Gill,Nick Beeching,2011-12-15 Lecture Notes

Tropical Medicine is a comprehensive introduction to tropical medicine. The new edition is in full colour throughout with over 40 colour images integrated with the text. There is a new chapter on syndromes of undernutrition in both children and adults and the section on non communicable diseases has been extended to include mental health problems in the tropics. The core information is presented in a clear and concise way with extensive use of diagrams, algorithms, tables and boxes. All chapters have been updated to reflect current best practice and the annotated bibliographies and lists of web based resources have been extended. The chapters on HIV, tuberculosis and malaria have undergone particularly extensive revision reflecting rapid changes in these areas since the last edition. *Lecture Notes Tropical Medicine* is particularly aimed at postgraduate doctors attending tropical medicine courses as well as medical students taking a tropical medicine elective period. It will also be useful to a wide range of other health professionals involved with medicine in the tropics or imported tropical disease.
