Administration E-Book Brenda A. Potter, 2013-12-15 To succeed in today's medical front office you need a resource that will help you learn not only the principles of medical office administration but also how to apply your factual knowledge to the many complex scenarios that may arise in the medical office environment. Reflecting Brenda Potter's first-hand experience as an active instructor, *Medical Office Administration A Worktext 3rd Edition* combines instruction and application to help you develop the knowledge and skills you need to think critically and respond confidently to the challenges you'll encounter on the job. It includes procedures to be used with Medisoft Version 18 which allows you to practice the day-to-day activities as if you were in an actual office setting. An optional upgrade package is available which includes a Medisoft Version 18 Demo CD. ISBN 9780323279789. Engaging worktext format makes it easier to apply what you've learned to the real world, breaking up the content into manageable segments and providing case studies, critical thinking exercises, role playing exercises, and collaborative learning activities. Real-world examples apply important concepts to the medical office setting. A conversational writing style makes it easier to read and understand the material. HIPAA Hints ensure that you comply with HIPAA mandates. UNIQUE The Diverse Community of Patients chapter addresses the important issue of cultural diversity. Procedure boxes offer step-by-step instructions on how to perform specific administrative tasks. Procedure checklists spell out the individual steps required to complete a full range of administrative procedures and are based on CAAHEP competencies. Learning objectives show the key points that you are expected to learn in each chapter. NEW Medisoft v18 software allows you to practice common administrative tasks with real-world office management software. Medisoft sold separately. NEW Coverage of ICD 10 coding prepares you for the October 2014 transition to ICD 10. UPDATED EHR coverage applies administrative concepts and procedures to their use within the Electronic Health Record. NEW electronic procedure checklists on the Evolve companion website measure how well you have mastered procedures.

Introduction to Health Care Management Buchbinder, Nancy H. Shanks, 2016-03-28 This concise reader-friendly introductory healthcare management text covers a wide variety of healthcare settings from hospitals to nursing homes and clinics. The Health Services Executive (HSE) Keith R. Knapp, Douglas M. Olson, 2020-10-28 Note to Readers: Publisher does not guarantee quality or access to any included digital components if book is purchased through a third-party seller. *The Health Services Executive HSETM Tools for Leading Long Term Care and Senior Living Organizations* serves as a contemporary and comprehensive resource that addresses each of the core professional domains of practice and leadership essentials for long-term care administration students and professionals. With sections dedicated to postacute care settings, operations, leadership, and management, this textbook covers information pertinent to the spectrum of senior living service lines from inpatient rehab facilities, long-term acute care hospitals, nursing homes, assisted living, and residential care communities to home and community-based services.

It is a practical reference for both undergraduate and graduate students preparing to enter the field of long term care administration and leadership as well as for professionals transitioning to another line of postacute service. The textbook begins with a thorough history of the field including the development of senior services in the United States. Section I then describes the components of customer care supports and services before transitioning into Section II which addresses operations including the core practice domains of effectively managing human resources, finances and the environment. Section III offers a framework for leadership covering strategic thinking and innovation, marketing and public relations, critical thinking and operation practice, customer service and personal development. Case problems, discussion questions, leadership roles, high impact practices, key points and National Association of Long Term Care Administrator Boards (NAB) domain competencies conclude each chapter. Written by two highly experienced long term care administrators, this textbook is intended for those preparing for the examinations administered by the NAB for the HSETM qualification or licensure for individual lines of service such as for Nursing Home Administration (NHA), Residential Care and Assisted Living (RC/AL) and Home and Community Based Services (HCBS) Key Features: Provides best practices for leadership and management across the continuum of long term care and senior living services. Covers all five NAB professional practice domains: Customer Care, Supports and Services, Human Resources, Finance, Environment and Leadership and Management. Includes case problems, discussion questions and more to foster critical thinking and decision making skills. Offers coverage of the most unique differences among service lines that are part of the HSETM initiative. Weaves insightful quotes from industry leaders throughout chapters for practical tips and words of wisdom.
