Roberts,2025-03-17 Outside of the progressive academics and activists whose ideology came to dominate the West in the second decade of the twenty first century arguably no group influenced public discourse as much as the Intellectual Dark Web Challenging the restrictive and relativistic intellectual and cultural orthodoxies on the left that engulfed universities the media and big tech this group a loose collective of politically diverse intellectuals commentators and scholars critical of political correctness identity politics and cancel culture relied on alternative platforms like podcasts digital magazines and YouTube to advocate for free speech universal rights and individual liberty While the term is most commonly identified with Jordan Peterson Sam Harris Ben Shapiro Claire Lehmann Douglas Murray and Joe Rogan as author Jamie Q Roberts shows the group s concerns and philosophy extended more broadly to include a wide range of individuals who helped mainstream critiques of woke culture and a robust defense of free speech including Steven Pinker Jonathan Haidt Ayaan Hirsi Ali Stephen Fry and Elon Musk Although the Intellectual Dark Web s coherence began to unravel in the early 2020s due to internal differences such as over the response to COVID 19 and climate change it played a determining role in changing the politico cultural landscape influencing both electorally successful right wing platforms and playing a major role in the rise of an independent media ecosystem that is today in many ways more influential than mainstream media Indeed as Roberts argues the Intellectual Dark Web s full legacy and historical impact is yet to be determined The ideas and principles its members championed continue to define not only the ongoing effort to protect universal rights and individual freedoms but also the current and future direction of global policy and politics Privileged Victims Eddie Scarry,2020-02-25

America s worst ideas and people are rising to the top thanks to a rancid culture that has turned every part of our lives into a fight between so called privilege and entitled brats claiming victim status The country is under siege and America s most ferocious enemy is already here our privileged victims On university campuses in the news media and in Hollywood race gender and sexuality determine who should advance and who should be taken down a peg Driven by social justice and governed by intersectionality out of control college students school administrators journalists and titans of the entertainment industry divide and rank us on an infinite scale of grievance the more of them the better And God have mercy on any individual deemed to benefit from privilege Privileged Victims zealously exposes the lies and myths behind The MeToo movement that redefined sexual assault and rape to include simple regret ruining the lives and careers of countless men Hoax hate crimes a

key feature of the privileged victim class The debate over our jungle like immigration system dumbed down by a scheming national news media to ugly charges of racism and xenophobia Hollywood which no longer aims to produce high quality entertainment but to virtue signal and promote social justice And so much more In gripping detail Eddie Scarry uncovers the perversion behind social justice and its identity first dogma that s replacing America s meritocracy tracing its origins in academia and shining a light on the havoc it has wrought over the course of three decades Bewildered citizens mistakenly believe that it s a matter of political correctness gone too far or the ailing symptoms of a country that has grown too sensitive The truth is much worse it s a deliberate malignant reorganization of American life and the replacement of merit with mediocrity is the ultimate destination How did everyone in America get so unhappy all of a sudden In part because it pays Eddie Scarry lays out the scam in this infuriating and fascinating book It ll make you never want to complain again just for the sake of being countercultural Tucker Carlson Host of Tucker Carlson Tonight on Fox News and Author of Ship of Fools What I love about Eddie is his courage He knows the outrage mob is constantly coming and he doesn t care Some of us call that being a First Amendment advocate Count me as a fan and a reader Megyn Kelly *macOS Sierra: The Missing Manual* David Pogue,2016-11-29 With Sierra Apple brings never before seen features to macOS like Siri voice control file sharing across all your iOS devices picture in picture mode for iTunes and Safari and AI photo search Once again David Pogue brings his humor and expertise to the 1 bestselling Mac book Whether you re a developer or a home user this guide offers a wealth of detail on Apple s OS X 10 12 operating system this new edition covers everything Sierra has to offer Perfect for newcomers Get crystal clear jargon free introduction to the Dock the macOS folder structure Safari Mail and iCloud Go in depth Learn how to use key new features such as Optimized Storage the Universal Clipboard Siri for Mac and iCloud Drive Sync Get the full story David Pogue doesn t stop at telling you how to use macOS features He wants you to know why to use them and how to avoid common pitfalls **The Counterweight Handbook** Helen Pluckrose,2024-06-17 The stated goals of diversity equity and inclusion programs are often reasonable if not noble to create a more welcoming and inclusive environment for all Yet as more and more people are discovering DEI as commonly practiced isn t a natural extension of past civil rights movements or an ethical framework for opposing discrimination on the grounds of race sex etc Rather it is inextricably connected with an illiberal and authoritarian ideology Critical Social Justice that demands adherence to its tenets and punishes any dissent from its dogma Even the mildest questions about Critical Social Justice claims that all white people are racists that all underrepresented minorities are oppressed that sex and gender differences have no biological basis that censorship is a necessary good are regularly met by DEI trainers and HR officers with pat commands Educate yourself Do the work Listen and learn At work raises promotions and future employment often depend on our nodding approval of such claims At school grades nominations and awards are often contingent upon our active agreement with these beliefs In our daily lives Critical Social Justice ideology poses a genuine threat not only to our fundamental rights but also to

the future of our democratic systems but if we suggest this we risk being canceled or shunned by community members. When facing a choice between silent submission and risky ethical opposition, what is a person to do? While a growing number of groups concerned about the nature of Critical Social Justice have begun to attack it from the top down through legal, financial, and political means, *The Counterweight Handbook* takes a decidedly different and novel approach. It works from the bottom up and is written to empower individuals who wish to combat Critical Social Justice in their personal and professional lives. Based on the author's years of experience studying, exposing, and fighting Critical Social Justice ideology and advising individuals and organizations struggling with it, *The Counterweight Handbook* is designed to help people address Critical Social Justice problems in the most ethical and effective way possible. It not only offers principled responses to the main claims of Critical Social Justice but also teaches individuals what to do when they are asked to affirm beliefs they do not hold, undergo training in an ideology they cannot support, or submit to antiscientific testing and retraining of their unconscious minds. In short, it is for all of us who believe in freedom of speech and conscience, who wish to push back against the hostile work and educational environments Critical Social Justice has created, and who want to stand up for our individual liberties and universal rights.

depended on the future of the site In January of 2022 Musk began secretly accumulating Twitter stock By April he was its largest shareholder and soon after made an unsolicited offer to purchase the company for the unimaginable sum of 44 billion dollars Backed into a corner Twitter's board accepted his offer but Musk quickly changed his mind forcing Twitter to sue him to close the deal in October The richest man on earth controlled one of the most powerful media platforms in the world but at what price Before long Twitter would be gone for good replaced by something radically different as Musk remade the company in his own image from the ground up The story of the showdown between Musk and Twitter and his eventual takeover of the company is unlike anything in business or media that has come before In vivid cinematic detail Conger and Mac follow the inner workings of the company as Musk lays siege to it first from the outside as one of its most vocal users and then finally from within as a contentious and mercurial leader Musk has shared some of his version of events but Conger and Mac have uncovered the full story through exclusive interviews unreported documents and internal recordings at Twitter following the billionaire's takeover With unparalleled sources from within and around the company they provide a revelatory three dimensional and definitive account of what really happened when Musk showed up spoiling for a brawl and intent on revolution with his merciless sycophantic cadre of lawyers investors and bankers This is the defining story of our time told with uncommon style and peerless rigor In a world of viral ideas and emotion who gets to control the narrative who gets to be heard and what does power really cost **Rowing News** ,2004-11 **Pets and People** Christine Overall,2017-02-01
