America's New Racial Battle Lines Rogers M. Smith,Desmond King,2024-05-02 What is happening to the politics of race in America In America s New Racial Battle Lines Protect versus Repair Rogers Smith and Desmond King argue that the nation has entered a new more severely polarized era of racial policy disputes displacing older debates over color blind versus race targeted measures Drawing on primary sources interviews and studies of federal state and local initiatives linked to global developments the authors map the memberships and the goals of two rival racial policy alliances comprised of grassroots activists NGOs government agencies and wealthy funders on both sides Today s conservatives promise to protect traditionalist Americans against assaults from what they see as a radical American Left Today s progressives seek to repair all American institutions and practices that embody systemic racism Though these sides have some common ground they advance sharply opposed visions of America that threaten to make profound racial policy conflicts sometimes erupting into violence all too pervasive in the nation s present and future

The Future of Money Eswar S. Prasad, 2021-09-28 A cutting edge look at how accelerating financial change from the end of cash to the rise of cryptocurrencies will transform economies for better and worse We think we've seen financial innovation We bank from laptops and buy coffee with the wave of a phone But these are minor miracles compared with the dizzying experiments now underway around the globe as businesses and governments alike embrace the possibilities of new financial technologies As Eswar Prasad explains the world of finance is at the threshold of major disruption that will affect corporations bankers states and indeed all of us The transformation of money will fundamentally rewrite how ordinary people live Above all Prasad foresees the end of physical cash The driving force won't be phones or credit cards but rather central banks spurred by the emergence of cryptocurrencies to develop their own more stable digital currencies Meanwhile cryptocurrencies themselves will evolve unpredictably as global corporations like Facebook and Amazon join the game The changes will be accompanied by snowballing innovations that are reshaping finance and have already begun to revolutionize how we invest trade insure and manage risk Prasad shows how these and other changes will redefine the very concept of money unbundling its traditional functions as a unit of account medium of exchange and store of value The promise lies in greater efficiency and flexibility increased sensitivity to the needs of diverse consumers and improved market access for the unbanked The risk is instability lack of accountability and erosion of privacy A lucid visionary work *The Future of Money* shows how to maximize the best and guard against the worst of what is to come *The Art and Business of Teaching Yoga (revised)* Amy Ippoliti, Taro Smith, 2023-12-05 Originally published in 2016 *The Art and Business of Teaching Yoga* immediately became the essential resource for those looking to start or maintain a successful career in yoga Since then the landscape has changed Online yoga and social media are now a crucial part of most teachers' repertoires Yoga teachers also face broad cultural shifts an evolving environmental crisis and resulting anxiety among students all of which bring fresh challenges to their leadership and teaching abilities This expanded edition will help you plan dynamic classes including engaging digital content build a loyal student base and become more financially stable optimize your own practice maintain a marketing plan and develop a unique brand teach yoga to facilitate ease and inspire creative action in a troubled world *The Metaverse* Matthew Ball, 2024-07-23 From the leading theorist of the Metaverse comes the

eagerly anticipated revised and updated account of the next internet what the Metaverse is what it will take to build it and what it means for all of us A Hudson Booksellers Amazon Guardian Financial Times Economist and ByteDance Toutiao Best Book of the Year In this substantially revised and updated edition of his internationally best selling book pioneering theorist and entrepreneur Matthew Ball goes beyond the hype cycle to present a definitive account of the future of the internet The Metaverse according to Ball s industry shaping definition is a persistent and interconnected network of 3D virtual worlds that will eventually serve as the gateway to most online experiences and underpin much of the physical world As Ball recounts the Metaverse is a thirty year old term and the core ideas and technologies behind it have been in development for nearly a century Only recently however did this fantastical concept begin to leap from the pages of science fiction and depths of national research labs to the forefront of consumer technology industrial engineering healthcare education dating and more From the history of video games and virtual reality to proto metaverses such as Second Life Fortnite and Roblox to Generative AI and the groundbreaking films and television series of the Walt Disney Company Ball points out that the Metaverse is already emerging around us and doesn t require a headset Still there are many breakthroughs required to fully realize the Metaverse and he describes each in approachable but expert detail Ball also lays out how governmental policy the philosophy of Big Tech leaders artificial general intelligence economics and human rights will shape the development of the Metaverse Famous for his ability to bring clarity to complex and misunderstood topics Ball demonstrates that the race to build the Metaverse also known as the spatial or immersive internet is only accelerating The Metaverse will endure as an indispensable guide for enthusiasts tech aficionados and anyone curious about the profound transformations underway in our increasingly interconnected world
