Social TV Cory Barker, 2022-06-27 Winner of the 2023 SCMS Media Industries Scholarly Interest Group Outstanding Book Award sponsored by the Center for Entertainment Media Industries On March 15 2011 Donald Trump changed television forever The Comedy Central Roast of Trump was the first major live broadcast to place a hashtag in the corner of the screen to encourage real time reactions on Twitter generating more than 25 000 tweets and making the broadcast the most watched Roast in Comedy Central history The trumproast initiative personified the media and tech industries utopian vision for a multi screen and communal live TV experience In Social TV Multi Screen Content and Ephemeral Culture author Cory Barker reveals how the US television industry promised but failed to deliver a social media revolution in the 2010s to combat the imminent threat of on demand streaming video Barker examines the rise and fall of Social TV across press coverage corporate documents and an array of digital ephemera He demonstrates that despite the talk of disruption the movement merely aimed to exploit social media to reinforce the value of live TV in the modern attention economy Case studies from broadcast networks to tech start ups uncover a persistent focus on community that aimed to monetize consumer behavior in a transitional industry period To trace these unfulfilled promises and flopped ideas Barker draws upon a unique mix of personal Social TV experiences and curated archives of material that were intentionally marginalized amid pivots to the next big thing Yet in placing this now forgotten material in recent historical context Social TV shows how the era altered how the industry pursues audiences Multi screen campaigns have shifted away from a focus on live TV and toward all day content streams The legacy of Social TV then is the further embedding of media and promotional material onto every screen and into every moment of life

Online TV Catherine Johnson, 2019-01-04 With growth in access to high speed broadband and 4G and increased ownership of smartphones tablets and internet connected television sets the internet has simultaneously begun to compete with and transform television Online TV argues that these changes create the conditions for an emergent internet era that challenges the language and concepts that we have to talk about television as a medium In a wide ranging analysis Catherine Johnson sets out a series of conceptual frameworks designed to provide a clearer language with which to analyse the changes to television in the internet era and to bring into focus the power dynamics of the online TV industry From providing definitions of online TV and the online TV industry to examining the ways in which technology rights interfaces and algorithms are used to control and constrain access to audiovisual content Online TV is a timely intervention into debates about contemporary internet and television cultures A must read for any students scholars and practitioners who want to understand and analyse the ways in which television is intertwining with and being transformed by the internet
