Summer To Summer Movie Reviews Clay Scott Brown, 2021-11-04 With this year's Third Edition of my Movie Review book Summer To Summer I have begun to explore the Auteur in film

Media Libraries in an Age of Unending Consumption Mike Van Esler, 2023-10-24 As the home video market upended traditional film industry models media libraries emerged as important sources of ancillary revenue The inflection point for media library exploitation came in 2007 when Netflix launched its streaming service relying on extensive licensing of film and television libraries to grow its subscriber base In this book Mike Van Esler examines how media libraries and business models have evolved since the home video era with particular emphasis placed on the streaming age of the past fifteen years Van Esler argues that media libraries have grown beyond their usages from the pre home video era to become central to today's corporate media strategy By studying the ways in which media library exploitation has scaled up since the turn of the new millennium the author identifies insights into larger media industry trends Ultimately this book explores the intersection of corporate media independent distributors private equity tech companies and audiences Scholars of media studies business and sociology will find this book of particular interest

Cloverfield Steffen Hantke, 2023-08-16 Upon its release in 2008 Matt Reeves's Cloverfield revitalized the giant creature a cinematic trope that had languished for over a

decade The film addressed the attacks of September 11 2001 trading the jingoistic rhetoric of retributive military aggression for serious engagement with personal and collective trauma It applied the horror genre's fascination with personal stories captured by found footage to the grand violence of history Innovative and intense Cloverfield represented blockbuster filmmaking at its best Cloverfield's franchising followed the path of high profile Hollywood properties This volume provides the first comprehensive overview of the franchise measuring how it steers precariously between the commercial potential creative risks and political challenges in Hollywood As 10 Cloverfield Lane 2016 and The Cloverfield Paradox 2018 struggled to sustain and update the franchise's original concept both films strengths and weaknesses come into focus by comparison with the original just as the historical sequence of all three films allows for a reassessment of Cloverfield itself Author Steffen Hantke examines how in the broader context of postmillennial Hollywood the Cloverfield franchise remains both a harbinger of the way Hollywood does business and a test case for the cinematic fantasies of apocalyptic disaster that continue to dominate global box office long after the Cold War that gave rise to giant creatures has ended and 9 11 has lost its hold on the global imagination As an inspiration for the next stage of blockbuster filmmaking in which franchises have replaced the singular cinematic masterpiece and marketing plays to fans as critics and scholars Cloverfield remains as relevant today as when it first unleashed its giant creature onto New York City over a decade ago **Binge TV** Emil Steiner,2023-03-06

For the first 70 years of television broadcasters dictated the terms of the viewing experience deciding not only when but how much of a program an audience could watch Binge watching destroyed that model by placing control of the experience in the hands of the viewer In this book media scholar Emil Steiner chronicles the technological and cultural struggle between broadcasters and viewers which reached a climax in the early 2010s with the emergence of streaming video platforms Through extensive interviews and archival research this groundbreaking project traces the history of binge watching from its idiot box roots to the new normal of Peak TV Along the way Steiner exposes the news campaigns waged by disruptive technology companies that exploited a long simmering revolutionary narrative of viewer empowerment to take over the broadcast industry Binge watching an individual's act of gaining control and losing control through the remote control exposed a debate that had been raging since the first TV set was turned on one that asks Who controls the story

Television Show Trends, 2016-2020 Yvonne D. Leach,Nicholas J. Natalicchio,2023-12-04 What do Euphoria Normal People Atlanta Ramy Vidá I May Destroy You Stranger Things and Lovecraft Country have in common In the 2016 2020 time period they were created these TV shows exemplified one or more of four noteworthy trends authenticity diversity sexual candor and retrospection This is the first book to examine live action fictional television shows produced within a five year period through the lens of the trends that they epitomize For each show the following is discussed the significance of the platform and the format the intentions of the creators and showrunners pertinent background information similar shows and precedents the storytelling approach the cinematic form and finally how the show is emblematic of that particular trend
