Introduction to Information Systems R. Kelly Rainer, Brad Prince, 2021-08-17 *Introduction to Information Systems* 9th Edition teaches undergraduate business majors how to use information technology to master their current or future jobs. Students develop a working understanding of information systems and information technology and learn how to apply concepts to successfully facilitate business processes. This course demonstrates that IT is the backbone of any business whether a student is majoring in accounting, finance, marketing, human resources, production, operations management, or MIS.

PRACTICAL MONEY ADVICE FOR YOUNG MEN 2.0 Malik McCotter-Jordan, 2021-12-25 I'm not suggesting that you fire your boss or quit your job. In fact, I advise you to keep your job. In this book, I have a job that's called having more than one stream of income, and I talk about that in this book. This is definitely not a BS Tony Robbins personal finance book with over 680 pages about compound interest, him shamelessly promoting financial firms that he has an ownership stake in, and saving 10% to 20% of your income. This is a raw and real book written by a guy who is only a few steps ahead of you. That's it. I'm not a guru. This is not a scam. I put my heart and soul into making this. I wrote this book as if it was for the 18-year-old me. Anyone who leaves a review saying that this book lacks realistic, actionable advice is just plain wrong. I even did what most of these personal finance authors don't have the guts to do. I talk about my personal life and the mistakes I made that cost me thousands of dollars. That's why this genre is called personal finance, right? I get really personal. Some might say it's too personal. If you're a young man who is tired of being broke, living paycheck to paycheck, not owning any assets, being clueless about taxes, and not being able to get ahead in the United States, then this is the book for you. I started off as a poor black boy in a small town in Alabama. On section 8, I currently have a 6-figure net worth. If I can do it, you can too. Buy this book today.

Fashion Management Rosemary Varley, Ana Roncha, Natascha Radclyffe-Thomas, Liz Gee, 2018-10-30 This new textbook, authored by a team of expert researchers and lecturers based at the London College of Fashion, is one of the first in the field to examine strategic management in the context of the fashion industry, catering specifically for students hoping to work in the sector. International in approach, the text covers all aspects of strategic management, from growth strategy and financial management to brand and supply chain management. Fashion Management's engaging style, page design, and pedagogical framework makes it accessible to students at all levels, while the authors' extensive expertise ensures that the content is always underpinned by rigorous academic research. Established key topics and significant contemporary issues, such as sustainability, the digital, and corporate social responsibility, are considered from both a theoretical and practical perspective, with real-world examples drawn from high-profile global fashion organisations. This is an ideal core textbook for those studying on undergraduate and postgraduate degree courses in fashion management and fashion marketing. The book will also be an important supplementary resource for courses in marketing, retailing, and business studies with the fashion industry, providing an effective context for students to engage with the application of theory.
