Thomas,2017-02-18 When seventeen year old Mark Potts fell from a balcony he lost both the use of his legs and any faith in heroes Now twenty nine he s long since come to terms with his injury His job provides more opportunities for eye rolling than for riding to anybody s rescue but with two kids to bring up he barely has time for his husband much less for heroics Besides Starr Bradford is a policeman how many heroes does one family need Mark and Starr love each other madly but stress management is a load bearing pillar of their happiness When Mark s coping skills fail him at exactly the wrong moment he s left hanging by a thread of words he should ve kept in his mouth He has the power to repair their relationship but when Starr s workday suddenly goes south will he get to wield it Keeping it together long enough to find out is a job worthy of any superhero *Broken Bat Single* James Thibodeau,2021-09-03 Broken Bat Single By James Thibodeau This daily journal tells

the story of Dave Nichols a veteran minor league catcher who finally earns a job in the major leagues when he makes the 1993 National League expansion team in Colorado at an age when most playing careers are ending In a season full of losses unexpected gains are made through his chronicling of its highs and lows however Nichols discovery of his talent for writing and the healing effect his son s birth has on his troubled marriage make the season memorable for him even if play on the field is often forgettable The book s central message is one of gain arising from loss which ought to be universally relevant We all lose more often than we care to but some of our greatest gains could not have come about without losses The unique feature of Broken Bat Single is the combination of the historical events of the actual games of the 1993 National League season and the narrator s fictional team Author James Thibodeau simply hopes readers take pleasure from his words whether baseball fans or not **Iron Dads** Diana Tracy Cohen,2016-05-04 Among the most difficult athletic events a person can

attempt the iron distance triathlon a 140 6 mile competition requires an intense prerace training program This preparation can be as much as twenty hours per week for a full year leading up to a race In Iron Dads Diana Tracy Cohen focuses on the pressures this extensive preparation can place on families exploring the ways in which men with full time jobs one or more children and other responsibilities fit this level of training into their lives An accomplished triathlete as well as a trained social scientist Cohen offers much insight into the effects of endurance sport training on family parenting and the sense of self She conducted in depth interviews with forty seven iron distance competitors and three prominent men in the race industry and analyzed triathlon blog postings made by Iron Dads What sacrifices Cohen asks are required both at home and at work to cross the iron distance finish line What happens when work family and sport collide Is it possible for fathers to meet their own parenting expectations while pursuing such a time consuming regimen With the tensions of family economics how do you justify spending 5 000 on a racing bike At what point does sport become work Cohen discovered that by fostering family involvement in this all consuming effort Iron Dads are able to maintain a sense of themselves not only as strong

masculine competitors but also as engaged fathers Engagingly written and well researched Iron Dads provides a penetrating firsthand look at extreme endurance sports including practical advice for aspiring racers and suggestions for making triathlons more family friendly
