Fundamentals Marjolein Visser, Mike Berry, 2025-02-04 Digital Marketing Fundamentals covers the entire marketing process. The academic theory behind Digital Marketing as well as techniques and media are discussed. Digital Marketing Fundamentals is easy to read and contains many international examples and cases. The Dutch version of this book, *Basisboek Online Marketing*, has become a standard issue in The Netherlands. In this book, all relevant aspects of Digital Marketing are addressed: digital transformation strategy and business models, online customer behaviour and learning to understand the customer, online branding, customer acquisition and customer engagement, facilitating online purchases and setting up digital services. The book addresses step by step the role of Digital Marketing in each phase of the customer cycle: from the inspiration phase and research phase to the maintenance and replacement phase. Designing effective websites and apps, digital analytics and experimentation and planning and organization are also discussed. The book gives the reader an integrated basis with which they can respond to new trends and techniques in the future. Digital Marketing Fundamentals is suitable for commercial and management courses in Higher Education including Universities and Business Schools and also for professionals working in Digital Marketing.

*Proceedings of the International Conference on Vocational Education Applied Science and Technology (ICVEAST 2023)* Debrina Vita Ferezagia, Karin Amelia Safitri, Nailul Mona, Badra Al Aufa, 2023-10-30 This is an open access book. International Conference on Vocational Education Applied Science and Technology (ICVEAST) formerly known as International Conference on Vocation for Higher Education (ICVHE) is an annual event organized by the Vocational Education Program Universitas Indonesia that aims to encourage innovative applied research in vocational higher education. In 2022 we rebranded the conference to focus on being an international forum where scholars and practitioners share their ideas on vocational education especially within applied science and technology. The rebranding from ICVHE to ICVEAST marks our fifth conference. This year we present our sixth conference with the theme VOCATIONAL 5.0: Virtuosity, Collaboration for Sustainability Development and Innovative Technologies. Goals 5.0: Collaboration for sustainability development is a crucial part of achieving a sustainable future. It involves working with stakeholders such as governments, businesses, non-governmental organizations and communities to develop and implement sustainable solutions. These stakeholders can pool their resources, knowledge and expertise by working together to create innovative solutions that benefit the environment and society. The collaboration also helps ensure that all stakeholders are on the same page regarding sustainability goals and objectives. By building relationships and trust between stakeholders, collaboration can help to create a more sustainable future. Innovative Technology Goal 5.0 focuses on using technology to improve access to education and foster a culture of innovation and creativity. It seeks to create a more equitable and inclusive learning environment by providing access to digital tools and resources for all students regardless of background or ability. It also seeks to promote technology to support the development of 21st century skills such as critical thinking, problem solving and collaboration. Finally, it aims to ensure that technology is used to support the development of a safe and secure learning

environment while encouraging responsible and ethical use VOCATIONAL 5 0 is a collaborative effort to promote sustainable development and innovative technology goals It is designed to bring together experts from various fields including business education government and the non profit sector to identify and develop innovative solutions to global challenges Through the use of data driven decision making and the application of new technologies VOCATIONAL 5 0 seeks to create a more sustainable and equitable world The initiative also aims to foster collaboration between stakeholders create a platform for knowledge sharing and promote the use of technology to drive social economic and environmental progress By leveraging the collective expertise of its members VOCATIONAL 5 0 is committed to achieving its sustainable development and innovative technology goals This ICVEAST aims to be a respected international forum to discuss the recent improvement and challenges in Vocational Education nowadays and in the future from the research insight mainly applied research in the field of administration and business health science social humanities and engineering The event will gather representatives from different countries diverse areas of knowledge and lots of education research public institutions and organizations The conference is devised as a space to exchange ideas and discuss the challenges that education and manufacturing face in preparing human capabilities to shift into the current trend of automation and the role of advanced technologies in those challenges We intend to have an interactive conference through these three different sessions business talks keynote and parallel presentation sessions

**Remediating Sound** Holly Rogers, Joana Freitas, João Francisco Porfírio, 2023-09-07 *Remediating Sound* studies the phenomena of remixing, mashup, and recomposition forms of reuse and sampling that have come to characterise much of YouTube's audiovisual content. Through collaborative composition, collage, and cover songs to reaction videos and political activism, users from diverse backgrounds have embraced the democratised space of YouTube to open up new and innovative forms of sonic creativity and push the boundaries of audiovisual possibilities. Observing the reciprocal flow of influence that runs between various online platforms, 12 chapters position YouTube as a central hub for the exploration of digital sound, music, and the moving image. With special focus on aspects of networked creativity that remain overlooked in contemporary scholarship, including library music, memetic media, artificial intelligence, the sonic arts, and music fandom, this volume offers interdisciplinary insight into contemporary audiovisual culture.

**Digital Cultures** Smeeta Mishra, 2021-02-15 The book explores contemporary selfie-taking practices, digital experiences of love, romance, and infidelity, sexting rituals, self-tracking habits, strategies used by the Internet famous, and the power of hashtag campaigns and memes in espousing a cause. Rejecting binary narratives on digital cultures, it showcases the fascinating ways in which we use our digital devices, social media platforms, and apps by drawing upon academic research, everyday observations, and a determination to challenge assumptions and hasty generalizations. It also engages with emerging narratives on online authenticity, privacy, digital detox, and the digital divide, prevalent both in India and abroad.
