Meditations On The Soul Selected Letters Of Marsilio Ficino:

Meditations on the Soul Marsilio Ficino, 1996 The problems that taxed the minds of people during the Renaissance were much the same as those confronting us today In their perplexity many deep thinking people sought the advice of Marsilio Ficino the leader of the Platonic Academy in Florence and through his letters he advised them encouraged them and sometimes reproved them Ficino was utterly fearless in expressing what he knew to be true His letters cover the widest range of topics mixing philosophy and humor compassion and advice and offering a profound glimpse into the soul of the Renaissance This is the only accessible collection of Ficino s writings available in English **Marsilio Ficino** Angela

Voss, 2006-12-19 Marsilio Ficino was one of the most influential humanist philosophers of the early Italian Renaissance Though an ordained priest he was also a practicing astrologer and magician whose daunting life s work was to reconcile religious faith with philosophical reason which included integrating pagan magical practice with Christianity In a lengthy introduction editor Angela Voss puts Ficino s achievement in context as a complete re visioning of traditional astrological practice and the beginning of a humanistic and psychological approach that prefigured contemporary holistic approaches to astrology as therapy **The Letters of Marsilio Ficino** Marsilio Ficino, 1975 To Ficino and prefaces added to his work

published at this time The letters cover topics from friendship to healthy living and from the ancient philosophical tradition to biblical scholarship and medicine there is discussion of the influence of the stars on human life recommendations for reading books related to the Platonic tradition and reflections on the art of good writing and speaking Book Jacket [Return to the One](#) Brian Hines, 2004 In the Enneads 3rd century mystic philosopher Plotinus synthesized a thousand years of accumulated Greek wisdom with his own profound mystical experiences What is the nature of God Of spirit Of soul In what fashion can God be realized How can the validity of spiritual experiences be tested Return to the One presents Plotinus s compelling answers to such ageless questions in a refreshing modern style Whatever your spiritual beliefs you will find yourself challenged and stimulated by Plotinus s matchless blend of rationality and mysticism **Approaching Apollonius** Floyd O.

Parker, 2025-08-05 Apollonius of Tyana resembles Jesus Christ more than does any other person in antiquity at least if what his biographer Philostratus claims is true According to their respective biographers in the Life of Apollonius of Tyana and in the canonical Gospels both ancient figures were renowned holy men miracle workers exorcists and itinerant teachers who lived in the first century AD Nevertheless many Bible professors and students have never heard of Apollonius Others who have heard of Apollonius often uncritically accept the testimony of Philostratus Some New Testament scholars who write about Apollonius are unaware of the numerous historical problems that plague Philostratus s book and of the other early sources that portray Apollonius as a sorcerer or charlatan This book serves as a guide for students professors or curious laypersons who are approaching the study of Apollonius for the first time This work explores ten key issues that will help the reader make an informed decision about Apollonius The book examines the ancient sources available for the study of

Apollonius the historical accuracy of Philostratus's biography and the agendas of Philostratus and his royal patroness Julia Domna and provides a fulsome bibliography for those who wish to pursue these topics on their own *New Models of Religious Understanding* Fiona Ellis, 2018 What does it mean to understand the world religiously How is such understanding to be distinguished from scientific understanding What does it have to do with religious practice transfiguring love and spiritual well being *New Models of Religious Understanding* investigates these questions to set a new and exciting agenda for philosophy of religion Featuring contributions from leading scholars in the field the volume cuts across the supposed divide between analytic and continental approaches to the subject and engages the interest of a broad range of philosophical and theological readers Temperament Dorian Gieseler Greenbaum, 2005 The author gives a full history of the origins of temperament in astrology then shows clearly and succinctly how readers can work to assess temperaments themselves Copious case histories support her technique *Hellenic Tantra* Gregory Shaw, 2024-02-13 *Hellenic Tantra* argues that scholarship on later Platonism has been misled by a dualist worldview The theurgic Platonists in the school of Iamblichus 4th century CE did not ascend out of their bodies to be united with the gods as is the common belief but allowed the gods to descend into their bodies By comparing embodied deification in theurgy to Tantric traditions of embodied deification Gregory Shaw allows us to understand the power and charisma of the last Platonic teachers *Hellenic Tantra* reveals a living Platonism that has been hidden from us **Satan's Rhetoric** Armando Maggi, 2001-09 Reading innumerable treatises on demonology written during the Renaissance including *Thesaurus exorcismorum* the most important record of early modern exorcisms Maggi finds repeated attempts to define the language exchanged between the fallen progeny of Adam and the most notorious fallen angel of them all Satan Using points of departure taken from de Certeau and Lacan Maggi shows that Satan articulates his language first and foremost in the mind More than speaking the devil tries to make human beings understand his language and speak it themselves **Theology and the Star Wars Universe** Benjamin D. Espinoza, 2022-07-11 Scholars have been arguing for years that *Star Wars* is more than light sabers Wookies Millennium Falcons and troubling familial relationships *Star Wars* is an exciting space fantasy that we can explore from multiple academic perspectives such as philosophy and psychology This volume adds to that conversation by asking what would it look like if we analyzed the *Star Wars* universe theologically In *Theology and the Star Wars Universe* contributors from various theological traditions take on this task by exploring the nature of the Force the spiritual role of the Jedi nonviolent and liberationist readings of the Franchise and the enduring power of hope Written for the restless curious academic but accessible to diehard fans *Theology and the Star Wars Universe* is an exciting foray into the study of theology and popular culture *Ritual, Rapture and Remorse* Jerri Daboo, 2010 This book was awarded a Special Mention Citation in the 2010 competition for the de la Torre Bueno Prize by The Society of Dance History Scholars In the region of Salento in Southern Italy the music and dance of the pizzica has been used in the ritual of tarantism for many centuries as a means to cure someone bitten by the taranta spider

