Primary Care Physicians Institute of Medicine,Committee to Study Strategies for Supporting Graduate Medical Education for Primary Care Physicians in Ambulatory Settings,1989-02-01

Because of changes in the health care system the hospital has become less suitable as the primary focus of graduate medical education for primary care physicians. However, the current system of financing health care education and services makes it difficult to accomplish the needed shift to training in primary care ambulatory settings. This book suggests ways of lowering financial barriers to primary care training in ambulatory settings.

Lewis's Adult Health Nursing I & II (2 Volume Edition) with Complimentary Textbook of Professionalism, Professional Values and Ethics including Bioethics - E-Book Malarvizhi S., Renuka Gagan, Sonali Banerjee, 2023-12-12. The second South Asia edition of Black's Adult Health Nursing I & II including Geriatric Nursing has been comprehensively updated to suit the regional curricula for undergraduate nursing students. This book will help student nurses to acquire the knowledge and skill required to render quality nursing care for all common medical and surgical conditions. The contents have been made easy to understand using case studies, concept maps, critical monitoring boxes, care plans, and more. This text provides a reliable foundation in anatomy and physiology, pathophysiology, medical surgical management, and nursing care for the full spectrum of adult health conditions and is richly illustrated with flow charts, drawings, and photographs. South Asian epidemiological disease data for better understanding of the subject. Integrating Pharmacology boxes help students understand how medications are used for disease management by exploring common classifications of routinely used medications. Review questions have been added to all the units within this book. This second South Asia edition will be a valuable addition to every student nurse's bookshelf given the revisions and modifications undertaken in line with the revised Indian Nursing Council (INC) curriculum. Translating Evidence into Practice boxes, Thinking Critically questions, Integrating Pharmacology boxes, Bridge to Critical Care and Bridge to Home Health Care boxes, Feature boxes highlighting issues in Critical Monitoring, Management and Delegation boxes, Genetic Links, Terrorism Alert, and Community Based Practice boxes, Physical Assessment in the Healthy Adult, and Integrating Diagnostic Studies boxes, Safety Alert icons, Digital Resources available on the MedEnact website.

Teaching Made Easy Kay Mohanna, David Wall, Elizabeth Cottrell, Ruth Chambers, 2017-12-21. The Third Edition of this highly respected book has been further refined following feedback and consultation; it continues to provide essential structure, support, guidance, and tips for both beginning and experienced teachers and their managers. The new edition has been developed for use by both UK and international teachers. Its content is designed to be relevant and inclusive to all healthcare disciplines and has been thoroughly reorganised to ensure more intuitive placement of information. Key points are highlighted by the new inclusion of Tips from experienced teachers in each chapter, while newly written chapters reflect contemporary concepts and key approaches including teaching styles, curriculum development, e-learning, virtual learning environments, leadership, and professionalism. This book will continue to benefit everyone teaching health professionals at all levels, including general practitioners and hospital doctors, nurses in primary and secondary care, professionals allied to medicine and health service managers. From reviews of previous editions: A useful book for those with a genuine interest in the full gamut of education.
