Medjugorje And The Eucharist:

Medjugorje and the Eucharist Wayne Weible, 2014-12-20 Medjugorje and The Eucharist marks a new direction in Wayne's writing focusing on the intimate connection between the apparitions at Medjugorje and the Holy Eucharist. The book further explores the history of the Eucharist and its major role in the Reformation. It is filled with incredible stories of conversion through discovery of the Eucharist especially at Medjugorje. [Look at the Son](#), **Mary and the Eucharist** Richard Foley, 1997 *The Vatican Prophecies* John Thavis, 2015-09-15 The process by which these supernatural events are authenticated is expertly told by John Thavis, one of the world's leading Vaticanologists. In fact, that a book on so secretive and complex a topic is so deeply researched, beautifully written, and artfully told is something of a small miracle itself. James Martin S.J., author of *Jesus A Pilgrimage* From the New York Times bestselling author of *The Vatican Diaries*, a fascinating behind-the-scenes look at how the Vatican investigates claims of miraculous events. Apocalyptic prophecies and miraculous apparitions are headline-grabbing events that often put the Catholic Church's concept of rational faith at odds with the passion of its more zealous followers. To some, these claims teeter on the edge of absurdity. Others see them as evidence of a private connection with God. For the Vatican, the issue is much more nuanced as each supposed miraculous event could have serious theological and political consequences. In response, the Vatican has developed a highly secretive and complex evaluation system to judge the authenticity of supernatural phenomena. Former journalist John Thavis uses his thirty years' experience covering the Vatican to shed light on this little-known process, revealing deep internal debates on the power of religious relics, private revelations, exorcisms, and more. Enlightening and accessible to Catholics and non-Catholics alike, the book illustrates the Church's struggle to balance the tension between traditional beliefs and contemporary skepticism.

Power of Popular Piety Ambrose Mong, 2019-03-04 This book examines the ambivalence of folk Catholicism as a resource to fight against injustice exploitation and oppression Cases are cited to illuminate the value and potential trespasses of popular religious beliefs and practices Over centuries representatives of the powerful middle and upper middle classes did not hesitate to manipulate popular piety to protect their power and privileges In fact much of popular religion still reflects the dominant ideology Popular piety has the potential for liberation against unjust social and economic structures When properly guided this practice can broaden and deepen political consciousness and mobilize people to act Without a strong level of political consciousness as well as liberative evangelization popular religion will be alienating to the poor while strengthening the status quo of the rich and the powerful This study argues that it will be the elites the well educated and committed Christians not the masses who would foster the transformation of society

Religious Regimes and State Formation Eric R. Wolf, 1991-01-01 This book intends to systematically overcome the received practice of treating religion and politics as wholly separate and independent domains It studies power and meaning in their antagonistic interdependencies rather than approaching religion purely as a realm of meaning without reference to issues of power or dealing with politics as the province of power without raising questions of meaning Religion and politics are thus seen in

relation to one another and attention is focused on the disputes about how political and religious regimes should be formed Religious Regimes and State Formation will convince the reader that god and politics have much in common and offers surprising new perspectives on old problems

My Daily Eucharist II Joan C. McHugh,1997-09 THE QUEEN OF PEACE VISITS MEDUGORJE JOSEPH A. PELLETIER ,1985 *Occasions of Faith* Lawrence J. Taylor,1995 Devotional occasions or experiences by Irish Catholics form the crux of this powerful first book length anthropological study of Irish Catholicism Questions central to the study of religion inform Occasions of Faith What is religion and how do official and popular religion differ What is the relation between power and meaning What are the roles of religious and political regimes in the social construction of religion In exploring these questions the book draws on two major theoretical traditions in the anthropological study of religion the tradition of Geertz Douglas and Turner and that of Marx Foucault and Asad Even the powerful religious regime Taylor finds in Irish Catholicism must leave creative space for what he calls a religious imagination Basic fears and needs propel the people of southwest Donegal and all of us Taylor argues to respond creatively to strong personal religious experiences and to invent forms to express them
