

11. The differentiation between 'evaluate' and 'critically evaluate' can be explained as follows:
- 11.1 When 'evaluate' is used, candidates are expected to respond in either a positive/negative manner or take a neutral (positive and negative) stance, e.g. **Positive:** 'CIDA eliminates time and costs spent✓ on lengthy civil court proceedings.'✓
 - 11.2 When 'critically evaluate' is used, candidates are expected to respond in either a positive/negative manner or take a neutral (positive and negative) stance. In this instance, candidates are also expected to support their responses with more depth, e.g. 'CIDA eliminates time and costs spent✓ on lengthy civil court proceedings✓, because the employer will not be liable for compensation to the employee for injuries sustained during working hours as long as it can be proved that the business was not negligent.'✓

NOTE:

- 1. The above could apply to 'analyse' as well.
- 2. Note the placing of the tick (✓) in the allocation of marks.

12. The allocation of marks must be informed by the nature of the question, cognitive verb used, mark allocation in the marking guidelines and the context of each question.

Cognitive verbs, such as:

- 12.1 Advise, name, state, mention, outline, motivate, recommend, suggest, (list not exhaustive) do not usually require much depth in candidates' responses. Therefore, the mark allocation for each statement/answer appears at the end.
 - 12.2 Describe, explain, discuss, elaborate, compare, distinguish, differentiate, justify, devise, analyse, evaluate, critically evaluate (list not exhaustive) require a greater depth of understanding, application and reasoning. Therefore, the marks must be allocated more objectively to ensure that assessing is conducted according to established norms so that uniformity, consistency and fairness are achieved.
13. Mark only the **FIRST** answer where candidates offer more than one answer for **SECTION B** and **C** questions that require one answer.
14. **SECTION B**
- 14.1 If for example, **FIVE** facts are required, mark the candidate's **FIRST FIVE** responses and ignore the rest of the responses. Indicate by drawing a line across the unmarked portion or use the word 'Cancel'.
 - NOTE:** This only applies to questions where the number of facts is specified.
 - 14.2 If two facts are written in one sentence, award the candidate **FULL** credit. Point 14.1 above still applies.
 - 14.3 If candidates are required to provide their own examples/views, brainstorm this to come up with alternative answers.

Kimball, Daniel R. Coquillette, 2020-05-26 A history of Harvard Law School in the twentieth century focusing on the school's precipitous decline prior to 1945 and its dramatic postwar resurgence amid national crises and internal discord By the late nineteenth century Harvard Law School had transformed legal education and become the preeminent professional school in the nation But in the early 1900s HLS came to the brink of financial failure and lagged its peers in scholarly innovation It also honed an aggressive intellectual culture famously described by Learned Hand In the universe of truth they lived by the sword They asked no quarter of absolutes and they gave none After World War II however HLS roared back In this magisterial study Bruce Kimball and Daniel Coquillette chronicle the school's near collapse and dramatic resurgence across the twentieth century The school's struggles resulted in part from

a debilitating cycle of tuition dependence which deepened through the 1940s as well as the suicides of two deans and the dalliance of another with the Nazi regime HLS stubbornly resisted the admission of women Jews and African Americans and fell behind the trend toward legal realism But in the postwar years under Dean Erwin Griswold the school's resurgence began and Harvard Law would produce such major political and legal figures as Chief Justice John Roberts Justice Elena Kagan and President Barack Obama Even so the school faced severe crises arising from the civil rights movement the Vietnam War Critical Legal Studies and its failure to enroll and retain people of color and women including Justice Ruth Bader Ginsburg Based on hitherto unavailable sources including oral histories personal letters diaries and financial records *The Intellectual Sword* paints a compelling portrait of the law school widely considered the most influential in the world
