

Service Schematics

Introduction

1999

This document is intended for use by authorized service centers only.

"Service Information" was created with focus on customer care. The purpose of this document is to provide further technical repair information for NADA mobile phones on used by service centers. It contains additional information such as e.g. "Component Order", "Frequency Band List" or "Antenna Smith Chart". The "Signal strength" page gives a good and fast overview about the most important ports and voltages on board.

All measurements were on 20-yr-old females.
