Reddit Deal Tutorial:

You Should Quit Reddit Jacob Desforges, 2023-02-21 In recent years countless books articles and documentaries have addressed the negative effects that social media platforms have wrought on their users and society However these former works are incomplete nearly no attention has been paid to Reddit one of the most popular websites in the world Reddit is certainly unique among social platforms but its potential for addiction and darker side of nefarious activity should absolutely not be understated Additionally nearly no actionable advice has been provided to users of these platforms The audience is told that these websites and apps are harming their mental health wasting their time and that they are addictive which would logically make the task of quitting rather difficult but then provided zero guidance on how to disconnect from them Over 200 000 users gather on Reddit s r NoSurf community to discuss reducing their internet use the forum is filled with reports of people who want to quit Reddit but find themselves psychologically compelled to return to the site over and over For moderate to heavy users of these platforms quitting is clearly not so simple You Should Quit Reddit is a paradigm shift in the genre Jacob Desforges was a Reddit user of over a decade and a self admitted Reddit addict who spent on average around three hours daily on the site Not only is this the first book investigating Reddit s flaws as a platform but it is also written from the perspective of someone who experienced firsthand the struggle that comes with quitting these addictive platforms This book therefore also provides readers with the practical advice tools and techniques needed to shatter the cycle of digital addiction enabling them to quit visiting Reddit and other time wasting websites for good so they can effectively reclaim their time to use in a more intentional manner

industries Lastly based on the current status of cloud computing and related technologies like virtualization the internet of things fog computing big data and analytics cognitive computing and blockchain the authors provide a revealing outlook on the possibilities of future technologies the future of the internet and the potential impacts on business and society

Twitterbots Tony Veale, Mike Cook, 2018-09-11 The world of Twitterbots from botdom s greatest hits to bot construction to the place of the bot in the social media universe Twitter offers a unique medium for creativity and curiosity for humans and machines The tweets of Twitterbots autonomous software systems that send messages of their own composition into the Twittersphere mingle with the tweets of human creators the next person to follow you on Twitter or to like your tweets may not a person at all The next generator of content that you follow on Twitter may also be a bot This book examines the world of Twitterbots from botdom s greatest hits to the hows and whys of bot building to the place of bots in the social media landscape In Twitterbots Tony Veale and Mike Cook examine not only the technical challenges of bending the affordances of Twitter to the implementation of your own Twitterbots but also the greater knowledge engineering challenge of building bots that can craft witty provocative and concise outputs of their own Veale and Cook offer a guided tour of some of Twitter s most notable bots from the deadpan big_ben_clock which tweets a series of BONGs every hour to mark the time to the delightful pentametron which finds and pairs tweets that can be read in iambic pentameter to the disaster of Microsoft s TayAndYou which learned conspiracy theories racism and extreme politics from other tweets They explain how to navigate Twitter s software interfaces to program your own Twitterbots in Java keeping the technical details to a minimum and focusing on the creative implications of bots and their generative worlds Every Twitterbot they argue is a thought experiment given digital form each embodies a hypothesis about the nature of meaning making and creativity that encourages its followers to become willing test subjects and eager consumers of automated creation Some bots are as malevolent as their authors Like the bot in this book by Veale Cook that uses your internet connection to look for opportunities to buy plutonium on The Dark Web PROSECCOnetwork If writing is like cooking then this new book about Twitter bots is like Apple Charlotte made with whale blubber instead of butter PROSECCOnetwork These bot critiques generated at <https://cheapbotsdonequick.com> source PROSECCOnetwork

Financing Startups Carlos Lassala, Samuel Ribeiro-Navarrete, 2022-03-17 There is no doubt that the proliferation of entrepreneurial activity is a current trend Start ups enable an effective transformation of knowledge generating high added value to society The objective of this book is to address the financing of the entrepreneurial process as a necessary element to articulate a solid business fabric based on taking advantage of new opportunities The book is structured in two parts The first part takes as a reference the lack of financing in the entrepreneurship process and analyses different sources of financing available to entrepreneurs depending on the phase in which the project is located The second part of the book analyses innovation and its links to the financing of start ups addressing the impact of emerging technologies and fintech services and the support of artificial intelligence Finally the book

concludes with an examination of decentralized finance DeFi as an idea that is changing the financial world giving rise to new financial paradigms

