(*Not that You Asked*) Steve Almond, 2007-09-11 How does Steve Almond get himself into so much trouble Could it be his incessant moralizing His generally poor posture The fact that he was raised by a pack of wolves Frankly we haven't got a clue What we do know is that Almond has a knack for converting his dustups into essays that are both funny and furious In *Not that You Asked* he squares off against Sean Hannity on national TV nearly gets arrested for stealing Sta Hard gel from his local pharmacy and winds up in Boston where he quickly enrages the entire population of the Red Sox Nation Almond is as they say in Yiddish a tumbler Almond on personal grooming Why exactly did I feel it would be sexy and hot to have my girlfriend wax my chest I can offer no good answer to this question today I could offer no good answer at the time On sports To be a fan is to live in a condition of willed helplessness We are for the most part men who sit around and watch other men run and leap and sweat and grapple each other It is a deeply homoerotic pattern of conduct often interracial in nature and essentially humiliating On popular culture I have never actually owned a TV a fact I mention whenever possible in the hopes that it will make me seem noble and possibly lead to oral sex On his literary hero Kurt Vonnegut His books perform the greatest feat of alchemy known to man the conversion of grief into laughter by means of courageous imagination On religion Every year when Chanukah season rolled around my brothers and I would make the suburban pilgrimage to the home of our grandparents where we would ring in the holiday with a big juicy Chanukah ham The essays in *Not that You Asked* will make you laugh out loud or maybe just as likely hurl the book across the room Either way you'll find Steve Almond savagely entertaining *Not that you asked* A pop culture saturated intellectual a kindly grouch vitriolic Boston Red Sox hater neurotic new father and Kurt Vonnegut fanatic Almond scores big in every chapter of this must have collection Biting humor honesty smarts and heart Vonnegut himself would have been proud Kirkus Reviews starred review *Going Places* Robert Burgin, 2013-01-08 Successfully navigate the rich world of travel narratives and identify fiction and nonfiction read alike with this detailed and expertly constructed guide Just as savvy travelers make use of guidebooks to help navigate the hundreds of countries around the globe smart librarians need a guidebook that makes sense of the world of travel narratives *Going Places* A Reader's Guide to Travel Narratives meets that demand helping librarians assist patrons in finding the nonfiction books that most interest them It will also serve to help users better understand the genre and their own reading interests The book examines the subgenres of the travel narrative genre in its seven chapters categorizing and describing approximately 600 titles according to genres and broad reading interests and identifying hundreds of other fiction and nonfiction titles as read alike and related reads by shared key topics The author has also identified award winning titles and spotlighted further resources on travel lit making this work an ideal guide for readers advisors as well a book general readers will enjoy browsing *Rock and Roll Will Save Your Life* Steve Almond, 2010-04-13 Drooling fanatic n 1 One who drools in the presence of beloved rock stars 2 Any of a genus of rock and roll wannabes geeks who walk around with songs

*Music and/as Process* Vanessa Hawes,Lauren Redhead,2016-08-17 Music and as Process brings together ideas about music and the notion of process from different sub fields within musicology and from related fields in the creative arts as a whole These can be loosely categorised into three broad areas composition performance and analysis but work in all three of these groups in the volume overlaps into the others covers a broad range of other musicological sub fields and draws inspiration from non musicological fields Music and as Process comprises chapters written by a mix of scholars some are leaders in their field and some are newer researchers but all share an innovative and forward thinking attitude to music research often not well represented within traditional musicology Much of the work

represented here started as papers or discussions at one of the Royal Musical Association RMA Music and as Process Study Group Annual Conferences The first section of the book deals with the analysis of performance and the performance of analysis The historical nature of music and the recognition of pieces as musical works in the traditional sense is questioned by the authors and is a factor in the analyses which address processes in composing performing and listening and the links between these in three very different but interlinking ways These three approaches posit new directions and territory for musical analysis The second section builds on the first framing performance and as process from the individual perspectives of the authors and their experiences as practitioners Music by Berio de Falla music by the authors and their collaborators and music composed for the authors are explored through looking at processes of interpretation and risk processes which further undermine the ontology of the musical work as traditionally understood and bring the practitioner as active agent to the foreground of an examination of musical discourse The third section encounters and questions the musical work at its inception exploring composition and as process through its encounters with performance analysis collaboration improvisation translation experimentation and cross disciplinarity Through explorations of new music the way in which practitioners relate to music frame a personal and reflective account of the creative process finally looking beyond music to musicology
