Meeting Other Believers The Risks And Rewards Of Interreligious Dialogue:

Meeting Other Believers Francis A. Arinze, 1997 On interreligious dialogue **Meeting Other Believers** Francis A. Arinze, 1997 Ecumenism and Interreligious Dialogue Edward Idris Cassidy, 2005 This initial volume in the Rediscovering Vatican II series looks at the relationship between the Catholic Church and other Christian churches Unitatis Redintegratio Restoring Christian Unity and between the Catholic Church and other great religions Nostra Aetate the Declaration on Interreligious Dialogue BOOK JACKET Education for Interreligious Dialogue Patrick Chinedu Mbarah, 2020-09-29 This publication representing substantively the doctoral dissertation of Rev Fr Patrick Chinedu Mbarah examines the implication of education for interreligious dialogue He believes that education has a paramount role to play in advancing interreligious dialogue Focusing on Archdiocese of Owerri Nigeria he evaluates the situation at hand in the light of the relationship existing among the different religions Islam Christianity African Traditional Religion and some of the New Religious Movements He insists that education will help in the promotion and progress of dialogue among the different religion frontiers The book argues that education for interreligious dialogue is not optional instead it is a necessity and an obligation in the Nigerian context The book highlights the importance of catholic education and how the various channels existing in the archdiocese of Owerri could be used as veritable means of formation of the people to understand the teaching of the Church on interreligious relations with people of other faith traditions Furthermore the book presents a concrete proposal of an Interreligious Dialogue Directory for the application of principles and norms for the education of people for a mutual coexistence with followers of other religious traditions in Owerri Archdiocese Nigeria It is meant for the education of people at different levels pastoral agents catechists priests religious and lay faithful It also addresses schools especially Secondary and Tertiary institutions Fostering Interreligious Encounters in Pluralist Societies Simon Mary Asese A. Ahiokhai, 2019-05-03 This book calls attention to ways of fostering dialogue among members of different religious traditions in an era of cultural and religious pluralism To achieve this the author analyzes the results of an ethnographic study of Ihievbe a town in Midwestern Nigeria that is religiously pluralistic Emphasis is given to hospitality and friendship two key relational cultural philosophical and theological virtues as tools for constructing healthy interreligious dialogue that is relevant for our times A critical study is done on the importance of these two dialogical virtues in the religious expressions of Roman Catholicism Islam and Ihievbe Traditional Religion Preference for ethnographic studies is based on stressing the relevance of context in articulating useful practices of interreligious dialogue Finally the book articulates ways the fruits of interreligious dialogue can be celebrated in the liturgical rituals of each religion especially the three religions that are addressed here **African Religion in the Dialogue Debate** Laurenti Magesa, 2010 Dialogue between African Religion and other world religions has regrettably been a much neglected area in formal religious discourse in Africa to date Moreover up to now the imperative of dialogue in the process of evangelism figures only peripherally if at all in the study of

African Christian Theology This book is probably the first deliberate extensive and well argued attempt by an African theologian to fill this unfortunate lacuna How can Christian and African spiritualities interact with and enrich each other on the basis of mutual respect without as has historically been the case the one necessarily seeking to eradicate the other This is the fundamental question of dialogue discussed in the pages of this book Dr Laurenti Magesa is Senior Lecturer in African Theology at the Maryknoll Institute of African Studies and the Jesuit School of Theology Catholic University of Eastern Africa Nairobi Kenya

Our Bishops, Heroes for the New Evangelization Justin McClain, 2017-06-05 These are challenging times when it comes to the need for lay Catholics to understand the Church's position on any number of doctrinal issues Likewise we need bishops who will lead warmly and amicably yet likewise accurately and as dutiful spiritual fathers The goal of this book is to invite the Catholic laity along with anyone of good will to become steadily familiar with the teachings of the Church as transmitted by the writings of modern Catholic bishops There is a particular focus on the bishops of the English speaking world as well as on the writings of the bishops over the course of the last two centuries If you would like to grow in your Catholic faith this book explains how the bishops have patiently and pastorally led the faithful to walk ever closer to the ultimate Good Shepherd the Lord Jesus Christ