This book a historical and ethnographic study of tarantism and pizzica draws upon seven hundred years of writings about the ritual contributed by medical practitioners scientists travel writers and others It also investigates the contemporary revival of interest in pizzica music and dance as part of the neo tarantism movement where pizzica and the history of tarantism form a complex web of place culture and identity for Salentines today This is one of the first books in English to explore this fascinating ritual practice and its contemporary resurgence It uses an interdisciplinary framework based in performance studies to ask wider questions about the experience of the body in performance and the potential of music and dance to create a sense of personal and collective transformation and efficacy *The Life and Ideas of James Hillman* Dick

Russell,2023-05-30 James Hillman who died in 2011 at the age of eighty five has been described by poet Robert Bly as the most lively and original psychologist of the twentieth century Based on author Dick Russell s interviews with Hillman and dozens of people who knew him Volume Two of *The Life and Ideas of James Hillman* takes up Hillman s mid life when he set about returning psychology to its Soul rich roots in Greek mythology and Renaissance esotericism From his base teaching at Zurich s Jung Institute we follow Hillman s growing international prominence as a maverick in the field coinciding with his relationship and eventual marriage to Patricia Berry They would be instrumental in formulating Archetypal Psychology along with a group of young compatriots in what became known as Spring House The new ideas taking shape moved psychology away from the dominant scientific medical model with its focus on treating the isolated individual expanding into the fertile realm of culture and the imagination Amid prodigious writings and lectures Hillman made mythology and even alchemy relevant to our times Delivering the prestigious Terry Lectures at Yale and being nominated for a Pulitzer Prize Hillman returned to America after living primarily in Europe for thirty years To the surprise of many he settled in Dallas and helped found an Institute of Humanities and Culture while taking up how to re imagine city planning Equally surprising was Hillman s subsequent move to rural Connecticut where he and Pat Berry resided in a nineteenth century farmhouse Starting in the mid 80s Hillman became a pioneering teacher in the mythopoetic men s movement alongside Robert Bly and Michael Meade where deep talk about fathers and sons and male female relationships offered a new kind of group therapy a cultural therapy As Thomas Moore said of Hillman he possessed a genius for taking any theme and shedding serious fresh light on it Along the way Hillman s insights came to encompass all of the arts a poetic basis of mind that connected him to many of the most influential artists and thinkers of the modern era *Giorgio Vasari* Liana De Girolami Cheney,2025-03-04

