Lauren Dugan Jamie Turner and Melanie Mitchell Publics in Africa in a Digital Age Sharath Srinivasan, Stephanie Diepeveen, George Hamandishe Karekwaivanane, 2021-09-06 Across Africa digital media are providing scholars with a reason and opportunity for revisiting the question and the analytical lens of publics with new vigour and less normative baggage This book brings together a rich set of empirically grounded analyses of the diverse digital spaces and networks of communication springing up across the Eastern African region The contributions offer a plural set of reflections on whether and how we can usefully think about these spaces and networks as convening publics where citizens come together to discuss matters of common interest The authors make clear the need to unshackle such studies from slavish acceptance of outsiders prescriptions on what constitutes desirable publics They highlight the importance of being attentive to rapidly changing everyday realities across Africa in which people are coming together around the circulation of ideas in ways that include digital means of communications In so doing the contributions bring forward new ways of thinking about through and with publics alongside other heritages in Africanist scholarship that have continued salience Looking outwards from the region such different perspectives on our digitally mediated world offer theoretical novelty that advances how we think about the notion of publics and their political significance This book was originally published as a special issue of the Journal of Eastern African Studies Facebook Cookbook Jay Goldman, 2008-10-23 Want to build Facebook applications that truly stand out among the thousands already available In addition to providing easy to follow recipes that offer practical ways to design and build scalable applications using the Facebook Platform and its new profile design this Cookbook also explains proven strategies for attracting users in this highly competitive environment With plenty of examples and practical solutions Facebook Cookbook answers some of the hardest questions Facebook application developers contend with including how and where to get started This Cookbook will help you Learn to build an application that scales to accommodate a sudden influx of users Explore changes from Facebook s old profile design to the new look and feel Take advantage of new integration points in the new profile design Get tips for designing applications with hosting and deployment costs in mind Discover which widgets and controls to use for building the most attractive user interface design Learn the differences between standard HTML JavaScript and SQL and the versions used on the Facebook Platform Target large defined groups on Facebook including those who want to find jobs hire employees market a business advertise and more If you can build simple web applications with HTML Facebook Cookbook will help you build applications with the potential to reach millions of users around the globe Learn what it takes to design applications that stand above the rest **Building Communities** Denise Garofalo, 2013-10-31 Social media is here to stay A robust social media campaign can provide academic libraries with a means to showcase library resources highlight content and events and attract students to sample what the library has to offer Building Communities is a handbook to implement social media technologies for academic libraries It is a guide to planning and implementing a successful social media campaign and evaluating its impact This title covers the beginning of

social networking in the academic context how to implement use of social media technologies and evaluating their use The final section considers the future and asks What's next Provides information on how to plan integrate and assess the use of social media in academic libraries Gives examples on the best social media technologies to implement in academic libraries Discusses the skills and knowledge required in the academic library to launch a successful social media campaign **The**

Law Firm of Tomorrow Larry Port,2012-01-23 Running a law practice today is tough Economic worries technological innovations and traditional marketing are turning legal services upside down Learn how to take control of this tumultuous environment with The Law Firm of Tomorrow available for the first time as a single consolidated volume Compiled by the creators of Rocket Matter the leading online legal software in the cloud The Law Firm of Tomorrow taps into knowledge gained by helping thousands of attorneys run their practices Marketing Technology Business Practices and Billing are all explored with insight wit and simplicity The Law Firm of Tomorrow will put your firm on the path of increased efficiency and bigger profits in a difficult environment *Handbook of Research on Mobile Technology, Constructivism, and Meaningful Learning* Keengwe, Jared,2017-10-31

Advancements in technology in modern societies have resulted in an abundance of new educational tools and aids Analyzing the effects of different mobile educational applications can provide insight into how technology can promote or discourage purposeful learning among students and educators alike The Handbook of Research on Mobile Technology Constructivism and Meaningful Learning is a crucial scholarly resource that examines the use of newly developed technology on classroom education Featuring pertinent topics that include collaborative learning social media integration virtual reality and critical thinking dispositions this publication is ideal for educators academicians students and researchers that are interested in expanding their knowledge on recent trends and technologies that are enhancing the educational field **Beyond the Hero's Journey** Anthony Mullins,2021-07-01

