nurses for practice in today's rapidly evolving healthcare system. This comprehensive resource covers all four components of nursing education: teaching and learning, curriculum evaluation, and technology empowered learning. You'll benefit from the expert guidance on such key issues as curriculum and test development, diverse learning styles, the redesign of healthcare systems, advances in technology and information, global health, and curricular experiences, the flipped classroom, interprofessional education, and interprofessional collaborative practice. New to the 7th edition is a full color design for improved learning and reference, increased use of illustrations, tables, and boxes to promote learning through enhanced usability, updated content throughout to reflect the latest trends in nursing education including up to date content on the Next Generation NCLEX Exam, expanded use of high quality case studies throughout the book, chapter ending key points, new practice questions for nurse educator certification on a companion Evolve website, and much more. UNIQUE Chapter on Global Health and Curricular Experiences focuses on internationalization of the nursing curriculum with an emphasis on leading international learning experiences, policies, procedures, and guidelines for overseas study, and global and health competencies for health professions programs. Coverage of concept based curricula includes strategies on how to approach and implement concept based instruction. Pedagogical aids include Reflecting on the Evidence boxes covering such issues as how to do evidence based teaching, applications of evidence based teaching, implications for faculty development, administration, and the institution, and how to use the open ended application questions at the end of each chapter for faculty guided discussion. Strategies to promote clinical judgment and active learning are incorporated throughout the text, highlighting various evaluation techniques, lesson planning insights, and tips for developing examinations. Guidance on teaching in diverse settings addresses such topics as the models of clinical teaching, teaching in interdisciplinary settings, how to evaluate students in the clinical setting, and how to adapt teaching for community based practice. Strong emphasis on teaching clinical judgment, new models of clinical education, and responding to needs for creating inclusive, multicultural teaching learning environments.

You CAN Teach Advanced Med-Surg Nursing! Mary Miller, Deborah Wirwicz, 2014-08-18

This is the first comprehensive resource for clinical medical surgical nursing instructors responsible for guiding students through their entire clinical rotation. Filling a huge gap in resources for instructors required to teach the medical surgical nursing course, it contains everything the new or adjunct instructor needs to teach expertly and confidently. The guide features a week by week instructional plan for the clinical rotation and includes all materials necessary to effectively perform administrative leadership and supervision, assess students' knowledge and learning styles, maximize the learning process, simplify evaluation, and help ensure a smooth transition to clinical practice. The guide will serve as a welcome companion to both experienced and novice medical nursing instructors with its week by week instruction guide that encompasses organizational teaching templates, teaching and learning resources, and evaluation materials. These include everything from the Adjunct Faculty Contract to the Course Syllabus to a Comprehensive Skills Checklist. Key clinical instruction materials

including PowerPoints and simulation scenarios are provided for each body system. Additionally, the book contains quizzes with answers, discussion questions, and interactive student activities and exercises. Key Features: Comprises the first complete resource for successfully guiding students through their clinical rotations from start to finish. Helps to allay the fear factor for new and adjunct clinical nursing instructors. Provides a week-by-week instructional guide that includes organizational teaching templates, teaching and learning resources, and evaluation aids. Includes numerous forms and templates to facilitate administrative responsibilities, student assessment, and student evaluation. Key clinical information is organized by body system and includes multiple interactive teaching tools. **USAF Instructor's Journal** United States. Air Force. Air Training Command, 1963
