PRICING PROBLEMS

These items are price-marked. Write very carefully in your box and write the correct price on the tag below each item.

No, no, no! This is all wrong! That beach ball should be \$4.99 less than the beach chair, which is supposed to be \$650 cheaper than what is marked. The purse is priced way too high! It is only double the price of the beach chair's sale price. Hurry and fix the tags before any customers come in!