Telling a story is simple right You take a hero and send them on a journey There's a beginning middle and an end But what if your story doesn't fit into that basic structure In Beyond the Hero's Journey BAFTA award winning screenwriter Anthony Mullins presents an accessible versatile and highly visual alternative to writing that dramatically expands the range of narratives open to writers both emerging and experienced Fun and easy to use this book looks at much loved films from around the world including Moonlight Lady Bird The Social Network The Godfather A Fantastic Woman Mulholland Drive Shoplifters Amour Inside Llewyn Davis and Call Me By Your Name to teach you the ins and outs of writing for the screen through identifying and taking control of character arcs Beyond the Hero's Journey is for every writer who has felt frustrated by the neat confines of writing guides It will teach you to explore and excel in telling more complex intricate and authentic stories and show you how to share your own distinctive original voice with the world Essential Don't start writing scripts without it And if you're writing scripts already read it to explode every existing assumption Modern relevant fresh this book unpacks the shows and movies we're watching now Anthony Mullins isn't just someone who inhales stories but gets what they're doing and nails what we can learn from them

There's so much here I wish I knew when I started screenwriting. Hell, there's so much that it's helped me refine the TV show I'm writing right now. Benjamin Law, creator/writer of *The Family Law*, *Beyond the Hero's Journey* will inspire you to rethink screenwriting. Written in a readable conversational voice and drawing on Hollywood independent and international scripting examples, it challenges us to focus on character arcs as the screenplay's central organising principle. It finds in arcs not only external action but the deepest levels of internal characterisation. I cannot recommend Anthony Mullins' approach enough; he has found a powerful path to the heart of story. Jeff Rush, co-author of *Alternative Scriptwriting: Beyond the Hollywood Formula*. For decades now, screenwriting manuals have almost religiously followed the principles of the hero's journey and the three act structure. Both great frameworks but only for a certain type of storytelling. In this peak TV era of long form ensemble storytelling with its non-linear structures and anti-heroes, writers are crying out for new ways of analysing story. In this hugely engaging book, Anthony Mullins breaks down an extraordinary array of films, unveiling new analytical tools that are insightful, practical, and best of all, that just might inspire you to write something genuinely original. Michael Lucas, creator/writer of *Five Bedrooms*, *The Newsreader* and *Party Tricks*. *Beyond the Hero's Journey* is a wonderfully fresh approach to screenwriting and story craft. Anthony Mullins is masterful at marrying large ideas about creativity with a practical, down-to-earth approach to writing. His love of screenwriting, both film and television, is clear in the way he approaches the material, resulting in an enjoyable and thought-provoking read for all experience levels. Warren Clarke, co-creator/writer of *The Heights*. The hero's journey is a story as old as time, and the template for analysing it feels even older. Time for a revamp. Enter Anthony Mullins. His thoughtful and contemporary take on crafting and critically examining story and character is a relief to read. If our common goal as makers is to refocus attention on history's forgotten players and stories, then we have to change how we study them. Mullins provides us with new tools for excavating the psychology of characters who don't exactly know what they want and don't always change in a linear direction or at all. It's a joy to read and a necessary evolution in critical analysis. Meg O'Connell, co-creator/writer of *Retrograde*.

Scale Smart Anirudh Narayan, 2019-01-10 *Scale Smart* is an actionable guide to start and scale a startup in India in the digital age. With lots of examples, live case studies, and marketing breakdowns, it gives a startup the road map to grow their business. It first identifies your marketing channels and then goes deeper into how to scale each of those channels. The book was created after interviewing over thirty successful founders. Ex-Bharat Matrimony, Practo, Byju's, Slideshare, Redbus, 25 others in the Indian startup ecosystem. Anirudh Narayan is a growth specialist who has helped over 1,000 aspiring entrepreneurs and 50 startups in the US, Latin America, Africa, and Asia with launching their idea, reaching product-market fit, and scale. His core specialties lie in user acquisition, funnel optimization, growth hacking, and business development. Anirudh's previous experiences involve Growth at Rocket Internet, Shutterstock, Lean Startup Machine, Simplilearn, Upgrad, as well as mentoring at accelerators like Numa. Anirudh currently helps entrepreneurs launch and scale their business through bootcamps, courses, consulting services, and products through this

company Growth Spartan Anirudh was recently featured among the top 500 growth hackers in the world
