Oracle Accounting Accounts Payable Manual:

Oracle e-Business Consultancy Handbook John Priestley, 2012-04-01 This book is based on my experiences as a consultant over a period of thirteen years the first four of them working for Oracle In those years I had the titles Manufacturing and Financials Consultant on different sites The essays in this book are largely designed to cover the more complex areas of the system including intercompany and internal sales orders outside processing and consignment stock They also cover procedures which may be needed in every factory how to check stock or how to investigate stock losses The SQL scripts to give easy to use reports which can be downloaded into Excel So many Oracle reports are difficult to use especially where there is a lot of data The SQL scripts also deal with the problems which occur after a site has gone live such as clearing up ahead of the inventory monthend Some queries notably in BOM and Routing validate data

Governance, Risk, and Compliance Handbook for Oracle Applications Nigel King, Adil R. Khan, 2012-08-24 The book is not organized by product rather by the governance and risk assurance processes A given product may be represented in multiple places within the book and a given process may contain multiple product references To ensure that we keep ourselves grounded in real problems the book is written as a journal of a fictional company establishing its governance processes It will introduce managers and directors responsible for various aspects of the governance risk and compliance problem and where that problem is exposed and how it is addressed in the technology and business applications The audience for this book is the people that advise the board the internal audit department and CIO office on controls security and risk assurance Consultants that are implementing Financials or GRC Applications who wish to gain an understanding of the Governance Risk and Compliance processes and how they are represented in Oracle should find it a useful primer Risk Assurance professionals will find it a reliable companion