Sport and Video Games Łukasz Muniowski, 2025-02-26 This book explores the complex relationships between sport and video games two of the largest entertainment sectors globally Focusing on those games that depict real life sports and athletic competitions from FIFA Madden and NBA 2K to Football Manager and Tony Hawk s Pro Skater the book examines how sport has influenced gaming and vice versa and how this relationship is likely to develop in the future Arguing that sports games are a unique interface between virtual worlds and our real life social worlds the book examines the concept of simulation how the performance of athletes and teams in the real world influences video games and whether those close links enhance or limit the player s experience It also considers how video games are used by leagues and sports franchises through sponsorship and in game advertisements to reinforce their brands Furthermore it presents a concise history of sports video games and using narrative methods it takes a close look at the importance of storytelling in sports video games not only in the sense of the stories built into the structure of a game but also in the way that fans and media organizations build their own stories in sport in both real and virtual worlds The book also asks how sports video games illuminate our understanding of key social issues including race and gender This is fascinating reading for anybody with an interest in the sociology or culture of sport or video games sport business or the gaming industry

Most Dope Paul Cantor,2022-01-18 The first

biography of rapper Mac Miller the Pittsburgh cult favorite turned rap superstar who touched the lives of millions before tragically passing away at the age of 26 Most Dope works as a reminder of Mac's passion for hip hop and his gifts as a MC But the new book from music journalist Paul Cantor absolutely soars as a cautionary tale about drug addiction Esquire Malcolm James McCormick was born on January 19 1992 He began making music at a young age and by 15 was already releasing mixtapes One of the first true viral superstars his early records earned him a rabid legion of die hard fans as well as a few noteworthy detractors But despite his undeniable success Miller was plagued by struggles with substance abuse and depression which fueled his raw and genre defying music yet ultimately led to his demise Through detailed reporting and interviews with dozens of Miller's confidants Paul Cantor brings you to leafy Pittsburgh seductive Los Angeles and frenzied New York where you will meet Miller's collaborators producers business partners best friends and even his roommates Traveling deep into Miller's inner circle behind the curtain the velvet ropes and studio doors this is the story of a passionate gifted young man who achieved his life's ambition only to be undone by his personal demons Most Dope is part love letter part cautionary tale never shying away from the raw visceral way Mac Miller lived his life **Grace Canceled Dana**

Loesch, 2020-02-25 A society addicted to outrage is in trouble It's a seductive yet toxic drug that kills reason nuance and kindness Dana Loesch has been the target of as much outrage as anyone And as she forthrightly acknowledges here she has dished it out as well As passionately attached to faith and freedom as ever she warns that our addiction to outrage has debased our politics and reduced us to a vicious tribalism The antidote to outrage is grace a generous and forgiving spirit that tolerates those with whom one disagrees and offers redemption to the offender But grace is hard even under the best conditions and leftist rage mobs have stoked the fires of anger so assiduously with help from some of their foes on the right that grace is almost impossible Fortunately as Dana reminds us grace comes from God who specializes in the impossible In Grace Canceled Dana Loesch explains How America got cut up into competing tribes Why a society without grace falls for socialism Why outrage makes us dumb How violence became an acceptable political tactic on the left When anger is called for and when it's just self-indulgence The three golden rules of a happy warrior Make no mistake our freedom our faith our very way of life are under attack The stakes are incredibly high and Dana doesn't pretend they aren't But the social justice warriors are already slaves of outrage and if the rest of us become slaves as well then no one wins **Build Demand Before You Build Products: The Smart Pre-Sale Validation Blueprint** Sybex Books, 2025-06-22 The old way Build it and hope someone buys The smart way Build the demand first Build Demand Before You Build Products is the ultimate blueprint for pre-selling your ideas validating your market and making money before you even create This is not theory it's strategy backed by real results from creators and entrepreneurs who stopped guessing and started selling smart Inside you'll learn how to identify your ideal buyer craft a message that converts instantly and build an offer that people raise their hands for before it even exists No more wasted time building something nobody wants No more quiet launches and crushing disappointments This

book shows you how to sell before you spend saving you money energy and frustration You ll uncover how to create waitlists that generate momentum design simple landing pages that collect payments upfront and build hype the right way without faking urgency or manipulating trust Whether you re launching your first product or validating your tenth this method protects your time and maximizes your results You don t need a big audience You don t need a perfect product You just need a problem worth solving and a system that proves people want the solution Because when you build demand first success becomes predictable not accidental And your next product It won t be a shot in the dark It ll be a guaranteed yes A
