Here are some ways to remove wrinkles from clothes without an iron:

Dryer

Throw a damp towel or some ice cubes in the dryer with your clothes and run it on high for 15-20 minutes. The steam will help smooth out the wrinkles.

Hair dryer

Lay the clothing on a flat surface and blast it with hot air from a dryer held a couple inches above the fabric.

Shower

Hang your clothes in the bathroom while you take a long, hot shower. The steam will help smooth out the wrinkles.

Damp towel

Flatten the clothing on a surface and then press a damp towel into it. Hang the item up to dry.

Wrinkle release spray

Spray the clothing, shake it out, and then flatten it with your hands. Hang the item to dry.

Security and Risk Analysis for Intelligent Cloud Computing Ajay Kumar,Sangeeta Rani,Sarita Rathee,Surbhi Bhatia,2023-12-19 This edited book is a compilation of scholarly articles on the latest developments in the field of AI Blockchain and ML DL in cloud security This book is designed for security and risk assessment professionals and to help undergraduate postgraduate students research scholars academicians and technology professionals who are interested in learning practical approaches to cloud security It covers practical strategies for assessing the security and privacy of cloud infrastructure and applications and shows how to make cloud infrastructure secure to combat threats and attacks and prevent data breaches The chapters are designed with a granular framework starting with the security concepts followed by hands on assessment techniques based on real world studies Readers will gain detailed information on cloud computing security that until now has been difficult to access This book Covers topics such as AI Blockchain and ML DL in cloud security Presents several case studies revealing how threat actors abuse and exploit cloud environments to spread threats Explains the privacy aspects you need to consider in the cloud including how they compare with aspects considered in traditional computing models Examines security delivered as a service a different facet of cloud security *Modeling, Simulation, and Control of AI Robotics and Autonomous Systems* Choudhury, Tanupriya,Mary X., Anitha,Chowdhury, Subrata,Karthik, C.,Evangeline, C. Suganthi,2024-05-23 The chasm between the physical capabilities of Intelligent Robotics and Autonomous Systems IRAS and their cognitive potential presents a formidable challenge While these machines exhibit astonishing strength precision and speed their intelligence and adaptability lag far behind This inherent limitation obstructs the realization of autonomous systems that could reshape industries from self driving vehicles to industrial automation The solution to this dilemma is unveiled within the pages of *Modeling Simulation and Control of AI Robotics and Autonomous Systems* Find within the pages of this book answers for the cognitive deficit within IRAS While these systems boast remarkable physical capabilities their potential for intelligent decision making and adaptation remains stunted thereby bringing innovation to a halt Solving this issue would mean the re acceleration of multiple industries that could utilize automation to prevent humans from needing to do work that is dangerous and could revolutionize transportation and more

The Current ,1885 AI Impacts on Branded Entertainment and Advertising Miguélez-Juan,

Blanca,Rebollo-Bueno, Sara,2025-05-01 Connecting with the public especially the younger generations is challenging for brands and agencies unless they leverage new communication technologies to create engagement and foster more critical and active audiences Consumers often overwhelmed by messages and products no longer need to avoid intrusive advertising Instead in this new advertising paradigm they seek out brands and their advertisements to form a positive emotional connection This intimate bond benefits both the brand and the consumer acting as a loudspeaker for the brand s values and message In this context creativity and professional creatives are reaffirmed as the key differentiators for modern advertising agencies These agencies need well trained professionals who are not afraid to use new communication methods including entertainment and emerging technologies like AI which despite being unregulated are here to stay AI Impacts on Branded Entertainment and Advertising explores the scientific foundations on the use of AI and branded content understanding it as an essential tandem for the understanding of the advertising and social reality Covering topics such as non conventional media influencer marketing and avatar this book is an excellent resource for marketing directors brand creators communication professionals computer developers corporate professionals researchers scholars professionals academicians and more

The China Review, Or, Notes and Queries on the Far East ,1899 Building the New Economy Alex Pentland,Alexander Lipton,Thomas Hardjono,2021-10-12 How to empower people and communities with user centric data ownership transparent and accountable algorithms and secure digital transaction systems Data is now central to the economy government and health systems so why are data and the AI systems that interpret the data in the hands of so few people Building the New Economy calls for us to reinvent the ways that data and artificial intelligence are used in civic and government systems Arguing that we need to think about data as a new type of capital the authors show that the use of data trusts and distributed ledgers can empower people and communities with user centric data ownership transparent and accountable algorithms machine learning fairness principles and methodologies and secure digital transaction systems It s well known that social media generate disinformation and that mobile phone tracking apps threaten privacy But these same technologies may also enable the creation of more agile systems in which power and decision making are distributed among stakeholders rather than concentrated in a few hands Offering both big ideas and detailed blueprints the authors describe such key building blocks as data cooperatives tokenized funding mechanisms and tradecoin architecture They also discuss technical issues including how to build an ecosystem of trusted data the implementation of digital currencies and interoperability and consider the evolution of computational law systems *Printers' Ink; the ... Magazine of Advertising, Management and Sales ,1899*
