General history of the Middle Ages focusing on medieval culture and religion *Der Berg des Schweigens: Begegnung mit einem christlichen Meister* Kyriacos C. Markides, 2020-03-17 Professor Markides lehrt Soziologie an einer amerikanischen Universität als er eines Tages wieder in seine alte Heimat Zypern reist Auf wundersamen Wegen lernt er dort einen Mönch vom heiligen Berg Athos kennen und findet seinen Meister Ein einzigartiges Buch über die außergewöhnliche Begegnung eines intellektuellen Westlers mit einem Mönch der Orthodoxen Kirche der auf dem Pfad des Herzens wandelt Es entfaltet sich ein wahres Feuerwerk des Geistes voller Spiritualität mit wunderbaren Erlebnissen außergewöhnlichen Heilungen mitreißendem Humor und unbeschreiblich tiefer Weisheit und Menschlichkeit Erstmals wird in diesem Dialog zwischen Kyriacos Markides und seinem Meister Vater Maximos das innerste Geheimnis jener einzigartigen mystischen Welt enthüllt die sich auf dem Athos Jahrhunderte lang weitgehend unbelehrt von der Außenwelt entfalten konnte Es drängt sich fast der Vergleich zwischen Tibet und dem Athos auf zwei verborgene Welten die ganz im Einklang mit dem Göttlichen leben So könnte Vater Maximos auch ein erleuchteter tibetischer Lama sein aber er ist ein erleuchteter christlicher Mönch Ein bewegender zutiefst fesselnder Einblick in das innerste Herz des Christentums der so noch nie enthüllt worden ist **Handbook of Medieval Studies** Albrecht Classen, 2010-11-29 This interdisciplinary handbook provides extensive information about research in medieval studies and its most important results over the last decades The handbook is a reference work which enables the readers to quickly and purposely gain insight into the important research discussions and to inform themselves about the current status of research in the field The handbook consists of four parts The first large section offers articles on all of the main disciplines and discussions of the field The second section presents articles on the key concepts of modern medieval studies and the debates therein The third section is a lexicon of the most important text genres of the Middle Ages The fourth section provides an international bibliographical lexicon of the most prominent medievalists in all disciplines A comprehensive bibliography rounds off the compendium The result is a reference work which exhaustively documents the current status of research in medieval studies and brings the disciplines and experts of the field together **The Foundations of Modern Science in the Middle Ages** Edward Grant, 1996-10-28 This 1997 book views the substantive achievements of the Middle Ages as they relate to early modern science **Nach Marx** Rahel Jaeggi, Daniel Loick, 2013-06-17 Indem die kapitalistische Produktionsweise in den letzten Jahren ihre Selbstverständlichkeit eingebüßt hat sind auch der rein individualistische Freiheitsbegriff und mit ihm das gesamte normative Gerüst des Liberalismus in die Krise geraten Die Gesellschaftskritik von Karl Marx stellt nach wie vor attraktive Alternativen bereit Die Beiträge dieses Bandes er

tern systematisch Aktualität Relevanz und Grenzen der Marx'schen Philosophie Sie untersuchen Marx Bedeutung für den philosophischen Zusammenhang von Freiheit und Gemeinschaft und diskutieren politische Konsequenzen hinsichtlich der rechtlichen ideologischen und ökonomischen Analyse und Kritik der Gegenwart Antiquity and the Middle Ages James McKinnon, 1990-12-01 From the series examining the development of music in specific places during particular times this book looks at ancient and medieval music from Classical and Christian antiquity to the emergence of the Gregorian chant and the medieval town and Court **Feudal America** Vladimir Shlapentokh, Joshua Woods, 2011-01-01 Do Americans live in a liberal capitalist society where evenhanded competition rules the day or a society in which big money private security and personal relations determine key social outcomes Vladimir Shlapentokh and Joshua Woods argue that the answer to these questions cannot be found among the conventional models used to describe the nation Offering a new analytical tool the authors present a provocative explanation of the nature of contemporary society by comparing its essential characteristics to those of medieval European societies Their feudal model emphasizes five elements the weakness of the state and its inability to protect its territory guarantee the security of its citizens and enforce laws conflicts and collusions between and within organizations that involve corruption and other forms of illegal or semilegal actions the dominance of personal relations in political and economic life the prevalence of an elitist ideology and the use of private agents and organizations for the provision of safety and security Feudal America urges readers to suspend their forward thinking and futurist orientations question linear notions of social and historical progression and look for explanations of contemporary social problems in medieval European history **The Mountain of Silence** Kyriacos C. Markides, 2002-03-12 An acclaimed expert in Christian mysticism travels to monasteries high in the Troodos Mountains of Cyprus and offers a fascinating look at the Greek Orthodox approach to spirituality that will appeal to modern seekers In an engaging combination of dialogues reflections conversations history and travel information Kyriacos C Markides continues the exploration of a spiritual tradition and practice he began in *Riding with the Lion* His earlier book took readers to the isolated peninsula of Mount Athos in northern Greece and into a group of ancient monasteries There in what might be called a Christian Tibet two thousand monks and hermits practice the spiritual arts to attain oneness with God In his new book Markides follows Father Maximos one of Mount Athos's monks to the troubled island of Cyprus As Father Maximos establishes churches convents and monasteries in this deeply divided land Markides is awakened anew to the magnificent spirituality of the Greek Orthodox Church Images of the land and the people of Cyprus and details of its tragic history enrich *The Mountain of Silence* Like the writings of the great mystics the book brilliantly evokes the confluence of an inner and outer journey The depth and richness of its spiritual message echo the thoughts and writings of Saint Francis of Assisi and other great saints of the Western Church as well The result is a remarkable work a moving profoundly human examination of the role and the power of spirituality in a complex and confusing world Encyclopedia of Women in the Middle Ages Jennifer Lawler, 2018-01-16 Most people have heard of

