[month, day, year]

Dear Mr. Johnson,

With over seven years of experience as a videographer, I've managed and executed over 300 video productions for a diverse range of clientele. I pride myself on collaborating effectively with the cast and crew to bring nationally televised commercials to life. I believe my background and expertise within the industry would make me a valuable asset to your team in the senior videographer position.

Accentra Video's reputation for delivering innovative and creative commercials draws me to apply for this position. During my time with Arkline Productions, I made a consistent effort to push boundaries and create commercials inclusive and relatable for a wide range of audiences. I am confident my unique approach to video production would allow me to succeed in this position based on my past achievements:

- Managed over 200 video productions for nationally televised commercials, infomercials, and product testimonials for client accounts, generating over \$500,000 in revenue per year
- Executed all aspects of pre-production and post-production for a commercial to raise awareness for LGBTQ+ activism, created storyboards, and coordinated with creative teams to identify the appropriate tone for sensitive subject matter
- Led a \$200,000 video project to develop a commercial for a new antidepressant product line, which incorporated testimonials from patients on their experience and newfound quality of life

I would like to schedule an interview to discuss further how my expertise in video production can help your company continue to deliver unique and eye-catching commercials. Feel free to contact me via phone or email at your earliest convenience. Thank you for your time and consideration.

Best regards,

John Bergsen

Contending for American Nationhood Benjamin Clark,2024-09-11 Contending for American Nationhood Joseph Story and the Debate Over a Federal Common Law offers a study of one of the early republic's fiercest legal debates one of the Supreme Court's most understudied jurists and constitutional theorists and the enduring tension between two irreconcilable understandings of the American union It explores the conflict between two competing theories of the American union in the early years of the republic the Nationalist Theory which posited that the union was the creation of the national American people and the Compact Theory which portrayed the union as a compact between the peoples of the several states who had each separately decided to join to form the union Benjamin Clark employs this underlying debate as a framework for understanding the debate over federal common law in the late 18th and early 19th centuries The book gives particular attention to the constitutional thought of Supreme Court Justice Joseph Story examining how these two seemingly separate issues the federal common law question and the existence of American nationhood came together in Story's constitutional theory
