Warum Ehrlichkeit und Transparenz im Social Web so wichtig sind. Wie Sie Ihre Online-Reputation optimieren. Welche Strategien erfolgreichen Social Media Kampagnen zugrunde liegen. Welche deutschsprachigen Plattformen für Sie interessant sein könnten. Was neue Dienste an zusätzlichen Chancen eröffnen. Wie Sie Ihren Erfolg überprüfen. The Politics of Social Media Manipulation Richard Rogers, Sabine Niederer, 2025-10-01. Disinformation and so-called fake news are contemporary phenomena with rich histories. Disinformation or the willful introduction of false information for the purposes of causing harm recalls infamous foreign interference operations in national media systems. Outcries over fake news or dubious stories with the trappings of news have coincided with the introduction of new media technologies that disrupt the publication, distribution and consumption of news from the so-called rumour-mongering broadsheets centuries ago to the blogosphere recently. Designating a news organization as fake or derelict has a darker history associated with authoritarian regimes or populist bombast, diminishing the reputation of elite media and the value of inconvenient truths. In a series of empirical studies using digital methods and data journalism, the authors inquire into the extent to which social media have enabled the penetration of foreign disinformation operations, the widespread publication and spread of dubious content as well as extreme commentators with considerable followings attacking mainstream media as fake.

In 1990 *BLOOD IN THE FACE: The Ku Klux Klan, Aryan Nations, Nazi Skinheads and the Rise of a New White Culture* was the first book to uncover the contours, beliefs, leaders and wider influence of the American racist far-right movement. It told their story from the inside out, complete with interviews, recruiting pamphlets, cartoons, rants, sermons, threats, police reports and more. The accompanying analysis by veteran investigative reporter James Ridgeway detailed the movement's volatile history and its expansion beginning in the 1980s, insisting that the groups making up this fringe culture were too powerful and too much a

part of American culture to be ignored or dismissed When the book's prescience about the dangers of the racist far right became manifest in the Oklahoma City bombing of 1995 a second edition of *BLOOD IN THE FACE* was released with a new introduction charting the rise of the Militia Movement to which Timothy McVeigh and his co-conspirators were connected Since then both the book and the documentary film that accompanied its release also titled *BLOOD IN THE FACE* have earned cult followings In the past 25 years Ridgeway's final warning that the fringe was becoming part of the fabric of American politics and culture have come to chilling fruition in the rise of the Tea Party the racist backlash against the presidency of Barack Obama the resurgence of anti-immigrant Nativism the growth of racist far right media and the election of Donald Trump with the thunderous support of white nationalists