constructed or defined it as deviant The book takes us over vast terrains of example and detail in the history of homosexuality
Nicholas B Dirks New York Times Book Review *The Viking Age* Angus A. Somerville,R. Andrew McDonald,2025-02-28 The fourth edition of *The Viking Age* provides an extensive deep dive into the world of the Vikings spanning from the eighth and ninth centuries to the present while also featuring key scholarly interpretations from the late twentieth and early twenty first centuries Building on the structure and content of previous editions nearly every chapter has been reworked and expanded with the addition of an entirely new chapter on commerce and trade This edition broadens the range of materials while preserving the innovations of earlier editions and advancing them in new directions In *The Viking Age* readers are submerged in a comprehensive exploration of the Viking era covering essential topics such as the role of women in Viking society the significance of slavery in the Viking economy commerce and trade the use of Arabic sources Viking religion fertility gods guardian spirits the exploits of the Norse kings of Man and the Isles the importance of Scandinavian and maritime law the enduring legacy of the Vikings and more This extensively revised edition ultimately brings the Vikings and their world to life for twenty first century students and instructors *Hayden White* Herman Paul,2011-08-08 This new book offers a clear and accessible exposition of Hayden White s thought In an engaging and wide ranging analysis Herman Paul discusses White s core ideas and traces the development of these ideas from the mid 1950s to the present Starting with White s medievalist research and youthful fascination for French existentialism Paul shows how White became increasingly convinced that historical writing is a moral activity He goes on to argue that the critical concepts that have secured White s fame trope plot discourse figural realism all stem from his desire to explicate the moral claims and perceptions underlying historical writing White emerges as a passionate thinker a restless rebel against scientism and a defender of existentialist humanist values This innovative introduction will appeal to students and scholars across the humanities and help develop a critical understanding of an increasingly important thinker **The Coming of Neo-Feudalism** Joel Kotkin,2023-01-10 Following a remarkable epoch of greater dispersion of wealth and opportunity we are inexorably returning towards a more feudal era marked by greater concentration of wealth and property reduced upward mobility demographic stagnation and increased dogmatism If the last seventy years saw a massive expansion of the middle class not only in America but in much of the developed world today that class is declining and a new more hierarchical society is emerging The new class structure resembles that of Medieval times At the apex of the new order are two classes a reborn clerical elite the clerisy which dominates the upper part of the professional ranks universities media and culture and a new aristocracy led by tech oligarchs with unprecedented wealth and growing control of information These two classes correspond to the old French First and Second Estates Below these two classes lies what was once called the Third Estate This includes the yeomanry which is made up largely of small businesspeople minor property owners skilled workers and private sector oriented professionals Ascendant for much of modern history this class is in decline while those below them the new Serfs grow in numbers a vast

expanding property less population The trends are mounting but we can still reverse them if people understand what is actually occurring and have the capability to oppose them The Juggler of Notre Dame and the Medievalizing of Modernity
Jan M. Ziolkowski, 2018-12-12 This ambitious and vivid study in six volumes explores the journey of a single electrifying story from its first incarnation in a medieval French poem through its prolific rebirth in the nineteenth and twentieth centuries The Juggler of Notre Dame tells how an entertainer abandons the world to join a monastery but is suspected of blasphemy after dancing his devotion before a statue of the Madonna in the crypt he is saved when the statue delighted by his skill miraculously comes to life Jan Ziolkowski tracks the poem from its medieval roots to its rediscovery in late nineteenth century Paris before its translation into English in Britain and the United States The visual influence of the tale on Gothic revivalism and vice versa in America is carefully documented with lavish and inventive illustrations and Ziolkowski concludes with an examination of the explosion of interest in The Juggler of Notre Dame in the twentieth century and its place in mass culture today In this concluding volume Ziolkowski explores the popularity of The Juggler of Notre Dame from the 1930s through the Second World War especially in the Allied Resistance Its popularity in the United States was subsequently maintained by figures as diverse as Tony Curtis and W H Auden and although recently the story and medievalism have lost ground the future of both holds promise Presented with great clarity and simplicity Ziolkowski s work is accessible to the general reader while its many new discoveries will be valuable to academics in such fields and disciplines as medieval studies medievalism philology literary history art history folklore performance studies and reception studies