Catholicism in Dialogue Wayne Teasdale, 2004-05-03 Mutual understanding between the faithful of the world's great religions is no longer a luxury all over the world religions are challenged to find common ground in the cause of peace and justice and in the face of war and exploitation Meanwhile stereotypes antipathies and sectarian isolation continue to rob religion of the impact it can and should have in fostering a better world Conversations across Traditions offers a fresh invitation to and model for interfaith dialogue Drawing on his extensive knowledge and experience of ecumenical cooperation Roman Catholic lay brother and monk Wayne Teasdale offers a strong and prophetic voice for interfaith dialogue that brings traditions together without watering them down He offers a blueprint for combining the strengths and perspectives of various faiths in order to address the crises of poverty racism environmental pollution and moral indifference Highly informative and compelling this book is accessible to a wide audience from the classroom to study groups and others who want to learn about conversing across traditions Teasdale offers a valuable approach to teaching the Roman Catholic tradition in our pluralized globalized world At the same time his spiritual insight and prophetic wisdom lead the reader into the frontier world of interfaith relations where confusion is always present and faith though not as secure as in isolation is enriched by contact with the great world religions This book is visionary hopeful and deeply inspiring as we walk into the uncharted future

New Trends in Mission Baekelmans, CICM, Peter, Robert, OLA, Marie-Helene, 2022-06-15 An overview of trends in Catholic mission from SEDOS Mission Symposium 2021

False Dawn Lee Penn, 2004 The interfaith movement which began with the 1893 World's Parliament of Religions in Chicago has grown worldwide Although this movement has been largely unknown to the public it now provides a spiritual face for globalization the economic and political forces leading us all from nationalism to One World The most ambitious

organization in today's interfaith movement is the United Religions Initiative URI founded by William Swing the Episcopal Bishop of California Investigative reporter Lee Penn a Catholic ex Marxist exhaustively documents the history and beliefs of the URI and its New Age and globalist allies the vested interests that support these movements and the direction they appear to be taking The interfaith movement is no longer merely the province of a coterie of little heeded religious idealists with grandiose visions The URI's proponents have ranged from billionaire George Soros to President George W Bush from the far right Rev Sun Myung Moon to the liberal Catholic theologian Hans K ng and from the Dalai Lama to the leaders of government approved Protestant churches in the People's Republic of China The interfaith movement including the URI is being promoted by globalist and New Age reformers who favor erosion of national sovereignty marginalization of traditional religions establishment of global governance and creation of a new Earth based global spirituality in effect a one world religion Therefore the URI and the interfaith movement are poised to become the spiritual foundation of the New World Order the new civilization now proposed by Mikhail Gorbachev the last leader of the Soviet Union In The Reign of Quantity and the Signs of the Times French metaphysician Ren Gu non spoke of the anti tradition the forces of materialism and secular humanism finally giving way to the counter tradition the satanic inversion of true spirituality leading to the regime of Antichrist The anti tradition weakens and dissolves traditional spiritualities after which the counter tradition sets up a counterfeit in their place Since Gu non's time as is well known anti traditional forces have greatly advanced worldwide It is less well known that counter traditional movements have also made great strides and now stand closer to the centers of global political and religious power than ever before The counter tradition is making inroads on the political and cultural Right as much as it is doing on the Left False Dawn painstakingly documents these trends and speculates on their future development In so doing the author takes investigative reporting to the threshold of prophecy and gives us a stunningly plausible picture of the global religious landscape of the 21st century This extraordinary project is the literary equivalent of turning over a flat rock There is much to be seen and learned here all of it unsettling disquieting occasionally downright scary William Murchison Radford Distinguished Professor Baylor University When a bishop of a Christian church happily worships alongside a Wiccan invoking other gods something has gone horribly wrong In False Dawn Lee Penn has produced a comprehensive and critical history of the United Religions Initiative This book sounds a clear warning Anyone who makes theological truth subservient to utopianism denigrates all religions Douglas LeBlanc Editor GetReligion.org

The Great Commission Timothy E. Byerley, 2008 This book proposes six specific and distinct biblical models of Catholic evangelization for reflection comparison and consideration along with corresponding practical examples from American Catholic Church history Book jacket

The Pursuit of the Sacred John Chitakure, 2016-03-03 Globalization has taken the world by storm and has facilitated the unprecedented migrations of the peoples of this world Whether we like it or not we will meet foreigners in our communities schools universities buses and other public places But when people migrate they take their

religions with them If people of different religious traditions are to live side by side amicably interfaith dialogue becomes imperative But for people to be able to speak about their own religions with enlightenment and listen to other people's religious beliefs with respect they must have some basic knowledge of how faiths and believers operate because for some people religion is inseparably intertwined with their economics politics and everyday lives This book clearly and concisely introduces religious studies to the reader It makes a strong case for the quest and study of world religions and explores the challenges controversies and methodological issues in the study of religions It also explores other pertinent religious issues such as beliefs rituals myths sacredness morality the problem of evil and interreligious dialogue Although written from a classroom perspective this book can be useful to any reader who would like to acquire knowledge of religious issues

