Organs Without Bodies Deleuze And Consequences By Zizek Slavoj Published By Routledge 2003:

Refractions of Reality: Philosophy and the Moving Image John Mullarkey, 2008-12-11 This is the first book to explore all central issues surrounding the relationship between the film image and philosophy It tackles the work of particular philosophers of film i ek Deleuze and Cavell as well as general philosophical positions Cognitivist and Culturalist and analyses the ability of film to teach and create philosophy

Being and Film Christine Reeh-Peters, 2021-03-16 This book develops the so called solaristic ontology of film by building a philosophical system based on an inquiry into the nature of film being and reality This solaristic system appropriates the aesthetic ideas and principles of thought present in the 1972 sci fi movie Solaris by Andrei Tarkovsky This movie is the main center of analysis here since it is highly symptomatic of the medium s philosophical self reflexivity and its intriguing correlation with reality and being The solaristic science is a fictional science introduced in the movie s diegesis and dedicated to the investigation of the planet Solaris an unattainable challenge In this sense the solaristic system closes the film s narrative by telling a philosophical story on the planet Solaris The book thus details a philosophical form of concept art and at the same time builds on previous results of film philosophy as well as the speculative turn in contemporary philosophy

Identities on the Move Silvia Pilar Castro-Borrego, Maria Isabel Romero-Ruiz, 2014-12-24 The development of new sexualities and gender identities has become a crucial issue in the field of literary and cultural studies in the first years of the twenty first century The roles of gender and sexual identities in the struggle for equality have become a major concern in both fields The legacy of this process has its origins in the last decades of the nineteenth century and the twentieth century The Victorian preoccupation about the female body and sexual promiscuity was focused on the regulation of deviant elements in society and the control of venereal disease homosexuals lesbians and prostitutes identities were considered out of the norm and against the moral values of the time The relationship between sexuality and gender identity has attracted wide ranging discussion amongst feminist theorists during the last few decades The methodologies of cultural studies and in particular of post structuralism and post colonialism urges us to read and interpret different cultures and different texts in ways that enhance personal and collective views of identity which are culturally grounded These readings question the postmodernist concept of identity by looking into more progressive views of identity and difference addressing post positivist interpretations of key identity markers such as sex gender race and agency As a consequence an individual s identity is recognized as culturally constructed and the result of power relations Identities on the Move Contemporary Representations of New Sexualities and Gender Identities offers creative insights on pressing issues and engages in productive dialogue Identities on the Move to addresses the topic of new sexualities and gender identities and their representation in post colonial and contemporary Anglophone literary historical and cultural productions from a trans national trans cultural and anti essentialist perspective The authors include the views and concerns of people of color of women in the diaspora in our evermore multiethnic and multicultural societies and their representation in the media

Zechner, 2003 Ausgangspunkt der vorliegenden Arbeit über Gilles Deleuze ist die Frage nach dem Verhältnis von Ironie und Humor weil bei Deleuze der Humor zu einer Methode des Denkens wird Das erste Kapitel beschäftigt sich mit der Beziehung des Denkens zu Malerei Theater Kino und Literatur sowie mit der Kunst der Herstellung von Begriffen und der Sprache der Philosophie Im zweiten Kapitel wird der Begriff des reinen Ereignisses entwickelt der im Zentrum des Denkens von Deleuze steht Das dritte Kapitel handelt hingegen vom Körper und vom Eintreten von Ereignissen vom Verhältnis von Virtualität und Aktualität von Singularität und Individuation und von einer bestimmten Umkehrung des Platonismus die Voraussetzung für eine deleuzeianische Ideenlehre ist Das Schlusskapitel versteht sich als Einführung in einen frühen Atheismus und entwickelt Ansätze zu einer deleuzeianischen Ethik Der Anhang enthält eine umfassende Bibliographie der Schriften von Deleuze und ihrer deutschsprachigen Übersetzungen sowie der vorliegenden Sekundärliteratur **Deleuze's Literary Clinic**

Desire is a term often used in conjunction with the subject This desire is directed towards the real which is defined as the generic core of the linguistic order As a result of the focus on affect the three terms desire the subject the real have been fundamentally shaken up and called into question Affect in various forms is now a matter of concern across a wide range of disciplines including neuroscience psychology the humanities and social sciences All of these fields have a declared interest in affect in emotions and sensations in pathos passions and the senses Desire After Affect argues that this affective euphoria cannot be explained solely in terms of a repression of language logos and reason It argues that the affective turn is symptomatic of a fundamental shift in modes of thinking about the human condition It explores what this means for the human and the posthuman animal and machine and calls for a new theory of subjectivation a philosophy of media affect

Silverman, 2004 *Iranian Cinema with Psychoanalysis* Farshid Kazemi, 2024-12-30 Combining Lacanian psychoanalytic theory Iranian Shiite thought and Islamicate sexualities Iranian Cinema with Psychoanalysis The Interpreter of Desires provides a groundbreaking analysis of the logic of desire and sexuality in key films of contemporary Iranian cinema arguing that there is a profound albeit surprising correlation between

post revolutionary Iranian cinema and psychoanalysis that has remained unthought Looking through the prism of psychoanalysis Farshid Kazemi argues that censorship on the representation and expression of sexual desire in Iranian films has contrary to the desired effect produced a cinema of desire This book is the first to provide an analysis of the unconscious structure of desire and sexuality operative in post revolutionary Iranian cinema demonstrating that psychoanalytic literature is uniquely positioned to shed light on this aspect of film Kazemi uncovers the hidden libidinal economy of Iranian cinema by exposing the fact that despite the State censor s desire to suppress desire it has inadvertently inscribed desire in its formal structure The book offers a compelling and innovative examination of Iranian cinema through a psychoanalytic lens contributing significantly to the field of film studies Iranian Cinema with Psychoanalysis will be of great interest to academics and scholars of film studies psychoanalytic studies Lacanian theory film theory Iranian cinema global cinema Iranian studies and Middle Eastern studies The Image of Law Alexandre Lefebvre,2008 The Image of Law is the first book to examine law through the work of Gilles Deleuze activating his thought within problems of jurisprudence and developing a concept of judgment that acknowledges its inherently creative capacity The British National Bibliography Arthur James Wells,2005
