Volume 1 While created with children in mind this book is equally well suited for adults violinists and string teachers What
sets this method apart from others is that the tunes will first be played slowly unaccompanied so that you can hear the notes
and how the tune goes Then an arrangement follows which is more up to tempo with backup All of the tunes will be broken
down into parts for easier learning and new fiddling techniques will be explained as they are introduced Often different
versions will be offered for the same tune providing variety and a way to learn more concepts skills and ideas that can be
used in other tunes The goal is to play along with the two included CDs Special features of this volume are some optional
twin fiddle parts and tips on twin fiddling These pieces are great for teachers to use with students or for students to play with

another instrument dwelling on chord patterns double stops bowing patterns shuffles and all manner of accompaniment and
