic and the specific case of right wing populism in Brazil It examines the Bolsonaro government s response to the coronavirus pandemic and how that response exacerbated the health crisis and reduced the government s popularity Right Wing Populism in Latin America and Beyond is a timely and socially relevant contribution to the understanding of contemporary challenges to democracy It will be of interest to scholars students and practitioners eager to understand the rise in right wing agendas across the globe COVID-19 J. Michael Ryan, 2020-12-27 The SARS CoV 2 virus and the associated COVID 19 pandemic is perhaps the greatest threat to life and lifestyles the world has known in more than a century The scholarship included here provides critical insights into the ethics and ideologies inequalities and changed social understandings that lie at the heart of this pandemic This volume maps out the ways in which the pandemic has impacted most often disproportionately societies the successes and failures of means used to combat the virus and the considerations and future possibilities both positive and negative that lie ahead While the pandemic has brought humanity together in some noteworthy ways it has also laid bare many of the systemic inequalities that lie at the foundation of our global society This volume is a significant step toward better understanding these impacts The work presented here represents a remarkable diversity and quality of impassioned scholarship and is a timely and critical advance in knowledge related to the pandemic This volume and its companion COVID 19 Volume II Social Consequences and Cultural Adaptations are the result of the collaboration of more than 50 of the leading social scientists from across five continents The breadth and depth of the scholarship is matched only by the intellectual and global scope of the contributors themselves The insights presented here have much to offer not just to an understanding of the ongoing world of COVID 19 but also to helping us rebuild and better shape the world beyond

Medical Law A Very Short Introduction Very Short Introductions Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Medical Law A Very Short Introduction Very Short Introductions free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Medical Law A Very Short Introduction Very Short Introductions free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role

in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Medical Law A Very Short Introduction Very Short Introductions free PDF files is convenient, it's important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but it's essential to be cautious and verify the authenticity of the source before downloading Medical Law A Very Short Introduction Very Short Introductions. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether it's classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Medical Law A Very Short Introduction Very Short Introductions any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Medical Law A Very Short Introduction Very Short Introductions Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks.