Christian Responses to Islam in Nigeria A. Akinade, 2014-07-10 This book examines the various Christian responses to Islam in Nigeria It is a study of the complex interreligious relationships in Nigeria Using a polymethodic approach the book grapples with many narratives dealing with interreligious competition and cooperation in Nigeria

The Unknown God Thomas G. Grenham, 2005 This book explores the idea of religious and theological interculturalisation from a Christian perspective as an approach to evangelisation It explores aspects of culture and pluralism as these have been interpreted in post Vatican II approaches to mission and evaluates interculturalisation from a number of perspectives including language symbol and metaphor It draws insight from two New Testament encounters of Jesus with women in Samaria John and in Tyre Matthew and Mark and goes on to explore some historical sources of interculturalisation in the missionary endeavours of the Jesuit Matteo Ricci A particular case study is made of the contemporary experience of an African people the Turkana of Kenya

Where are you Africa? Castor M. Goliama, 2011 This is an original and innovative study of mobile phones in Africa from a theological perspective The First and the Second Special Assemblies for Africa of the Synod of Bishops held in Rome in 1994 and 2009 respectively made an urgent appeal to the Church in Africa to employ various media forms of social communications for evangelization and the promotion of justice and peace Evidently electronic media are now increasingly used for evangelization across Africa The proliferation of the mobile phone in Africa is a most welcome development to this end On the basis of a thorough review of the growing literature on the mobile phone and the cultures it inspires Goliama highlights the ambivalent nature of mobile cultures for the Roman Catholic Church's evangelization mission in Africa He argues not only for the continued merits of face to face communication for the Church's pastoral approach in the African context He points to how this could be enriched by a creative appropriation of the mobile phone as a tool for theological engagement in its capacity to shape cultures in ways amenable to the construction of a Cell phone Ecclesiology Such emergent mobile cultural values include the tendency of mobile users to transcend social divides to promote social interconnectedness and to privilege the question where are you This informed and well articulated exploration of Cell phone Ecclesiology is thus envisaged to aid the Church in Africa to wrestle more effectively with challenges that diminish human

life and promote instead qualities that are life affirming to all categories of people in the Church and society **Reaching for God** Roberta Werner, 2013 *Reaching for God* is a compendium of Benedictine life and prayer for oblates. It brings together in one volume the essence of Benedictine spirituality, its history, its relevance through the ages and in the present, and a summary of the most fundamental gifts and values it offers for living a meaningful life. Here the meaning and purpose of the oblate way of life is explained in a clear and encouraging way. Werner offers guidance and examples of prayer to enrich any spiritual life. Sister Roberta Werner OSB, having worked as a teacher, caregiver, and educational administrator, is now the assistant oblate director at St. Benedict's Monastery in St. Joseph, Minnesota. In this role, she guides an oblate discussion group, contributes to oblate newsletter publications, has set up an oblate library, and makes the spiritual journey with the many oblates who connect with her and with the monastery in their search for God. **U.S. Catholic Historian**, 1999 **A Theory of Personalism** Thomas R. Rourke, Rosita A. Chazarreta Rourke, 2006-12-01 This distinctive and contemporary departure from hackneyed discussions of political theory introduces readers to a contemporary personalism rooted in the work of Bartolome de Las Casas and emerging again in the contributions of Dorothy Day, Peter Maurin, as well as the liberation theology of Gustavo Gutierrez and Jon Sobrino. Thomas R. Rourke and Rosita A. Chazarreta Rourke introduce readers to new sources of personalism by investigating and revising the intellectual history of this theory and its development. *Cumulated Index to the Books*, 1999 **Jews in Dialogue** Magdalena Dziaczkowska, Adele Valeria Messina, 2020-03-17 *Jews in Dialogue* discusses Jewish post-Holocaust involvement in interreligious and intercultural dialogue in Israel, Europe, and the United States. The essays within offer a multiplicity of approaches and perspectives: historical, sociological, theological, etc., on how Jews have collaborated and cooperated with non-Jews to respond to the challenges of multicultural contemporaneity. The volume's first part is about the concept of dialogue itself and its potential for effecting change; the second part documents examples of successful interreligious cooperation. The volume includes an appendix designed to provide context for the material presented in the first part, especially with regard to relations between the State of Israel and the Catholic Church.
