Mental Health Tips How To Tutorial:

A Mental Health Provider's Guide to Telehealth Jonathan G. Perle, 2021-03-31 This book works as a guide to videoconferencing practice for psychological providers through a broad simplified and practical overview of pertinent factors. It is a consolidation of research literature and professional experiences of practicing teaching and studying videoconferencing. It begins by defining key concepts such as telehealth, telepsychology, and other related terminology and examining the role of telehealth in addressing ongoing mental health disparities. An overview of existing videoconferencing practices, guidebooks, and general recommendations, as well as specifics of ethical and legal factors, are discussed. The book then details numerous essential factors of videoconferencing practice that are directly applicable to psychological care, including considerations of computer system, video camera, display screen, microphone, videoconferencing platform, bandwidth, and latency, and room setup, along with self-care practices. The appendices provide readers with links to resources, checklists, and other documents to guide their practice. Psychologists, counselors, and other mental health providers will find this user-friendly, research-informed guide indispensable when implementing online treatment and teletherapy. Jimena Aguilar, Federico Alvarez Igarzábal, Michael S. Debus, Curtis L. Maughan, Su-Jin Song, Miruna Vozaaru, Felix Zimmermann, 2022-10-11 Gaming has never been disconnected from reality. When we engage with ever more lavish virtual worlds, something happens to us. The game imposes itself on us and influences how we feel about it, the world, and ourselves. How do games accomplish this, and to what end? The contributors explore the video game as an atmospheric medium of hitherto unimagined potential. Is the medium too powerful, too influential? A danger to our mental health, or an ally, through even the darkest of times? This volume compiles papers from the Young Academics Workshop at the Clash of Realities conferences of 2019 and 2020 to provide answers to these questions. **The BERA Guide to Mental Health and Wellbeing in Schools**
