Point of View Leslie Watts, 2020-11-09 Finding the right point of view is one of the most important and least understood challenges writers face Point of view extends far beyond the choice of first second or third person POV determines all that a reader knows about the world inside a story Is the murder told from the criminal's the detective's or the victim's vantage point An awful lot rides on that decision In short a story's point of view guides the characters message and events that matter In Point of View Why Narrative Perspective Can Make or Break Your Story Story Grid Publishing Editor in Chief Leslie Watts provides examples from dozens of masterworks to help writers understand telling and showing points of view and narrative devices Does a telling narrator live inside or outside the story Is the focus of a showing POV external or internal Every choice has an impact Watts offers a revolutionary approach to point of view demonstrating how deep study of narrative perspective can empower and uplift storytellers themselves When writers truly master point of view they can share the messages they want to share and bring their stories to life
