Creolizing Europe Encarnación Gutiérrez Rodríguez, Shirley Anne Tate, 2015 An Open Access edition of this book is available on the Liverpool University Press website and the OAPEN library Creolizing Europe critically interrogates creolization as the decolonial rhizomatic thinking necessary for understanding the cultural and social transformations set in motion through trans national dislocations Exploring the usefulness transferability and limitations of creolization for thinking post coloniality raciality and othering not only as historical legacies but as immanent to and constitutive of European societies this volume develops an interdisciplinary dialogue between the social sciences and the humanities It juxtaposes US UK debates on hybridity mixed race and the Black Atlantic with Caribbean and Latin American theorizations of cultural mixing in order to engage with Europe as a permanent scene of douard Glissant s creolization Further through a comparative methodological angle the focus on Europe is broadened in order to understand the role of Europe s colonial past in the shaping of its post migrant and diasporic present Europe thus becomes an expanded and contested term unthinkable without reference to its historical legacies and possible futures While not all the contributions in this volume explicitly address Edouard Glissant s approach to creolization they all engage with aspects of his thinking All of the chapters explore the usefulness transferability and limitations of creolization to the European context As such this edited collection offers a significant contribution and intervention in the fields of European Studies Postcolonial Studies and Cultural Studies on two levels First by emphasizing that race and cultural mixing are central to any thinking about and theorization on of Europe and second by applying Glissant s perspective to a variety of empirical work on diasporic spaces conviviality citizenship aesthetics race racism sexuality gender cultural representation and memory South of the Color Barrier John Virtue, 2007-10-24 This book tells the story of how Mexican multimillionaire businessman Jorge Pasquel and the Mexican League hastened the integration of major league baseball During the decade that preceded Jackie Robinson s breaking of the color barrier almost 150 players from the Negro League played in Mexico most of them recruited by Pasquel Redrawing The Nation H.