creators of images that convey profound moral and intellectual messages Their status was elevated from mere artisans to creators whose work brings beauty to the world and makes enduring contributions to cultural heritage **Soul Reflections** Marilyn C. Barrick,2020-08-15 As we move into the twenty first century many of us feel a yearning for spiritual awakening and divine guidance We may look outside of ourselves for answers whether to therapists coaches or others but ultimately the healing of soul and spirit is an inner quest Author and transformational psychologist Dr Marilyn Barrick takes us on a spiritual psychological journey the journey of the soul from heaven to earth and back again She skillfully interweaves psychological interpretation insights into karma and reincarnation stories and self help exercises To help us on our journey she examines the lives of real and legendary heroes in their quest for enlightenment She shows how love and compassion can initiate a healing process for the soul And through her inspiring meditations and practical exercises she offers creative ways to help us transform painful experiences of the past **The Poetics of Melancholy in Early Modern England** Douglas Trevor,2004-09-30 The Poetics of Melancholy in Early Modern England explores how attitudes toward and explanations of human emotions change in England during the late sixteenth and early seventeenth century Typically categorized as literary writers Edmund Spenser John Donne Robert Burton and John Milton were all active in the period s reappraisal of the single emotion that due to their efforts would become the passion most associated with the writing life melancholy By emphasising the shared concerns of the non literary and literary texts produced by these figures Douglas Trevor asserts that quintessentially scholarly practices such as glossing texts and appending sidenotes shape the methods by which these same writers come to analyse their own moods He also examines early modern medical texts dramaturgical representations of learned depressives such as Shakespeare s Hamlet and the opposition to materialistic accounts of the passions voiced by Neoplatonists such as Edmund Spenser **Artistic Responses to Travel in the Western Tradition** Sarah J. Lippert,2018-04-17 In an era when ease of travel is greater than ever it is also easy to overlook the degree to which voyages of the body and mind have generated an outpouring of artistry and creativity throughout the ages Exploration of new lands and sensations is a fundamental human experience This volume in turn provides a stimulating and adventurous exploration of the theme of travel from an art historical perspective Topical regions are covered ranging from the Grand Tour and colonialism to the travels of Hadrian in ancient times and Georgia O Keeffe s journey to the Andes from Vasari s Neoplatonic voyages to photographing nineteenth century Japan The scholars assembled consider both imaginary travel as well as factual or embellished documentation of voyages The essays are far reaching spatially and temporally but all relate to how art has documented the theme of travel in varying media across time and as illustrated and described by writers artists and illustrators The scope of this volume is far reaching both chronologically and conceptually thereby appropriately documenting the universality of the theme to human experience **The Gnostic Faustus** Ramona Fradon,2007-11-12 The Faust legend seen as a transmission of core Gnostic teachings disguised as a morality tale Shows the 16th century Faust text

to be a coded composite Gnostic creation myth Identifies the many Hermetic alchemical and Tantric symbols found in Faust that signify worship of the divine feminine through sacramental sexual practices Reveals a mystical process of spiritual salvation as distilled from esoteric traditions In The Gnostic Faustus Ramona Fradon shows the legend of Doctor Faustus to be a composite Gnostic creation myth that reveals the process of spiritual salvation Nearly every element of the original 16th century text is a metaphor containing profound spiritual messages based on passages of Coptic and Syrian Gnostic manuscripts including the Pistis Sophia and The Hymn of the Pearl Fradon identifies many Hermetic alchemical and Tantric symbols in the Faust Book that accompany the story of Sophia the goddess of wisdom whose troubled journey to salvation is a model for human spiritual development Extensive line by line text comparisons with these Gnostic manuscripts show that Faustus s corruption by the Devil and his despair parallel Sophia s transgression and fall and that his tragic death is a simple reversal of her joyful rebirth so written in order to make an otherwise heretical story palatable to Church authorities at that time Fradon demonstrates that the Faust legend is a vehicle for transmitting antiquity s secret wisdom It provides an account of spiritual initiation whose goal is ecstatic revelation and union with the divine The elements of alchemy sacramental sex and worship of the divine feminine that are encoded in the Faust Book reveal the same hidden goddess worshipping tradition whose practices are hinted at by the writings of Renaissance magi such as Cornelius Agrippa and Giordano Bruno The Revival of Antique Philosophy in the Renaissance John L. Lepage,2012-12-05 This book examines the revival of antique philosophy in the Renaissance as a literary preoccupation informed by wit Humanists were more inspired by the fictionalized characters of certain wise fools including Diogenes the Cynic Socrates Aesop Democritus and Heraclitus than by codified systems of thought Rich in detail this study offers a systematic treatment of wide ranging Renaissance imagery and metaphors and presents a detailed iconography of certain classical philosophers Ultimately the problems of Renaissance humanism are revealed to reflect the concerns of humanists in the twenty first century Under the Guise of Spring Eugene - Lane Spollen,2021-10-05 A message to a Medici unseen for 500 years has been found It reveals the true purpose of Botticelli s Primavera while opening a window on the cryptic world of the Renaissance Pagan Revival Yoga Journal ,1996-05 For more than 30 years Yoga Journal has been helping readers achieve the balance and well being they seek in their everyday lives With every issue Yoga Journal strives to inform and empower readers to make lifestyle choices that are healthy for their bodies and minds We are dedicated to providing in depth thoughtful editorial on topics such as yoga food nutrition fitness wellness travel and fashion and beauty
