Wholesome Health Vaidya (Dr.) Shruti Kuchhal, 2023-11-28 Times where medical landscapes are constantly evolving due to unseen health maladies, keeping up with general wellbeing is becoming a challenge and every wave of pandemic is instilling deep fear. This is a calling to take charge of your health. It's time to tweak into the food practices in a logical way to ensure physical, mental and spiritual soundness. Little did we know that each Indian household runs a mini health clinic. The timeless ingredients from our kitchen beckon us to rediscover the health wisdom of the generations past. Recall what was forgotten. Know what was unknown. Acknowledge what was unnoticed. Let's unleash the power of natural healing. I call it home coming. I call it Ayurveda. **Research Literacy for Health and Community Practice, Second Edition** Sonya Jakubec, Barbara Astle, 2021-12-10 In its second edition, *Research Literacy for Health and Community Practice* introduces students to fundamental research concepts that will enable them to think critically about research and recognize effective methods for understanding and utilizing research for practice. Thoroughly updated, this new edition features content on Indigenous knowledge and research including contributions by two Indigenous scholars and offers additional examples of qualitative and quantitative designs, updated content on literature reviews as well as new exercises and examples throughout to broaden the scope to different care providers in health community services and other related fields. Rather than outlining methods for conducting research, this textbook teaches basic skills for engaging with research literature including how to frame and organize knowledge, interpret and evaluate evidence using qualitative and quantitative approaches, distinguish between research and other forms of information and use this evidence in practice settings. Offering a wealth of exercises, recommended readings, online resources and learning activities, this textbook satisfies the need for practical, beginner-level resources in research literacy courses across health studies disciplines. **FEATURES** Written in an accessible and user-friendly style that offers a straightforward understanding of essential research concepts. Pedagogical features include chapter outlines and learning objectives, review and reflect sections, further resources and links, a glossary and two appendices with
