Meditation in Action Chögyam Trungpa, 1969 The Shaolin Workout Shi Yan Ming, 2006-05-16 A thirty fourth generation warrior monk from China s Shaolin Temple draws on his years of experience in martial arts training to present a four week program of fitness and spiritual exercises designed to improve both physical and mental health 100 000 first printing Meditation in Action Chögyam Trungpa, 1970 **Opening the Treasure of the Profound** Khenchen Konchog Gyaltsen Rinpoche, Milarepa, Jigten Sumgon, 2013-10-08 In Tibet vajra songs became popular when Milarepa gave teachings in that style to his disciples His example influenced all Tibetan Buddhist schools particularly the Kagyu lineages People commonly memorized such songs and sang them with beautiful melodies But vajra songs are much more than pleasant tunes or ordinary poetry A vajra song reflects the enlightened mind of its author by encapsulating precisely profound meaning in just a few words Thus it can be difficult for the unenlightened to penetrate their meaning Khenchen Konchog Gyaltsen learned to sing vajra songs at his mother s knee Later in life he learned of their profound meaning from masters of Tibetan Buddhism which allowed him to finally experience their depth in solitary retreat Rinpoche brings this tradition into a Western context by translating songs composed by iconic Buddhist figures and explaining them in contemporary terms Rinpoche presents the outer and inner meaning of nine vajra songs by Milarepa ca 1052 1135 and Jigten Sumg n 1143 1217 He describes the Buddhist path of wisdom and compassion that leads to ultimate peace and happiness and shows how to develop our mental qualities In ancient times these teachings were given to help others reach spiritual maturity Here we are invited into the world of transmission from master to disciple in order to discover truth for ourselves to open the eye of wisdom that reveals the mind that cannot be seen The Christian Science Journal , 1892 Buddhist Environmental Ethics Colin H. Simonds, 2025-12-01 Brings Tibetan Buddhist philosophy contemplative practice and contemporary environmental ethics together to present a novel way of approaching the pressing issues facing our more than human world In Buddhist
