War of the Encyclopaedists Christopher Robinson, Gavin Kovite, 2015-05-28 War of the Encyclopaedists is Christopher Robinson and Gavin Kovite's dazzling literary debut. On a summer night in an arty enclave of Seattle, friends Mickey Montauk and Halifax Corderoy throw one last blowout party before their lives part ways. They had planned to move together to Boston, but global events have intervened. Montauk has just learnt that his National Guard unit will deploy to Baghdad at the end of the summer. And Corderoy is faced with a moral dilemma: his girlfriend Mani has just been evicted and he must decide whether or not to abandon her when she needs him most. The year that follows will transform them all. This book has sweep and heart and humour. It captures coming of age during foreign wars and domestic malaise and it does so with electrifying insight. Mary Karr, author of *The Liars Club*. As bizarre, hilarious and devastating as the past decade. Simultaneously a coming of age story, a war story and a story of the disaffected millennial generation for whom the war hardly happened at all. Phil Klay, author of *Redeployment*.

Sugar and Ice Kate Messner, 2010-12-07 All she wanted was to skate, but when her dreams come true, what happens when she's thrown into the cutthroat world of figure skating competition? For Claire Boucher, life is all about skating on the frozen cow pond and in the annual Maple Show, right before the big pancake breakfast on her family's farm. But all that changes when Russian skating coach Andrei Grosheva offers Claire a scholarship to train with the elite in Lake Placid. Tossed into a world of mean girls on ice where competition is everything, Claire realizes that her sweet dream come true has sharper edges than she could have imagined. Can she find the strength to stand up to the people who want to see her fail and the courage to decide which dream she wants to follow? From bestselling author Kate Messner comes a heartfelt novel about the fun and frigid sides of figure skating.

Awakening Sidney Pines, 2025-12-04 In *Awakening: A Patriot's Diary of American Deception*, one woman meticulously documents America's tumultuous journey from 2020 to 2025 through the eyes of a conservative patriot convinced that larger forces are at work behind the scenes. When the 2020 presidential election sends shockwaves through her worldview, Sidney and her friend Ella dive headfirst into a rabbit hole of alternative explanations, conspiracies, and supposed government machinations. This raw, unfiltered chronicle captures the day-by-day experience of those who believed the official story was anything but. From COVID lockdowns and vaccine skepticism to election fraud claims and theories about deep state corruption, as Sidney faithfully records her observations, research, and conversations, readers witness the evolution of a movement and mindset that fundamentally reshapes how millions of Americans understand their country and government. More than just a political diary, this is a psychological portrait of conviction in uncertain times. The narrative weaves together global events, small-town politics, and personal relationships strained by ideological differences. Sidney's ongoing quest for vindication—that moment when everyone will finally see what she sees—drives this compelling account of life inside an alternative information ecosystem. If you enjoyed *American Marxism*, *The Great Reset*, and *Triggered*, you'll love *Awakening*, a frontline dispatch from America's cultural and political divide.
